

Name of Entity: Imagination Station, Inc. (Istation)			
Contact information Contact Name: Chris Blevins Telephone number: 972-533-0657 E-mail: cblevins@istation.com Website: www.istation.com			
Type of Instructional Program:			
Comprehensive	Intervention	Supplemental to other programs	Students targeted
	☒ Istation includes robust reporting and teacher directed lessons for differentiated instruction and intervention (in addition to online instruction).	☒ Istation Reading can be used to supplement any core reading program.	Istation Reading was designed to help students struggling with reading skills to master the skills they need to read at (or above) their grade level. Because Istation Reading is adaptive, it can help any student— from struggling to advanced—achieve stronger reading skills.
If an intervention, describe what component of reading it addresses: - Phonemic Awareness - Alphabetic Knowledge - Vocabulary - Comprehension - Fluency			
Grade Level: (K) (1) (2) (3)			
Program Summary: Help your students gain the literacy skills they need with Istation Reading. Istation Reading provides motivating characters and stories that keep students engaged as they follow an individualized learning path based on automatic, adaptive, progress monitoring assessments. Instruction flows across grade levels, so advanced students are not "stuck" and struggling students are not lost. Students learn scaffolded concepts using a research-based instructional method: Introduction and Teach, Guided Practice, Independent Practice and Application, and Reteach as needed. In addition to the online instruction, Istation Reading includes online teacher resources for further instruction: intervention lessons, supplemental lessons, Lexile-leveled books and passages (fiction and non-fiction), animated lessons for white board technology, games, songs, and more. Istation Reading includes robust reporting that groups students by instructional need and includes a direct link to the needed intervention lesson. For more information about Istation, visit www.istation.com or contact Chris with the information above to set up a presentation.
