COLORADO CHARTER SCHOOLS PROGRAM GRANT

2021-22 Renewal Proposal

Background

Authorized by title IV, part C of the Every Student Succeeds Act (ESSA, Public Law 114–95), which reauthorized the Elementary and Secondary Education Act of 1965 (ESEA), the federal Charter Schools Program (CSP) provides funding to State Entities (CFDA number 84.282A) with the purpose “to expand opportunities for all students, particularly traditionally underserved students, to attend public charter schools and meet challenging State academic standards; provide financial assistance for the planning, program design, and initial implementation of charter schools; increase the number of high-quality charter schools available to students across the United States; evaluate the impact of charter schools on student achievement, families, and communities; share best practices between charter schools and other public schools; encourage States to provide facilities support to charter schools; and support efforts to strengthen the charter school authorizing process.”

The CSP State Entities program provides financial assistance to State Entities to support charter schools that serve elementary and secondary school students in a given state. Under the program, recipient State Entities make sub-grants to eligible applicants for the purpose of opening new public charter schools and replicating and expanding high-quality public charter schools. Grant funds may also be used to provide technical assistance to eligible applicants and authorized public chartering agencies in opening new charter schools and replicating and expanding high-quality charter schools, and to work with authorized public chartering agencies to improve authorizing quality, including developing capacity for, and conducting, fiscal oversight and auditing of charter schools.

Purpose of the Grant

Colorado Department of Education (CDE) has received a competitive grant under this federal Charter Schools Program for 2018-2023 in the amount of \$55,171,335 to carry out the following objectives within Colorado:

- Objective 1: Increase the number of high-quality charter school options and the number of students who attend them.
- Objective 2: Raise educational outcomes for all charter school students by increasing capacity among authorizers and charter school leaders to increase quality charter school programs and to successfully address access and equity gaps among educationally disadvantaged students.

In carrying out these objectives, the Colorado Charter Schools Program (CCSP) provides sub-grants to qualified charter school developers for the planning phase and/or early years of implementation of new, replicating, and expanding charter schools through the CCSP grant and assists new and existing charter schools within Colorado to support and improve their performance through coordinating and facilitating quality technical assistance.

At least 90 percent of Colorado’s federal CSP award will be utilized for competitive CCSP grants to eligible charter school applicants. CDE will retain at least 7 percent of these federal funds to be utilized for CCSP statewide technical assistance activities and program evaluation/research, and not more than 3 percent will be utilized by CDE for administering the overall program, not to exceed 10 percent combined.

Eligible Applicants

Schools must have first applied for and secured a CCSP grant in the previous year to be eligible to apply for a renewal award. Continuation of CCSP funds are distributed to schools that successfully complete a renewal proposal following the initial CCSP grant year. The renewal process to continue grant funding is not competitive but is subject to available federal funds, appropriateness of the renewal proposal concerning the grant budget, student enrollment, need, student academic achievement, and progress made toward grant goals as outlined in the initial application.

Educational Service Providers

Schools choosing to engage a for-profit or non-profit educational service provider (ESP) or educational management organization (EMO) **MUST** demonstrate that they and their governing boards are independent of the provider, and that all fees and agreements are fair and reasonable. The ESP does not qualify as an eligible applicant nor may it hold or manage a CCSP Grant awarded to a school. Schools must exercise special care to ensure that a direct representative of the applicant school, independent of the ESP, is identified to administer the grant 34 CFR 75.700-75.702 and 76.701. Contracts between schools and ESPs will be subject to review as a part of the eligibility process.

Regulations and Guidance

Applicants should also be aware of the following relevant provisions: January 2014 CSP Nonregulatory Guidance and 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and Nonregulatory Guidance Student Support and Academic Achievement Programs.

Proof of Eligibility

Only those applicants determined to meet eligibility may receive the grant. Awards issued to schools, subsequently determined to be non-qualifying, will be suspended.

Available Funds

CCSP sub-grants are renewed as a result of this renewal process and are based on the school's initial CCSP grant awarded amount. The renewal process to continue grant funding is not competitive, but is subject to available federal funds, appropriateness of the renewal proposal concerning the grant budget, student enrollment, need, student academic achievement, and progress made toward grant goals as outlined in the application. A school whose renewal proposal does not reach a minimum score will not be funded. Access to up to 25% of the anticipated 2020-21 award may be released before the renewal proposal is approved, subject to a completed and approved Annual Financial Report (AFR) for the previous grant year.

Duration of Grants

The federal CSP program stipulates that not more than 60 consecutive fiscal months of funding be provided to any one sub-grant, with no more than 18 of those months in planning phase.

Continuation funding may be terminated if substantial progress is not being made to accomplish the grant project goals articulated in the initial CCSP grant application or if the charter school fails to make satisfactory student academic progress. Failure to draw down funds in a regular and timely manner, fulfill technical assistance (TA) requirements, or meet enrollment projections by a significant amount may potentially disrupt funding. Regular communication regarding changes in plans, administration, or ability to fulfill obligations of the grant is encouraged to identify early solutions.

Available Use of Funds

The CCSP grant is a reimbursement program, which means recipients will be reimbursed following proof of expenditures on allowable, approved activities.

Under the allowable activities described in the ESEA § 4303 (h), CCSP Grant funds must be used for one or more of the following activities:

- 1) Preparing teachers, school leaders, and specialized instructional support personnel, including through paying costs associated with –
 - a. Providing research-based professional development for teachers and other staff that includes national staff development standards (including travel costs for school leaders, staff, and school board to attend conferences and training, or visiting other charter schools); and
 - b. Hiring and compensating, during the eligible applicant’s planning period specified in the application for funds, one or more of the following: (i) Teachers. (ii) School Leaders. (iii) Specialized instructional support personnel.
- 2) Acquiring supplies, training, equipment (including technology), and educational materials (including developing and acquiring instructional materials or aligning curriculum).
- 3) Under ESEA § 4303(h)(4), providing one-time startup costs associated with providing transportation to students to and from the charter school.
- 4) Carrying out community engagement activities, which may include paying the cost of student and staff recruitment and informing the community about the school.
- 5) Providing for other appropriate, non-sustained costs related to opening, replicating, or expanding high-quality charter schools when such costs cannot be met from other sources, providing support requests are reasonable and appropriate.
- 6) Under ESEA § 4303(h)(3), grantees may use CSP funds to carry out “necessary renovations to ensure that a new school building complies with applicable statutes and regulations, and minor facilities repairs (excluding construction).” *See Appendix E. Minor Facility Repairs for more information.*

Note: CCSP Grant funds are generally not allowed to be used for the following purposes:

- recurring costs for which PPR should be utilized;
- before and after school programs;
- salary and benefits for staff once the school has opened;
- major capital costs;
- food costs for staff, students, or parents;
- promotional/novelty items for advertising, events, or recruiting;
- student travel costs;
- continuing educational credits for professional development coursework;
- professional memberships;
- financial audit fees;
- grant oversight expenses; and
- business consultants beyond first year of CCSP grant funding.

Expenses must be necessary, reasonable, and allocable to the grant in order to be allowable under the CSP (2 CFR 200.403(a)). Further details on allowable use of funds can be found in the [CCSP Grant Budget Instructions](#) section of this document, as well as in the CCSP Guidebook, which serves as a resource companion for the CCSP grant and program.

Participation, Evaluation and Reporting

Recipient participation in Technical Assistance, Evaluation, and Reporting is an inherent expectation and required in return for funding. Application indicates acknowledgement and consent to these contingencies.

