

## **Post Cross LEA Validation – Error SE901, SE902, and SE903 Instructions**

### **Error SE901**

These students are currently coded as dropouts, expulsions, or transfers to a GED program, but have been reported as attending another Colorado public school district after the exit date reported by your organization. Please change the Exit/Withdrawal Type code to 13 (Transfer to a public school in a different school district).

CDE shows the student attending another district after the student left your district. Run the EOY Error Detail report using the Post Cross LEA Edits workflow step to identify students receiving the SE902 error. Modify the exit type code in the student school association file to a 13 for these students. Please be sure to update the snapshot once the changes have been made in the student school association file. Contact CDE if you have any questions or concerns with this change.

### **Error SE902**

These students are currently coded as transferred to a non-district education environment or illness/injury (exit code 18,19,21,30), but have been reported as attending another Colorado public school district after the exit data reported by your organization. Please change the Exit/Withdrawal Type code to 13 (Transfer to a public school in a different school district).

CDE shows the student attending another district after the student left your district. Run the EOY Error Detail report using the Post Cross LEA Edits workflow step to identify students receiving the SE902 error. Modify the exit type code in the student school association file to a 13 for these students. Please be sure to update the snapshot once the changes have been made in the student school association file. Contact CDE if you have any questions or concerns with this change.

### **Error SE903**

These students are currently coded as transferring to another Colorado public school district (Exit/Withdrawal Type Code = 13), but their SASID was not reported in the current Student End of Year collection by any other district after the exit date reported by your district. Please verify the educational status of these students after exiting your district and change their Exit/Withdrawal Type Code as appropriate. Exit code can be changed to 40,00,01,02,12,14,15,16,18,19,21,50,70,90,91,92,93 or 94.

CDE does not show the student attending another district after the student left your district. Run the EOY Error Detail report using the Post Cross LEA Edits workflow step to identify students receiving the SE903 error. The identified students' exit type code must be change to one of the following: 40,00,01,02,12,14,15,16,18,19,21,50,70,90,91,92,93 or 94. This change will need to be made in the student school association file. Please be sure to update the snapshot once the changes have been made in the student school association file. Contact CDE if you have any questions or concerns with this change.
