Primero School has been operating a 21st Century Learning Center Grant since 2018. During these past five years, the entire district has been afforded the opportunity to conduct after school and weekend programming. A large part of those offerings centered on tutoring PK-12th grade students--including many with reading accommodations, plans, and those at-risk students attempting to stay on grade level in reading proficiency. That grant comes to an end this June (2023), and the district is looking at multiple ways to continue providing services, especially to those K-3 students most sensitive to needing tutorial aid in reading. Further complicating matters is the loss of our ELAT Grant that has been providing a Literacy Coach to the elementary staff. The absence of this position will also be keenly felt, as her guidance and assistance in working with identified students was one of the factors keeping our SRD levels as low as they are.
