NAEP 2017 Math Grade 8: Average Scale Score

The map compares Colorado 8th graders average scale score on the NAEP 2017 Math assessment to the other 49 states, the District of Columbia and the Department of Defense schools. Colorado which is shaded green is the focal state. States shaded light blue scored lower than Colorado. Dark-blue shaded states scored higher than Colorado and grey-shaded states scored the same as Colorado.

Because NAEP results are based on samples, there is a margin of error associated with each score or percentage. Therefore, only those differences in scores or percentages that meet NAEP’s standards for statistical significance are reported as higher or lower.
NAEP Math Grade 8 Average Scale Score: 2017

Using the average scale score on the NAEP 2017 Math assessment for each state, this bar graph compares Colorado 8th graders with the other 49 states, the District of Columbia and the Department of Defense schools.
