

**Family, School, and Community Partnering (FSCP)
Team Tracker**

Directions: One approach to integrating family, school, and community partnering (FSCP) within schools and districts is to assess existing team and organizational meetings for how each can explicitly include this initiative in its work. This can allow for effective use of resources and time. Please check whether or not each team/meeting currently includes FSCP in agendas, planning, actions, and data use. Then, if yes, please briefly describe those activities and if no, identify how FSCP might be included in the group’s work. Align assessment and planning with the *National Standards for Family-School Partnerships* (http://www.cde.state.co.us/sites/default/files/SACPIE_NationalStandardsGoalsIndicators_Family-SchoolPartnerships.pdf).
