Re: CDE Summer Training Registrations

The period to submit your registration for the CDE Summer Training classes closed June 1, 2024. However, after reviewing the current registrations we have received we are finding them to be very small for some of the classes. Therefore, it is unfortunate that we will be canceling the following classes, due to low registrations. We would strongly encourage those of you who had registered for any of the canceled classes to consider attending the class at a different location that we will be offering.