Risk Assessment

Under all federal programs, CDE is required to assess applicants and their applications to identify potential fiscal and programmatic risks, which may result in increased reporting, monitoring, additional technical assistance, corrective action, and/or grant suspension or termination.

Risk is assessed through a variety of fiscal criteria identified by CDE Grants Fiscal and programmatic criteria identified in this application document and federal regulations, statute, and guidance. A fiscal and a programmatic risk rating will be identified for each applicant based on past and current performance for both the applicant and their authorizer. This includes assessing the performance of CMO/EMO/ESP services to the recipients as it relates to their successful operation of their schools.

Evaluation

As a condition of this federal grant, CDE is responsible for evaluating recipients to ensure they adhere to federal rules and regulations and accomplish their performance goals. This monitoring system reviews charter schools each year through the following system:

- 1) Quarterly call or check-in (if identified as at risk, calls may be increased to at least monthly)
- 2) Programmatic and Fiscal Desk Reviews, coordinated with quarterly check-in
- 3) Renewal Proposal report (see below)
- 4) Annual Financial Report (see below)
- 5) On-site visits
 - a. Year 1 Implementation - a site visit is conducted by grant program staff to review a list of indicators identifying progress toward grant objectives, spending according to budget, educational programming, enrollment procedures, receipt of other federal funds and compliance to various other requirements, including fulfillment of TA, review of certifications, and submission of the AFR.
 - b. Year 2 Implementation - A Charter School Support Initiative (CSSI) school diagnostic visit is conducted over the course of a three-day examination of the charter school to further evaluate and monitor for quality. This comprehensive review looks at academic performance, learning environment, organizational effectiveness, governance, and quality leadership through a variety of lenses. This review is conducted by a group of outside professional consultants who have experience in Colorado charter schools. The school is provided with a final written report that includes suggestions for both short- and long-term school improvements. The CSSI visit is a requirement of the CCSP grant program and may be paid for with grant funds. More information about the CSSI visit can be found in the technical assistance section of the CCSP Guidebook.
- 6) Year 3 Implementation Performance Award – for recipients seeking to receive additional funding for Year 3 Implementation Performance Award, a simple evaluation form will be required during the spring of Year 2 Implementation. More information on this process will be provided in advance.

Schools that fail to adhere to Sub-grantee RFP and/or federal guidelines or to demonstrate high academic achievement will be subject to corrective action and placed on high-risk status until concerns are resolved.

Reporting

CDE Schools of Choice is required to track specific information as a part of its federal CSP grant. Sub-grantees will be required to:

- Join [CDE Schools of Choice listserv](#). Multiple people from each school are encouraged to be on this list.
- Provide contact information for current board members, with officers identified, including a phone number and e-mail address for each board member.
- Notify CDE Schools of Choice upon any transition of administrator, leadership, or board at the school anytime during the grant period. Note: Additional technical assistance may be required. A changeover in school grant contact will require the governing board to submit a written notification and the new school grant contact will be required to complete the CCSP Grant Post-Award Webinar within five business days.
- Provide information requested via survey and other data collection projects.
- Annual Financial Report: An AFR is required to be filed within 90 days following each grant fiscal year. The AFR reports actual expenditures made from the grant. If an AFR is not filed, Sub-grantees risk losing their funds for the following year.
- Renewal Proposal: Recipients must complete a Renewal Proposal heading into each new grant year that includes a progress report toward Grant Project Goals and grant activities and submission of the school's Unified Improvement Plan evidencing academic performance.
- Final Grant Report: A final grant report is due to CDE Schools of Choice within 90 days of the end of the final grant year. The final report should contain the following:
 - Executive summary (not to exceed one page)
 - Report on each grant project goal, including a summary of the progress made on each goal and objective.
 - A report on the academic achievement and growth of the school, including a copy of the school's most recent School Performance Framework report and Unified Improvement Plan
 - Financial narrative report on how the grant was expended for each of the grant years and totals for the two- or three-year period.
 - Expenditure report that details 100% of awarded grant funds and includes a property inventory of all equipment and non-consumable goods purchased with CSP grant funds (UGG §200.439)

Note: Completion of all CCSP requirements are necessary in order to exit the program in good standing.

Award amounts may be reduced if recipients do not adhere to the terms of their grant award; this includes if projected enrollment is not met, technical assistance requirements are not completed each year, funds are not spent in a timely manner, and reporting not completed. In order for schools to exit the program in good standing, it is imperative that sub-grantees comply with all requirements of the program.

Data Privacy

CDE takes seriously its obligation to protect the privacy of student Personally Identifiable Information (PII) collected, used, shared, and stored. PII will not be collected through the CCSP Grant. All program evaluation data will be collected in the aggregate and will be used, shared, and stored in compliance with CDE's privacy and security policies and procedures.

Note: Application materials and documents submitted must not contain any personally identifiable student or educator information including names, identification numbers, or anything that could identify an individual. All data should be referenced/included in the aggregate and the aggregate counts should be redacted to remove small numbers under 16 for students or 5 for educators.

Technical Assistance

CDE places great value on providing high-quality support and training to sub-grantees based on research-proven best practices as a means of ensuring high-quality school programs. Sub-grantees are expected as part of federal and state requirements to attend a variety of technical assistance options over the grant period that are intentionally designed to improve each school's chance for success. More information on technical assistance participation requirements over the multi-year grant is available in the [CCSP Grant Technical Assistance Requirements](#) section below, in the CCSP Guidebook, and in the [CCSP Grant Calendar](#).

Renewal Proposal Technical Assistance

Those submitting a renewal proposal **MUST** review the pre-recorded **CCSP Grant Renewal Proposal Webinar and Technical Assistance Webinar** specific to Implementation Year 1 sub-grantees will be posted on the CCSP webpage at **12:00 PM on Wednesday, August 11, 2021**. This presentation will review the aspects of the renewal process and is required each year of the implementation phase of the grant award. CDE highly recommends that two or more individuals from each applicant charter school engage with this information. This rich webinar will be followed by a **CCSP Grant Renewal Question and Answer (Q&A) Open Forum Meeting** from **1:00 PM – 2:30 PM on Wednesday, August 25, 2021**. Note: At minimum, the school grant contact is required to complete the webinar. The link to register for the Q&A is available

Review Process

Each section of the renewal proposal will be rated according to the selection criteria and evaluation rubric, included in this document. CDE program staff will review applications according to these criteria, as well as for completeness, adherence to the certifications of the applicant's initial CCSP application, budgetary restrictions, eligibility, and compliance with formatting requirements. This review will determine if the application is in compliance with Uniform Guidance (2 CFR 200) and the Education Department's General Administrative Regulations (EDGAR) and the basic requirements of the CCSP grant.

Generally, the renewal proposal will be reviewed in light of the sub-grantee's attentiveness to fiscal consideration and responsible use of grant funds to date. The renewal proposal is intended to provide an update on the progress the school is making toward its initial CCSP grant proposal. Thus, a variety of factors will be considered during the renewal process, including but not limited to:

- appropriateness of the proposed budget;
- legitimacy and prudence of the planned expenditures within the context of the Sub-grantee's overall financial picture;
- continued alignment with the grant project goals established in the initial CCSP grant proposal;
- progress toward grant project goals;
- progress toward academic achievement;
- evidence the charter school is being operated in accordance with the information provided in the CCSP grant proposal, including the demonstration of accountability;
- student enrollment and need;
- appropriate and timely spend down of grant funds; and
- explanation of any significant discrepancies between the approved and actual expenditures of the prior grant year.

