I hope you enjoy this activity with me. This assignment is due _____.

MATERIALS

A small paper bag. 4 different small household items (nothing sharp). These could be small toys, kitchen utensils, or other items that will fit in the bag.

Your family partner will put the items in the bag or box without telling you what they are.

THINGS TO REMEMBER

A complete sentence expresses a complete thought with a *subject* and a verb.

For example: The cat caught a mouse.

I like to play games.

Descriptive words (**adjectives**) add details to explain something more clearly, such as how something feels, sounds, or looks.

For example: The **big, gray** cat caught a mouse.

I like to play **challenging, electronic** games.

LET'S DO THIS

1. Work with a family partner. Who is working with you? _____

Ask your family partner: Please put 4 small objects in a bag without showing me.

Please hold the bag of objects.

I will reach in, touch an object, and describe what it feels like to me. Then, I will guess what the object is.

Use complete sentences with good adjectives to describe each object.

For example, if a **spoon** were in the bag, you might say:

“This object is long. It feels like cool metal. It has a rounded, concave end.”

LET'S FIND OUT

Each time you play the game:

Write the **descriptive words** you used for each object in an OBJECT box.

Write what the object is under the box. See the EXAMPLE box.

Ask your family partner to pull each object out of the bag after you guess it.

Then, go on the next object until you have touched and described all four.
