

## Why are the codes changing for Reasons for Delay?

These changes will simplify delay codes overall by consolidating similar codes, such as combining all of the parent related codes into one. The revised list of delay codes also more closely aligns with the only federally allowable delay reasons:

- Parent repeatedly failed or refused to produce the child
- Student moved out of the district after referral process initiated
- Mutual written agreement to extend time for SLD identification
- Child's 3<sup>rd</sup> birthday occurred over the summer break (C to B only)

The changes will also allow us to gather more data regarding the details of *no valid reason*, such as staffing issues or extra evaluations.

## When will the new codes take effect?

The revised delay codes will take effect in SY2019-2020 starting on 7/1/2019. These data are included in the Participation file in the IEP Interchange and the first snapshot these data will pull into is the 2019-2020 SPED EOY which will open late spring in 2020.