Implementation Grant renewal applications **must be submitted by Wednesday, October 20, 2021**. A school whose renewal proposal does not reach a minimum score will not be funded.

Award Process and Start Date

- Renewal proposals will be reviewed and scored within thirty days of the submission deadline, and grant award letters will be sent via email to successful applicants outlining their award amounts for subsequent year(s).
- The grant award letter may stipulate that additional information must be submitted within 30 days before final approval, including necessary revisions, budget modification and/or denied line items.
- Once additional information is satisfactorily provided to CDE Schools of Choice, the applicant will receive an email stating the sub-grantee has final approval.
- A follow up email from the Grants Fiscal Management Unit will provide necessary grant fiscal forms and instructions concerning the reimbursement process for the grant.
- Schools can only incur 25% of their anticipated 2021-22 CCSP award amount prior to receiving final approval of their award.

The budget period for the implementation phase years of the CCSP grant run from July 1 through June 30 each year. The proposed charter school grant project should reflect that timeframe.

Submission Process and Deadline

Submit the electronic copy of the entire application by

Part III: Appendices

- A. Charter School Enrollment Policy: Include lottery protocol and application form(s) if there have been any changes since initial application.
- B. CCSP Grant Budget: Do not include. School's most current, approved budget will be used.
- C. Charter School Operating Budget: Include last audited financial statement (no more than 2 pages) and long-term budget showing five or more years.
- D. Technology Plan: Include most current plan if there have been any changes since initial application.
- E. Minor Facility Repair Plan: Include most current plan if there have been any changes since initial application.
- F. Transportation Plan: Include most current plan if there have been any changes since initial application.
- G. Library Development Plan: Include most current plan if there have been any changes since initial application.
- H. Professional Development Plan: Include most current plan if there have been any changes since initial application.
- I. Performance Management Plan: Include most current plan if there have been any changes since initial application.
- J. Waivers Sought: Provide information on waivers in executive summary.
- K. Technical Assistance Proposal (2-year): If applicable, include most current plan.
- L. Technical Assistance Proposal (3-year): If applicable, include most current plan.
- M. Disclosure Information: Include most current information.

Application Format

- All pages must be standard letter size (8.5" x 11").
- Use 12-point Times New Roman, Arial, or Calibri font, single line spacing, and 1-inch margins. Tables may be in an 11-point font.
- The narrative must address, in sequence, each section of part II identified in the CCSP Renewal Proposal Evaluation Rubric. State each part, section number and title in **bold**.
- Part II: Narrative cannot exceed 16 pages.
- Number all pages.
- Do not use a table of contents page or divider pages.

- Hard copy submission of the application Cover Page and the Certification and Assurances Form with original signatures is preferred. Alternatively, CDE Schools of Choice will accept scanned copies of signed pages or digital signatures collected via Adobe Sign, DocuSign, or other comparable technology used to certify signatures from an applicant who faces obstacles in obtaining in-person sign-off.
- Staple the original hard copy of the proposal in the top left corner. If too thick to staple, please use a binder clip.
- Do not attach curriculum, invoices, or any other document not specifically required as an attachment. If, for good cause, the applicant wishes to include an additional attachment, email SOC@cde.state.co.us with your request for permission and a supporting rationale. Extraneous attachments, without proper authorization, will be removed and not submitted to the grant reviewer. Do not include cover pages for the attachments. Do not send any material that must be returned.

CCSP Grant Programmatic Technical Assistance Requirements

A technical assistance proposal must be completed and included as Appendix K or Appendix L, which reflects participation from the initial CCSP grant year and proposes how requirements will be met for the remaining year(s) of the grant.

The CDE Schools of Choice places great value on providing high-quality support and training based on research-proven best practices that are intentionally designed to improve each school's chance for success. Therefore, participation in technical assistance events is expected of sub-grantees. Flexibility exists within the technical assistance requirements for schools to tailor their selection of trainings to best meet the school's unique needs. Using the technical assistance requirements as a plan, and grant funds as a resource, schools should self-evaluate and use this opportunity to build capacity. A training request form must be completed and submitted to CDE Schools of Choice at SOC@cde.state.co.us PRIOR TO any individualized training for pre-authorization, and credit will be issued once the authorized training request form is resubmitted with a reflection on professional development gains from the training.

CCSP Grant Budget Instructions

The CCSP grant budget, created in MS Excel, is the document that guides the charter school, authorizer, and CDE over the grant period and maintained for the life of the grant. Sub-grantees are expected to:

- Ensure compliance with state and federal regulations.
- Provide the planned expenditures for the entire grant period.
- Maintain the history of the budgeted and actual expenditures.

The most current, approved CCSP budget on file at CDE will be reviewed. The school's budget narrative should support the grant budget goals identified in part II section B of the application. There should be evidence of a clear relationship between the progress towards the identified goals, the completion of activities, and grant fund spending. Renewal proposals should contain budget narratives for all years of funding. Grant funds must be spent sequentially; first year funds must be drawn down before accessing second year funds, etc. The budget period for CCSP Implementation grant is from July 1 – June 30 and the proposed sub-grantee budget should reflect this timeframe.

General Guidelines and Restrictions

CCSP Grant Budget form instructions are found within the document itself. Each line item in the Excel budget should include the following in the respective columns: object category, quantity, budgeted amount (initial entry must be under original amount), grant project goal number it is aligned to and year, justification (include a cost per unit and an explanation of quantity, such as number of items or kits, number of students, classrooms or employees served, etc.), and date the activity will be completed.

The following guidance is provided to assist in the preparation of the budget:

- Any single line item more than \$1,000 should have a detailed justification. Break down line items exceeding \$1,000 through notations of quantity, explanation, or additional line items to clarify how funding will be expended.
Note: The Excel document does not calculate the quantity by the original amount; the original amount must be the total cost of the purchase.
- Budgets have sections for each year to expedite approval.
- Do keep in mind that budget submissions can go through several reviews prior to approval; budget *time* adequately.
- Up to \$100 per hour can be budgeted for administrator mentoring costs. It is important to include the rate and or hours.
- Attendance at conferences must be justified against the grant project goals and is limited to two individuals (unless it can be demonstrated that attendance is necessary for additional staff for professional development purposes).
- Requests for specialized training must include expected attendees, expected outcomes, topic(s), provider, cost (not to exceed \$700 of grant funds for half-day trainings or \$1,000 for full-day trainings), and a plan for sustaining that training.
- Budget expenditures must be supported by a description that provides the number of staff/students to be served; this can be grade level or actual number of participants. In subsequent years, this is critical as the grant is not intended to address recurring costs.
- Performance management and professional development requests must include number of participants, number of days, and cost per person per day, topic, and provider.
- It is in the best interest of the charter school applicant to request only reasonable funding levels in order to maximize the total award. Budget line items that are unrealistic will be cut or trimmed. For example, if

\$8,000 is requested to send six individuals to a national conference, you may be asked to instead send two people each year over a three-year period.

- Subcontracting is allowed, but schools must comply with procurement policies as outlined in the Uniform Grant Guidance §200.317.

Allowable Costs

To ensure that federal funds go as far as possible, proposed budgets must adhere strictly to the federal policy (i.e., supplement not supplant). Fundable activities are limited to those identified in ESEA §4303 (h), with what is allowable under 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Grant expenditures must follow 2 CFR §200.403 Factors Affecting Allowability of Costs. All expenditures must be necessary for the performance of the grant and be allowable under the Uniform Grant Guidance (UGG). All expenditures must tie to the approved application. All expenditures must also be adequately documented.

