This unit was authored by a team of Colorado educators. The template provided one example of unit design that enabled teacher-authors to organize possible learning experiences, resources, differentiation, and assessments. The unit is intended to support teachers, schools, and districts as they make their own local decisions around the best instructional plans and practices for all students.

### Generalizations

**My students will Understand that...**

**Factual**  
- How did taxation without representation lead to the colonial struggle for independence?  
- How did British colonists react to the enforcement of England’s policies? (SS09-GR.8-S.4-GLE.1-EO.a)  
- From the founding of the colonies to the American Revolution, what traditions and institutions created stability in the United States? Which led to instability?  
- How have differing perspectives regarding resource and land use led to cooperative policies or conflicts? (SS09-GR.8-S.1-GLE.1-EO.a) and (SS09-GR.8-S.2-GLE.1-EO.a; IQ.1)

**Guiding Questions**  
- How do laws reflect beliefs about authority? (SS09-GR.8-S.4-GLE.2-EO.a,b)  
- What circumstances have led to revolutions? How have some justified civil disobedience?  
- How can a governmental policy be seen as oppressive by some and not by others? (SS09-GR.8-S.1-GLE.2-EO.a)

**Conceptual**  
- Increasingly oppressive forms of governance determine individual and/or group rights, roles, and responsibilities which may lead to rebellion (SS09-GR.8-S.1-GLE.2-EO.b,e,f) and (SS09-GR.8-S.4-GLE.1-EO.a;c; IQ.3)  
- Colonized subjects’ efforts to increase self-determination often lead ruling powers toward increasingly oppressive policies and forms of governance (SS09-GR.8-S.1-GLE.2-EO.a,e) and (SS09-GR.8-S.4-GLE.1-EO.a,d)  
- The strength and stability of a nation depends on the establishment and maintenance of economic independence, cultural traditions, and social institutions (SS09-GR.8-S.2-GLE.1-EO.a; IQ.1) and (SS09-GR.8-S.3-GLE.1-EO.a;d; IQ.2)
The struggle to extend civil liberties often destabilizes economic, cultural, and social traditions/institutions leading to conflict and even war (SS09-GR.8-S.4-GLE.1-EO.a,b,f).

How did colonial efforts to maintain and/or extend the civil rights of the colonists contribute to the War for Independence?

How can the tension between societal needs and individual liberties be addressed?

**Critical Language:** includes the Academic and Technical vocabulary, semantics, and discourse which are particular to and necessary for accessing a given discipline.

EXAMPLE: A student in Language Arts can demonstrate the ability to apply and comprehend critical language through the following statement: “Mark Twain exposes the hypocrisy of slavery through the use of satire.”

A student in ____________ can demonstrate the ability to apply and comprehend critical language through the following statement(s):

**The causes and effects of taxation without representation led to a shift of power that established a different interpretation of citizenship.**

**Academic Vocabulary:** Cause and effect, multiple perspectives, inquiry

**Technical Vocabulary:** Democracy, mercantilism, revolution, quota, tariff, economic interdependence, comparative and absolute advantage, monarchy, self-determination, civil liberties, primary and secondary sources, trade, debt, oppression, taxation, representation, rebellion, region, stability, economic independence, colonize(d)
**Unit Description:**
This unit focuses on the era from English colonization in the United States through the American Revolution to independence. The unit begins with a review of the economic and political benefits of colonialism in British North America. Students will analyze the political, social, and economic circumstances of the Colonies prior to the French and Indian War. The focus of the unit then moves to the increasingly oppressive policies of the British Crown on the colonies and the colonists’ efforts to increase self-determination and continue self-governance. Students continue an analysis of the forms of rebellion used by the colonists against the British Crown, ultimately ending in revolution, which left the new nation with new challenges. The culminating performance assessment has students investigating various perspectives and reactions to the rebellious acts of the colonists in the form of creating a documentary segment for the History Channel.

**Considerations:**
The authors of this unit decided to set the stage with students comprehending the political, social and economic realities in the colonies as British subjects (LE #1-3). This builds a foundation for the understanding that the colonies develop their own identity, subsequently fueling their reactions to Britain’s strict policies (LE #4-8) which ultimately leads to the Revolution (LE #9-10). The unit is primarily chronological and authors decided to put an emphasis on students using primary sources to build their knowledge about this time period. An excellent source for primary source documents is: Morgan, E. (1959). *Prologue to Revolution: Sources and Documents on the Stamp Act Crisis, 1764-1766.*

<tr>
<td>Stimulus Material:</td>
<td>The History Channel is holding a contest to recognize the 240th anniversary of the start of the American War of Independence. You are a member of an investigative team tasked with creating a segment for a documentary that highlights the struggles of colonists in their efforts to achieve fairness as British subjects and the efforts of the British Crown to maintain control over its colonies. Your team’s segment should be an in-depth examination of one specific issue or event (e.g., the Intolerable Acts, the Boston Massacre, <em>Common Sense</em>) which incorporates various perspectives and reactions of the groups involved.</td>
</tr>
</tbody>
</table>
| Product/Evidence: | Students will create a documentary segment highlighting one issue or event that illustrates the colonists’ attempts to increase their self-determination and the subsequent British response to those attempts. Students may work in teams of three or four to create a 7-10 minute documentary segment using a program such as iMovie or Movie Maker. Student teams should write a narrative for their segment that includes:  
  - factual information about the event/issue,  
  - multiple perspectives (to include patriots, loyalists, and British government officials), and  
  - the actions and reactions to the event or issue  Students should also include primary sources in the documentary segment (e.g., maps, documents, illustrations) and secondary sources (e.g., music, video, film clips, staged re-enactments) which support the narrative. |
This assessment will necessitate the creation of a rubric with a set of criteria to determine the degree to which a student's performance meets the expectations of the summative/capstone assessment. Here is an overview of the steps in developing a performance assessment rubric.

**Differentiation:**
(Multiple modes for student expression)
Teacher may create teams based on ability and/or by assigning a specific issue or event. Teacher may also assign specific roles within teams based on ability (e.g., video editor, narrator). Teacher may provide specific sources for groups to include in the documentary, as appropriate.

### Learning Experience # 5

The teacher may use video clips to stimulate discussion so that students can explain how Britain’s international activities (e.g., the Seven Years War) influenced efforts to reassert authority over their North American colonies.

| Generalization Connection(s): | Colonized subjects’ efforts to increase self-determination often lead ruling powers toward increasingly oppressive policies and forms of governance. The strength and stability of a nation depends on the establishment and maintenance of economic independence, cultural traditions, and social institutions. Increasingly oppressive forms of governance determine individual and/or group rights, roles, and responsibilities which may lead to rebellion. |
