

Colorado READ Plan Working Group

Meeting Agenda

March 7, 2019

Goals:

- Clarify where we are in process (what we have accomplished and where we are headed)
- Review and analyze qualitative and quantitative survey data
- Agree on “problem statements” that the RPWG seeks to address
- Initial brainstorm on solutions to address “problem statements”

1. Welcome and introduction

- Overview of session agenda and goals
- Process review: where we’ve been and where we’re going
- Norms

2. Presentation: Identification of significant reading deficiencies

3. Synthesize READ Plan Survey Data

- Share / summarize responses to homework task
- Review qualitative data and identify themes

4. Lunch

5. Walk through example (problem statement transformed to solutions)

6. Review/revise draft problem statements

7. Create a “flip” to each problem statement (i.e., shift from negative to positive statement)

8. Identify desired results/solutions

9. Compare solutions to READ Act language

10. Closing and next steps
