What do I need to know if my school might apply for funding?

If your school is considering an application for BEST financial assistance, it must **notify the Division of Capital Construction no later than November 30, 2018**. The BEST grant is a matching monies grant and each applicant is required to match a certain percentage of their project cost based on their financial capacity. The Division must collect data from the charter school in order to generate the matching percentage for the school.

Once my school does apply for funding?

If your charter school submits an application for financial assistance, the school must notify its authorizer. The authorizer has the option to submit a letter to the Board stating its position on the application, but a letter is *not* required.