As a general matter, the following are examples of costs that may be include, but are not necessarily limited to:

- All expenditures must be necessary, reasonable, and allocable to the grant in order to be allowable under the CSP (2 CFR 200.403(a)). In particular, grantees should refer to the following provisions:
 - **Necessary cost** - *the cost should be for an activity or function that is generally recognized as ordinary and required for the institution to operate the program. The cost must be essential to fulfill regulatory requirements for proper and efficient administration of the program.*
 - **Reasonable cost** - *A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. In determining reasonableness of a given cost, consideration must be given to, among other things, whether the cost is of a type generally recognized as ordinary and necessary for the operation of the non-Federal entity or the proper and efficient performance of the Federal award, and market prices for comparable goods or services for the geographic area. (2 CFR 200.404). The type and amount of cost should not exceed what a "prudent person" would pay under the same circumstances.*
 - **Allocable cost:** *A cost is allocable if the goods and services involved are chargeable or assignable to the grant in accordance with the relative benefits received. (2 CFR 200.405(a).*

The following is a list of costs that are covered by the grant. It is important to note that this is not a complete list and is provided as guidance for budget preparation.

- **Curriculum** expenditures are only allowed for initial training prior to the implementation of a new curriculum or existing curriculum for a new grade level.
- **Legal fees** limited to direct legal services for employee and lease contract are allowed. If legal fees are budgeted beyond the first year, additional information must be provided to support the request. It is anticipated that the legal fees covered by the grant would be completed prior to school opening. Additional costs must be reviewed by CDE to ensure they are allowed.
- **Community Engagement Activities** – The costs related to student and staff recruitment along with informing community about the school. Cannot include food costs or promotional items.
- **Salaries (Contracted Services)** – Hiring and compensating teachers, school leaders, and/or specialized instructional support during the planning period is allowed. Time and effort documentation is required for all personnel compensated with federal funds UGG §200.430 Compensation-Personal Services (i) Standards for Documentation of Personnel. If a school will be submitting salary for two staff that are not the principal/head of school or the business manager, they must submit this request for prior approval.
- **Site licenses** for software
- **Telephones**

- **Computers** for staff and students
- **Student Furnishings** – should be based on projected enrollment

Generally allowable costs are:

- Customary (e.g., interventionist or coaching salaries and benefits, professional development opportunities based on need);
- Allowed by circulars, regulations, policy, and guidance;
- Disclosed in the budget submitted to the State agency; and
- Approved in advance through the budget.

Recurring Costs – Examples – Not Covered by CCSP

The following items are examples of recurring costs that are not allowed without additional documentation explaining the additional request.

- Software licensing renewals
- Supplies that were clearly purchased in the prior year
- Curriculum purchased in the prior year
- Legal fees for lease or employment contracts that were included in a prior year
- Professional development that is not progressive in nature is considered recurring if it does not clearly indicate it is for a new cohort of teachers

This list is not inclusive but is presented to show typical items that would be considered recurring under the CCSP grant.

Costs not covered by CCSP Grant

The following are examples of costs that are not covered by the CCSP grant. It is not a comprehensive list and is provided as guidance in preparation of the budget.

- Architecture fees
- Before and after school programs
- Bus passes
- Building insurance costs are considered facility cost
- Financial audit fees
- Food costs for staff, students, or parents
- Gift certificates, alcoholic beverages, school apparel for staff or students, fines and penalties, and lobbying
- Grant oversight expenses
- Hiring/recruitment expenses such as a placement firm or travel for prospective employees (small amounts for advertising are acceptable)
- Installation costs associated with playground and/or fitness equipment, unless demonstrated as necessary to the school's vision/goals (subject to pre-approval)
- Kitchen equipment such as funding to purchase the equipment to set up food services within the school. Requests for this type of equipment are limited. The purchase of cafeteria tables is an example of what could be included on the CCSP grant.
- Legal fees outside of those directly related to employee and lease contracts
- Normal operating expenses such as utilities
- Professional dues or memberships
- Rental insurance costs are considered facility cost

- Salary and benefits for staff once the school has opened
- Student recruitment in the form of promotional items, food costs or any type of incentives
- Traffic study fees
- Travel costs for student expeditions (travel, etc.)
- Student recruitment expenses beyond \$10,000 in Planning Year and \$5,000 in Year 1 Implementation (none allowed in Year 2 Implementation).
- Non-educational/non-informative promotional/novelty items for advertising, events, or recruiting.
- Continuing education credit costs for professional development coursework completed at a college or university, as this would be considered compensation. The cost to complete college or university coursework relevant to grant project goals without credit may be considered.
- Colorado League of Charter School's accountability self-studies and site visit expenses
- Colorado League of Charter School's or other retreats, unless based on needs assessment
- Out-of-state travel unless it can be demonstrated that the goal of the travel cannot be accomplished in-state (no out-of-country travel is permitted)

This list is not inclusive but is presented to show typical items that cannot be covered with CCSP grant funds.

Equipment

The Federal definition of equipment is: tangible personal property, (including information technology systems) having the useful life of more than one year and a per unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-federal entity for financial statement purposes. Items considered equipment must be listed on a separate worksheet from the rest of the budget, as they must be tagged and inventoried according to §200.439 Equipment.

Sensitive inventory items (small and attractive assets) are assets that do not meet the district/school's capitalization policy but are considered particularly vulnerable to loss, thus subject to special property control. These must be tagged and inventoried regardless of costs.

(735) Equipment – The CCSP grant requires items over \$500 each or electronic in nature that will be used for more than one year are considered equipment. This includes computers, computer and/or phone networking equipment, SMART or Promethean boards, video projectors, large printers, copy machines, large pieces of staff and office furniture, vocational education equipment, and specialized technology furniture such as media carts. Please be sure to provide detail on large technology purchases.

Example:

- \$25,000 for "computer network" – should be budgeted by the individual pieces such as \$5,000 for servers, \$10,000 for computers, and \$10,000 for routers and switches. This will help determine reasonableness and allocation of the purchase, along with providing better controls and accuracy related to equipment inventory tracking.

Transportation

Under section 4303(h)(4) of the ESEA, grantees may use CSP funds to provide "one-time, startup costs associated with providing transportation to students to and from the charter school." One-time startup costs may not be sustained in nature and must be related to the startup or expansion of the charter school. Therefore, provided that the costs are necessary, reasonable, and allocable to the grant or sub-grant, a newly opened or expanded charter school could use a portion of its CSP funds to purchase a school bus or to procure a bus service to transport students to and from the charter school during the startup or expansion phase of the school. Grantees should be aware that, depending on the facts, a school bus may be considered a "capital asset," in which case the grantee

would be required to treat the cost of purchasing the school bus as a “capital expenditure” (see response to Question #7 above and Uniform Guidance at 2 CFR 200.12, 200.13, 200.329, 200.439).

The RFA and rubric under this grant will require applicants to include a description of the transportation needs of the school and its proposed plan to fulfill them. All applicants will be required to submit a transportation plan as an addendum. Schools choosing to provide their own transportation, whether using grant funds or not, will also need to demonstrate that they have a state statute aligned and CDE approved transportation policy in place. This policy will address state statute and rules related to public transportation safety, which are outlined in 1 CCR 301-25 Colorado Minimum Standards Governing School Transportation Vehicles (one of 4 versions by manufacture date: April 30, [2015-Present](#), September 1, [2007-2015](#), February 1, [1999-2007](#) or October 1, [1993-1999](#)), [1 CCR 301-26 Operation Maintenance and Annual Inspection of School Transportation Vehicles](#), and [Rules for the Administration of the Public School Transportation Fund](#) (CCR 301-14) and guidance. Additionally, the Schools of Choice Unit will require Sub-grantees requesting these funds to establish contact with the Department’s Transportation Unit to receive authorization on any purchases before purchases are made or grant funding is released, provide a multi-year transportation and maintenance budget, and comply with any and all necessary technical assistance trainings. This information may be requested during a monitoring visit.

