ACADEMIC LIBRARIES

2. Will participate in interlibrary sharing of resources at no charge to other Colorado libraries.
3. Must have existing local and/or state funding for libraries. The library must maintain its current effort to obtain funds to the end that moneys received under this Act do not replace or displace existing local revenue sources.
4. Make no charges to Colorado residents:
   a. To use an Interlibrary loan service (can pass on fees charged/assessed by other libraries) for primary clientele of the library.
   b. To access the Internet.
5. Academic Libraries must be established and maintained by a state supported institution of higher education primarily for the use of its students and faculty.
6. An institution of higher education may maintain more than one library at the same or additional campuses; each such institution shall be considered the equivalent of one eligible participant.
7. Will belong to the Colorado Libraries Collaborate (CLC) Program. The program provides free access to library resources for the patrons of all CLC member libraries.

Eligible Use of Funds

1. The State Grants to Libraries funding is to be used by the recipient to obtain educational resources that they would otherwise be unable to afford. The purpose of the educational resources is to support efforts to improve literacy and learning, and other education-related needs identified by the grantee.
2. Educational resources are defined as any of the following: books, periodicals, or any other form of print media; audiovisual materials; and electronic information resources.
3. Electronic Information Resources are defined as material of an education or informational nature that may only be accessed electronically.
4. Libraries should refer to the chart of How State Grants Can Be Used in the Appendix and the Frequently Asked Questions resource on the State Grants to Libraries site

Timeline for Expenditure of Funds

The funding cycle for State Grants to Libraries begins October 1, 2019. This does not mean funds will be transferred on October 1, but expenses incurred by libraries from October 1 may be applied to funds once they are received. All funds from this grant must be spent by May 31, 2020. Approved grantees will be notified of their grant amount in October, and funds will begin to be distributed to the address on record with the Colorado Department of Education soon thereafter. Funds will need to be requested via drawdown form no later than June 15, 2020.
Reporting Requirements

1. All State Grants to Libraries recipients must complete a final report by July 15, 2020 certifying that all moneys received were used for the purposes outlined in the State Grants to Libraries Act and these Guidelines. The report will include:
   a. A description of how the grant funds were used.
   b. Statistical and/or anecdotal reports on the benefits of the grant funded resources.

2. A sample report form is available online at: 2019-2020 Report Form Preview

3. Grant recipients must complete the online final report through a link provided to the Grant Reporting Contact Person listed in the Grant Eligibility Form or to the link made available on the State Grants website in the spring of 2020.

4. The report may be filled out whenever all funds have been spent, but at least by July 15, 2020.
