Summary of 2019 Updates

Program Updates: UPrep continues to operate two existing charter campuses in Denver. Its interest in expanding further is centered on restarting schools that demonstrate chronic performance issues and serve marginalized populations. UPrep demonstrated enrollment increases at its Steele St. location, in particular (44% increase). UPrep also presented parent survey data indicating very strong satisfaction with its schools. UPrep continues to be very interested in serving more students in more new schools, and has had conversations with several districts, though none have yet resulted in a concrete plan to restart or open a new UPrep school.

Evidence Updates: UPrep provided academic outcomes data for its two existing schools demonstrating that students in those schools continue to outperform their peers. It self-assesses as having a Tier 4 evidence base for its work at this time.

Has the organization fulfilled the expectations to remain on the Advisory List? • Yes • No