Colorado encourages Sub-grantee use of grant funds to cover one-time startup costs associated with providing transportation to students to and from school. This aligns with our goal to increase enrollment and attendance in these schools and increase access to equitable educational opportunities in Colorado, particularly among historically underserved and educationally disadvantaged student populations. More students will have greater options available to them to enroll in a high-quality charter schools and authorizers will become better able to understand how to find a path for public charter schools to offer transportation services to students.

SOC will work with grant applicants and their districts to ensure those seeking grant funding for transportation identify one-time startup costs associated with transporting students into their project goals and budget. Applicants are also asked to address this set aside in a transportation plan that considers transportation needs of its students beyond the startup phase of the charter school that would become an appendix to the Colorado CSP application.

Criteria – Colorado will use the following criteria for determining whether a proposed transportation expense is allowable under the CSP grant:

- Total annual expenses on transportation item is not to exceed 25% of annual grant award and only for the acquisition of a bus.
- School will provide annual reports on the status of the bus including evidence of proper record keeping, inventory, serial # and maintenance.
- Identified cost of a bus will be evaluated by CDE Transportation Unit to determine whether identified cost is a reasonable cost for the bus **before a purchase would be allowed**.
- Primary goals of the grant are clearly met and not compromised based on expenditures made related to transportation costs.
- The school will provide a transportation goal and write a measure and metric to report on related to the transportation goal and
- The school will provide an update in their annual report on their transportation plan and the plan’s effectiveness.
- School will provide an assurance that funds used are clearly associated as a cost that is a one-time cost to the school.
- Consideration of management of recurring transportation costs
- Schools will be asked to complete a budget template that allows them to demonstrate an understanding of what reasonable cost assumptions look like over a five-year period for managing transportation

expenses and how these costs will be incorporated into a long-term sustainable operational budget for the school.

- As with other assurances, state will not fund recurring costs in the grant.

Facilities

- “New Flexibilities under the Every Student Succeeds Act” Frequently Asked Questions (FAQ) (December 2017) [PDF](#) (190 KB).
- ESSA Flexibility Webinar [Recording](#) and [Slides](#).

Examples of “minor facilities repairs” under ESEA § 4303(h)(3) include: repairing a leak in a roof, replacing a broken window, and repairing a furnace or air conditioning unit. In essence, minor facilities repair neither add to the permanent value of the property nor appreciably prolong its intended life, but rather, keep it in efficient operating condition.

Finally, under section 4303(h)(4) of the ESEA, grantees may use CSP funds to provide “one-time, startup costs associated with providing transportation to students to and from the charter school.”

Section 4303(h)(3) of the ESEA, grantees may use CSP funds to carry out “necessary renovations to ensure that a new school building complies with applicable statutes and regulations, and minor facilities repairs (excluding construction).”

Under section 200.13 of the Uniform Guidance, renovations or improvements that materially increase the value or useful life of a “capital asset” (e.g., land, building or facility, equipment, and intellectual property (including software)) are “capital expenditures” and are not covered by the CCSP grant without prior approval from CDE. In order to charge a capital expenditure to the CSP grant or sub-grant, the grantee or Sub-grantee must obtain the prior written approval of the Department or SEA (i.e., “pass-through entity”) (2 CFR 200.439(b)(3)). For information regarding title, use, and disposition of real property improved with Federal grant funds and reporting requirements for such property, grantees should refer to 2 CFR 200.311 and 200.329, respectively.

As stated above, grantees may use CSP funds to carry out “necessary renovations to ensure that a new school building complies with applicable statutes and regulations.” In determining whether a proposed renovation is necessary to ensure that a new school building complies with applicable statutes and regulations, the Department encourages grantees to consider, and to explain in their amendment requests, whether the renovation is actually required by a statute or regulation (i.e., not simply suggested or proposed), including the source and citation for the specific compliance requirement and the consequences for non-compliance. In determining whether the cost of a proposed renovation is “necessary and reasonable,” the Department encourages grantees to consider, and to explain in their amendment requests, the following:

- Whether the renovation is necessary for the performance of the grant;
- Whether the cost of the renovation (e.g., materials and labor) is commensurate with the market rate for such goods and services;
- The relative cost of the renovation calculated as a percentage of the overall dollar size of the CSP grant allocated to the charter school;
- The relative cost of the renovation calculated as a percentage of the overall cost basis of the underlying property; and
- Whether the costs are non-sustained (i.e., “one-time” costs associated with the startup or expansion of the charter school).

2021-22 Renewal Proposal Final Checklist

This checklist is designed to help you in completing your renewal proposal. The left-hand checklist offers suggested steps in reviewing, revising, editing, and finalizing the format for your submission. The right-hand checklist identifies steps in printing, signing, and assembling your submission to ensure all of the necessary parts are included.

✓	Revising, Editing, and Formatting Proposal
	Does your lottery policy comply with the federal Charter Schools Program, title V, part B nonregulatory guidance? Has it been reviewed for compliance by CDE Schools of Choice?
	Have you stated things concisely and without redundancy?
	Have people not involved in writing the renewal proposal been used to edit the document and make sure that the document is clear and understandable?
	Have you checked for grammatical errors and spelling mistakes?
	Have you used bullets and headings to help the grant reviewer to follow the main sections of your grant proposal?
	Have you used a 12-point font in your document?
	Have you used 1-inch margins and formatted your proposal to print on 8.5" x 11" paper?
	Is the narrative limited to 16 pages?

✓	Printing, Signing and Assembling Proposal
	Have you prepared the original or one hard copy of the grant proposal to be given to CDE?
	Is your Narrative saved as a Word file? Do not send Narrative as a PDF. Appendices may be submitted as a PDF document.
	Is the Cover Page as well as the Certification & Assurances Form (with appropriate signatures and certifications) printed and on top of the printed copy?
	Have you attached your charter school's lottery policy as Appendix A, if there have been any revisions in the last year?

✓	continued... Printing, Signing and Assembling
	Did you abstain from including the most current approved Excel CCSP Grant Budget as Appendix B?
	Is your school's latest annual (operating) budget and long-term budget included as Appendix C?
	If you are requesting technology funds, is your most current Technology Plan included as Appendix D?
	If you are requesting funds to complete minor repairs, is your most current Minor Facility Repair Plan included as Appendix E?
	Is your most current transportation plan included as Appendix F? Plus, if you are requesting funds to purchase a bus, have you completed and included your Transportation Report?
	If you are requesting funds for a school or classroom-based library, is your most current Library Development Plan included as Appendix G?
	Have you included your most current Professional Development Plan as Appendix H?
	Have you included your most current Performance Management Plan as Appendix I?
	Have you completed and included your Technical Assistance Proposal as Appendix K or L?
	Have you provided the necessary disclosure information in Appendix I if any of your agreements or contractual relationships have changed in the last year?
	Have you attained prior approval from CDE for any additional attachments/appendices?
	Have you stapled or binder-clipped the original/ copy of the proposal in the upper left-hand corner and have you refrained from using divider pages or binders?

