Subject: Industry Credential Submission - ITP Closes Friday

District Accountability Contacts,

This message is being sent as a reminder that the intent to participate in the optional industry credential and Career Development Incentive Program will close on Friday, March 31st.

As has been the case the past few years, in an effort to decrease overall data submission burden and to align industry credential submissions, the Colorado Department of Education, in consultation with the Educational Data Advisory Committee (EDAC), will continue to combine submissions for the optional industry credential submission that is used for [matriculation rate](#) determinations for accountability purposes and the [Career Development Incentive Program \(CDIP\)](#) submission. The data provided via this submission will be used to determine financial incentives and matriculation rates within the state accountability system. The link to the intent to participate form is [here](#). Visit this [page](#) to find more information regarding the submission process and timeline.

- For questions related to the CDIP program, please contact [Marina Kokotovic](#).
- For questions related to matriculation rates and how industry credentials are included in state accountability frameworks, please contact [Dan Jorgensen](#), PhD.

Thank you, have a great afternoon.

Dan
