

Cut-off Scores to Determine a Significant Reading Deficiency

iReady

2022-2023

Users of iReady should use the cut-off scores established by the authors to determine a Significant Reading Deficiency. iReady users should use the Scale Score. For your reference, cutoff scores for iReady are provided below. Students must **exceed** the indicated Scale Score in order to not be identified as having a Significant Reading Deficiency. The scores below have been updated for 2021-2022.

iReady Scale Scores (below):

Grade	Fall Cut	Winter Cut	Spring Cut
K	315	339	364
1	362	386	411
2	419	438	458
3	474	487	500