Part IB: Certifications and Assurances

The applicant charter school's Board President and Board-Appointed Authorized Representative ("Grant Contact") must initial each item to certify they have read and understand each of the terms and further sign below to indicate their approval of the contents of this Colorado Charter Schools Program (CCSP) Grant application, and if funded, their agreement to carry out the activities presented in this application and the corresponding "Funding Opportunity" document upon award, and the receipt of program funds.

Signature from the applicant charter school's authorizing local educational agency (LEA) is also required indicating the LEA agrees to serve as the grant fiscal agent on behalf of the applicant charter school for any CCSP Grant award.

On _____ (date), 2021, the Board of _____ (charter school)

hereby applies for and, if awarded, accepts the federal program funds requested in this application. In consideration of the receipt of these grant funds, both the charter school's board and their authorizer hereby agree that the general assurances for all federal funds and the terms therein are specifically incorporated by reference in this application. The charter school and their authorizer also certify that all program and pertinent administrative requirements, as outlined in the corresponding "Funding Opportunity" request for applications document, will be met.

Charter school / authorizer partnerships that accept funding through the CCSP Grant agree to the following certifications and assurances:

Program Requirements

- ___ 1) Applicant grant contact (charter school authorized representative) possesses the legal authority to apply for this grant on behalf of the school. If the grant contact is not the chair of the governing body (due to conflict of interest), a resolution or motion has been adopted by the applicant's governing body directing and authorizing the grant contact the delegated responsibility to act on their behalf to submit this application, including all understanding and assurances of certifications contained herein, to execute the grant, if approved, to comply with certifications, budget, and fiscal requirements, and act as the governing body's authorized official for the grant program. The grant contact has no conflict of interest with any party (employee, management organization, contractor, vendor, etc.) that has a financial interest in the grant award.
- ___ 2) Recipient schools certify that they understand an approved charter application and a signed charter contract are required in order to be eligible for an award.
- ___ 3) Recipient schools operate (or will operate, if not yet open) a charter school in compliance with all state and federal laws and that does not discriminate based on race (including hair texture, hair type or hairstyle), creed, gender, sexual orientation, religion, ancestry, national origin, color, disability, or age.
- ___ 4) Recipient schools agree to notify the CDE Schools of Choice Office within two business days upon any transition of administrator, leadership, or board member(s) at the school, and provide written notification from the governing board of any change in the school's Grant Contact.
- ___ 5) Recipient schools and their authorizer will ensure that at least one person from the charter school will subscribe to and be responsible to receive communication from the CDE Schools of Choice Office email listserv for the life of the grant.
- ___ 6) Recipient schools understand that they will not own rights, title, and/or interest in any of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the works and documents created and paid for under this grant program.

Federal Compliance

- ___ 7) Recipient schools will be aware of and comply with all provisions of the federal Every Student Succeeds Act (ESSA, Public Law 114-95), which reauthorized the Elementary and Secondary Education Act of 1965 (ESEA), including, but not limited to, provisions on title V, part B, subpart 1, title IX, Boy Scouts of America Equal Access Act, Armed Forces Recruiter Access to Students and Student Recruiting Information, Unsafe School Choice Option, Family Educational Rights and Privacy Act, Privacy of Assessment Results, and School Prayer.
- ___ 8) Recipient schools will be aware of and comply with federal laws including, but not limited to, complies with the Age Discrimination Act of 1975, title VI of the Civil Rights Act of 1964, title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), section 444 of the General Education Provisions Act (20 U.S.C. 1232g) (commonly referred to as the “Family Educational Rights and Privacy Act of 1974”), and part B of the Individuals with Disabilities Education Act, and federal regulations applicable to the federal Charter Schools Program, including the Education Department General Administrative Regulations in 34 CFR parts 75-77, 79, 81, 82, 84, 97, 98, and 99, the Office of Management and Budget Guidelines to Agencies on Government wide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the U.S. Department of Education in 2 CFR part 3485, and The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR Part 200, as adopted and amended in 2 CFR part 3474.
- ___ 9) Recipient schools and their authorizer will ensure knowledge of and compliance with all provisions of any programmatic guidance identified on the U.S. Department of Education Charter Schools Program website, including but not limited to the 2015 Notice of Final Priorities, Requirements, Definitions, and Selection Criteria for the Charter Schools Program Grants to State Educational Agencies (80 FR 34201), New Flexibilities under the Every Student Succeeds Act Frequently Asked Questions (December 2017), and the Charter Schools Program Nonregulatory Guidance (January 2014 or subsequent version), which includes specifications on use and structure of a lottery for enrollment if the charter school is oversubscribed, as well as guidelines on eligibility, use of grant funds, and administrative and fiscal responsibilities.
- ___ 10) Recipient schools and their authorizer shall ensure that a student’s records, and, if applicable, a student’s individualized education program as defined in section 602(11) of the Individuals with Disabilities Education Act, are transferred to a charter school upon the transfer of the student to that charter school, and to another public school upon the transfer of the student from a charter school to that public school, in accordance with applicable law (ESSA §4308).
- ___ 11) Recipient schools and their authorizer are aware that U.S. Department of Education regulations prohibit a person from participating in an administrative decision regarding this project if (a) the decision is likely to benefit that person or his or her immediate family member; and (b) the person is a public official or has a family or business relationship with the Sub-grantee, and that the recipient school and their authorizer have adopted by their governing body policies regarding apparent or actual conflicts of interest consistent with this federal regulation and state statute. Further, the recipients certify they will avoid apparent and actual conflicts of interest when administering grants and entering into contracts for equipment and services.
- ___ 12) Recipient schools and their authorizer must remain in compliance with the requirements of the federal Children’s Internet Protection Act.
- ___ 13) Recipient schools and their authorizer certify that no policy of the school or local educational agency prevents or otherwise denies participation in constitutionally protected prayer in public schools.
- ___ 14) Recipient schools and their authorizer will be aware of and comply with Executive Order 13513, “Federal Leadership on Reducing Text Messaging While Driving,” October 1, 2009, by acknowledging that grant recipients and their personnel are prohibited from text messaging while

driving a government owned vehicle, or while driving their own privately owned vehicle during official grant business, or from using government supplied electronic equipment to text message or email when driving.

- ___ 15) Recipient schools shall ensure that students enrolled in the charter school will be taught the United States Constitution each year on September 17, Constitution Day (<https://www2.ed.gov/policy/fund/guid/constitutionday.html>).

