Agate School District would like to continue using READ Act funds for reading intervention. In the 2021-2022 school year, 50% of students k-6 were "Well Below Grade Level" as evidenced by our Dibels scores. In the 2022-2023 school year we implemented Heggerty, Dibels, SIPPS and NWEA as intervention tools and at the end of the 2022-2023 school year only 25% of our students were "Well Below Grade Level." This has been an exciting journey for us at Agate and we would like to continue!

As a result of our reading data from the end of the 2023-2024 school year, it was determined that about 20% of Agate students have an SRD. Classroom teachers are targeting these students with small group sizes and extra support. We will use NWEA, Lexia Core 5, Acadience and upgrades on our core curriculum to help us meet the needs of our students. In 2021, 50% our Agate students had a significant reading delay, however, with hard work and our READ Act funds, we were able to achieve great growth last year! I'm proud of our school, my staff and our students! Thank you for the opportunity to use these great interventions. My expected outcome/goal is that our building would have 10% or fewer students with a significant reading delay.

READ funds will be used to hire a reading interventionist to provide services which are approved by the department