Finances, Budget, and Audit

- ___ 16) Authorizer of recipient schools ensures that the charter school will receive funds through federal programs administered by the U.S. Department of Education under which funds are allocated on a formula basis. Each charter school will receive funds for which it is eligible.
- ___ 17) Authorizer of recipient schools may not deduct funds for administrative fees or expenses from a sub-grant awarded to an eligible applicant and shall distribute all sub-grant funds to the eligible applicant without delay.
- ___ 18) Recipient schools, with authorizer review and approval, will submit a revised budget narrative and budget workbook to CDE Schools of Choice within 30 days of notification of a grant award; budget changes must meet the approval of CDE Schools of Choice before any grant funds will be released.
- ___ 19) Recipients using an educational service provider (ESP) certify that the ESP will not influence or exercise control over expenditure of federal funds, and that the ESP agreement with the charter school governing board will be provided to CDE Schools of Choice before grant funds are released.
- ___ 20) Recipient schools will ensure that they will budget for and comply with the required Charter School Support Initiative visit during Implementation Year 2 according to their projected student count for the year of the visit.
- ___ 21) Recipient schools and their authorizer will follow reimbursement procedures, requesting funds at a minimum of quarterly, and respond to all grant requirements in a timely fashion, including the Annual Financial Report (AFR).
- ___ 22) Recipient schools are required not to have expenditures that exceed the approved budget line items by more than a total of 10 percent of the total project period award. If they wish to deviate beyond 10 percent in any budget object core category, they must seek a revision of their budget prior to expenditure or legal obligation of those funds, or they may not be reimbursed for the excess amount.
- ___ 23) Recipient schools will ensure that the awarded grant funds will be spent or encumbered by June 30 of each grant year, unless extenuating circumstances warrant an extension request. Recipients understand that any such extension request must be made by the Authorizer on their behalf no later than June 1 of the respective grant year, and that if an extension request is not approved by CDE on the grounds that extenuating circumstance have not been established the recipient school will be held to the June 30 deadline.
- ___ 24) Recipient schools and their authorizer shall provide the Grants Fiscal Management Unit at CDE a written account of expenditures no later than October 1 following each grant year, utilizing the Annual Financial Report (AFR).
- ___ 25) Recipient schools and their authorizer shall maintain appropriate accounting records and procedures in accordance with state and federal requirements that ensure proper disbursement of, and accounting for, federal funds, including evidence pertaining to costs incurred, with the provision that the records shall be kept available by the grantee during the grant period and thereafter for five full years from the date of final payment. CDE must be permitted to audit, review, and inspect the grantee's activities, books, documents, papers, and other records relating to the expenditures of grant proceeds.
- ___ 26) Recipient schools and their authorizer shall comply with all federal and state annual independent audit requirements and ensures that arrangements have been made to finance mandatory audits. Funded projects will be required to maintain appropriate fiscal and program records. Fiscal audits

of funds under this program are to be conducted by the recipients annually as a part of their regular audit. Auditors should be aware of the federal audit requirements contained in the Single Audit Act of 1984.

- ___ 27) Recipient schools will use an independent auditor for annual financial audits that is different from their authorizer's auditor.
- ___ 28) Recipient schools are required to keep and maintain all equipment purchased with grant funds in accordance with federal law and regulation. Should the charter school close, the authorizer agrees to notify CDE Schools of Choice Office of the reason for closure and agrees to notify CDE Schools of Choice Office regarding the appropriate disposition of assets purchased under this grant.
- ___ 29) Recipients shall ensure that none of the funds authorized under the ESSA, including funds received under this grant program, shall be used (1) to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; (2) to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; (3) to provide sex education or HIV-prevention education in schools unless that instruction is age appropriate and includes the health benefits of abstinence; or (4) to operate a program of contraceptive distribution in schools (20 U.S. Code § 7906).
- ___ 30) Recipient schools and their authorizer understand that if any findings of misuse of grant funds are discovered project funds must be returned to CDE, and that CDE may terminate a grant award upon 30 days' notice if it deems that the recipient is not fulfilling the funded program as specified in the approved grant application.
- ___ 31) Grant history of the Recipient schools and their authorizer, including but not limited to, past expenditure of funds, timely request of funds, and fulfillment of reporting requirements, may be considered for applicants in establishing the applicant's fiscal and programmatic risk for new grant award letters, as applicable.

Participation, Evaluation, Research and Reporting

- ___ 32) Recipient schools and their authorizer will participate in at least one site visit and one diagnostic review through the Charter School Support Initiative (CSSI) within the multi-year grant cycle by CDE and possibly a visit by the U.S. Department of Education.
- ___ 33) Recipient schools will submit any necessary annual year-end reports to CDE by September 30th following each fiscal year, which evaluates how program objectives were met during the previous fiscal year, and outlines the recipients plan for the next fiscal year. Continued funding for subsequent years is dependent upon completion of these annual reports.
- ___ 34) Recipient schools and their authorizer will, for the life of the grant, participate in all federal, state, and authorizer data reporting and evaluation activities expected of all publicly-funded schools, unless exempt through waiver; and will participate in those activities outlined in the [Participation, Evaluation and Reporting](#) section of the CCSP grant "Funding Opportunity" request for applicants, including participation in CDE Schools of Choice Office annual evaluations, studies and surveys and submission of annual financial reports, final grant report and supporting documentation.

Authorization, Accountability, and Governance

- ___ 35) The applicant charter school assures that they have provided their authorizer with "adequate and timely notice" of this grant application (as required by ESEA §4310 (6)(B)), including the opportunity to review the complete CCSP application prior to submission.
- ___ 36) Recipient schools will ensure the governing board is apprised of the requirements of the grant and their obligation to complete technical assistance requirements or risk delayed or suspended grant funds.

- ___ 37) The recipient school and their authorizer, per ESEA §4303 (f)(1)(C)(i)(II), certify that the Charter Contract agreed for the school articulates that student achievement and growth, as measured by the state's School Performance Framework, is one of the most important factors for renewal or revocation of the school's charter contract, and that the authorizer reserves the right to revoke or not renew a school's charter based on financial, structural, or operational factors involving the management of the school, or if not included agree to amend the Charter Contract accordingly to include these before award monies are distributed.
- ___ 38) Recipient schools and their authorizer certify that a high degree of autonomy is built into its charter contract, consistent with the requirements of ESEA § 4310 (2) and ESEA § 4303 (f)(2)(A), including the school's autonomy over budget, operations, and personnel decisions, and that they have sought, or will seek, all the appropriate automatic and non-automatic state waivers, and any necessary district waivers, to support the level of autonomy negotiated in their charter contract.
- ___ 39) Recipient schools and their authorizer certify that their charter contract allows the opportunity for the school to purchase services via a third party.
- ___ 40) Recipient schools shall include important information on the website of the school, as required by ESEA § 4303 (f)(2)(G), to help parents and the community to make informed decisions about the education options available to their children, including information on the educational program, student support services, parent contract requirements (including any financial obligations or fees and information regarding textbook assistance), and enrollment criteria. This section requires the school to also provide annual performance and enrollment data for the student body and subgroups of students on its website.

Minor Facilities Repair Expenditures *(initial if seeking a portion of CCSP funds be designated for this purpose)*

- ___ 41) Charter school acknowledges that any facility repairs will be minor, and any other renovations will be necessary to ensure compliance with applicable statutes and regulations.
- ___ 42) Charter school acknowledges that any minor facility repairs paid for through CCSP funds must be reviewed and approved by the CDE Schools of Choice Office and Grants Fiscal Office before funds related to the activity will be released can be incurred.
- ___ 43) Total annual expenses will not exceed 10% percent of the annual CCSP grant award in a given year.
- ___ 44) Charter school acknowledges that expenses are only for minor facility repairs that are non-sustained/one-time associated for one-time costs.

Transportation Expenditures *(initial if seeking a portion of CCSP funds be designated for this purpose)*

- ___ 45) Charter school acknowledges that any transportation costs paid from this grant will be to support transporting students to and from the charter school, that costs will be one-time startup costs, and that the charter school will continue to meet transportation needs of its students after the sub-grant ends.
- ___ 46) Charter school acknowledges that any one-time transportation costs are "essential" and fall within the scope for of the approved project.
- ___ 47) Total expense for this modification that will be charged to the CSP grant will not exceed 25% of the annual grant.
- ___ 48) The School will report on its Transportation Goal by completing the Transportation Annual Report for Charters.

IF ANY FINDINGS OF MISUSE OF FUNDS ARE DISCOVERED, PROJECT FUNDS MUST BE RETURNED TO THE COLORADO DEPARTMENT OF EDUCATION. The Colorado Department of Education may terminate a grant award upon thirty (30) days' notice if it is deemed by CDE that the applicant is not fulfilling the requirements of the funded program as specified in the approved project application, or if the program is generating less than satisfactory results.

Project modifications and changes in the approved budget must be requested in writing and be approved in writing by the CDE before modifications are made to the expenditures. COLORADO CHARTER SCHOOLS PROGRAM GRANT

2021-22 Renewal Proposal Criteria and Evaluation Rubric

Part I: Cover Page

No Points

- ✓ Cover Page, signed
- ✓ Certification and Assurance, signed

Part II: Narrative

25 Points [30 Points for Focused Programs]

The following criteria will be used by reviewers to evaluate the renewal proposal as a whole. In order for the project to be recommended for funding, applicants must score at least 16 points out of the possible 25 points, and all required parts must be addressed. Applications that received a larger award due to a higher score for their initial application will continue to receive greater funding so long as they remain in good standing. Applications that score below 16 points *may* be asked to submit revisions that would bring the application up to a fundable level. An application that receives a score of zero on any required part within the narrative will not be funded. Focused Programs are required to address additional questions [5 points] resulting in a total possible point value of 30 of which 19 must be met for continued funding.

If more schools meet the criteria to be funded than there are funds available, CDE Schools of Choice will rank those applications that qualify and make final decisions about which schools are funded.

A. <u>Executive Summary</u> Reflect on the previous year's efforts toward opening (or starting) your school. Describe the progress made and how the mission and vision of the school drives the work.

E. <u>Continued Operation</u> One of the goals of the CCSP grant is to enable new charter schools access to funding early in their development to establish a strong foundation on which to build a quality-learning environment. Emphasis to assist new schools transition through start-up to full sustainability on per-pupil operating funds by Year 2 Implementation is thus inherent to the grant. Describe how the governing board of the charter school, in partnership with the authorizer and the local community, will provide for continued operation of the school once this CCSP federal grant has expired. Emphasize the progress you have made toward the plan for continued operation identified in the initial application. Note other federal title funds in use. List each of the governing board members, along with their title and term. Detail the enrollment of the school, the school's marketing plan and level of success, and any adjustments made in response to actual conditions.			
CRITERIA	Minimally addresses criteria or does not meet	Addresses criteria but did not provide thorough detail	Addresses all criteria with thorough detail
The charter school is moving toward a position of financial stability without grant funds in the future. The governing board is fully transitioned and functional. The school has secured a facility utilizing a reasonable percentage of per-pupil operating funds.	0	1	2
The school has met its projected enrollment. Student demand is strong and evident. The school monitors enrollment and is responsive to student retention and replenishment.	0	1	2

Updated appendices are required (except where noted) but will not be scored. They are not included in the narrative's 16-page limit. Plan templates and instructions for appendices can be found in the CCSP Guidebook.

If there is not a more current plan than the one submitted in the initial application, do not re-attach it, but rather indicate as there are no changes as noted below.

- A. **Charter School Enrollment Policy:** Include most current/updated lottery protocol and application form(s) if there have been changes since initial application. If there have been no updates made since initial application, mark as "no changes" to confirm applicability.
- B. **CCSP Grant Budget:** Do not include. Last, approved budget on file will be used.
- C. **Charter School Operating Budget:** Include last audited financial statement (no more than two pages) and long-term budget showing five or more years.
- D. **Technology Plan:** Include most current/updated plan if requesting funds for technology. If there have been no changes since the initial application, mark as "no changes" to confirm applicability.
- E. **Minor Facility Repair Plan:** Include the most current/updated plan if requesting funds for minor repairs or renovations. If there have been no changes since the initial application, mark as "no changes" to confirm applicability.
- F. **Transportation Plan:** Include Part A even if there have been no changes since the initial application. If funds were requested for transportation, include Part B of the most current/updated plan if there have been changes since the initial application. In addition, provide a copy of the Transportation Annual Report for Charters submitted with the school's Annual Financial Report.
- G. **Library Development Plan:** Include most current/updated plan if requesting funds for school or classroom-based library resources. If there have been no changes since the initial application, mark as "no changes" to confirm applicability.
- H. **Professional Development Plan:** Include most current/updated plan. If there have been no changes since the initial application, complete as "no changes" to confirm applicability.
- I. **Performance Management Plan:** Include most current/updated plan. If there have been no changes since the initial application, complete as "no changes" to confirm applicability.
- J. **Waivers Sought:** Ensure CDE Schools of Choice has current waivers on file.
- K. **Technical Assistance Proposal (2-Year):** Required of 2-year applicants (provide a narrative, plan, and date of completion for any previous incomplete TA).
- L. **Technical Assistance Proposal (3-Year):** Required of 3-year applicants (provide a narrative, plan, and date of completion for any previous incomplete TA).

COLORADO CHARTER SCHOOLS PROGRAM GRANT

Appendix M: Disclosure Information

Instructions

ALL applicants are required to respond to each of the following sections. Respond with N/A if a section is not applicable.

1. Certain organizational relationships and contractual arrangements can impact the award and use of CCSP grant funds. Describe any agreements or contractual relationships that have been or will be established with individuals, groups, or companies. These would include external service providers (ESP, such as educational management organizations (EMOs), charter management organizations (CMOs), or charter collaboratives), technology providers, professional development providers, curriculum companies, or any other service providers. Failure to disclose these relationships could result in funds being retracted, even if already disbursed. If an agreement with an EMO, CMO, or collaborative has been or will be executed, please include a copy of the agreement as an attachment to the grant application under Appendix M.
2. Explain any relationship with an ESP (including those identified under question 1 above) to include why the applicant is seeking to contract with an ESP. If this is the first time the applicant has contracted with this ESP, explain when and how the applicant learned of the ESP, what other ESPs were considered, and why the ESP was selected over other ESPs. Describe the key elements of the contract, if applicable. Is the service provider a for-profit or nonprofit organization/company? Describe the process used by founders to choose the service provider. (Was there a competitive bid process? Did research demonstrate that the company was successful with the proposed student population or educational model?)
3. Because certain contractual arrangements have bearing on what can and cannot be funded with CCSP grant funds, a charter school grant applicant requesting funds for anything that may also be covered in another contract must disclose that information. If there is a contract in place and CCSP grant funds are being requested for an item that may be included in that contract, please attach to the grant application a copy of the related contract(s) as part of Appendix M: Disclosure Information.
4. Explain which entity holds the assets of the charter school and which entity will hold any assets obtained through CCSP grant funds. Describe the governing board's composition in relationship to a chosen service provider. Provide information on key individuals working with the service provider.
5. Provide a description of the roles and responsibilities of the ESP. If some portions of a function are the responsibility of both the ESP and the school, please explain. The description should align with the management agreement with the ESP and provide a clear picture of what are the responsibilities of the ESP. Identify the cost of services provided by the ESP in terms of percentage of PPR.
6. Describe any contract/lease/mortgage that is in place regarding the school's educational facility. Your facility costs are estimated to be what percentage of PPR? Please include a copy of any facility-related agreements.
7. Per state statute C.R.S. 22-32-109(1)(y), school districts and charter schools (by extension through their charter contract) are required to develop and maintain a conflict of interest policy. Likewise, C.R.S. 24-

18-104 also outlines required board member conduct. Please describe the board member conduct and conflict of interest policies that have been put in place and include or attach with the grant application a copy of these policies as part of your response to Appendix M: Disclosure Information. Please see the following resource for what these policies should include:
