

Special Education End of Year Report Check List

This document provides an optional checklist which data respondents and their directors may use to track their progress through the review and submission of SPED End of Year Reports. This checklist was created in response to a request from the field. If you have any suggestions regarding the checklist, please email Alyssa Ohleyer at Ohleyer_A@cde.state.co.us.

The Checklist is color-coded to match the colors of the slides from the SPED EOY Report Webinar.

- The first section of the checklist covers the Error Reports that should be reviewed before the Exception request deadline (September 6, 2018) and deadline by which all errors must be resolved (September 11, 2018).
- The second section of the checklist covers the reports that must be reviewed by directors during Report Review Week September 11- September 14 and again in the Final Report Review September 27 to October 3, 2018.
- The third section covers the reports that must be signed by directors and submitted by October 4, 2018.
- The final section of the checklist contains tables of common codes that will be encountered in the reports.

This year 10 signature reports are required. The Flag Explanation Report is only required if your Administrative Unit had any significant changes flagged in your Year to Year reports. Significant changes are flagged if a category changes by a count of 20 or more AND a percentage of 20% or more. Changes that fit both criteria will be flagged with an "A" in the Year to Year reports.

The data captured in the SPED EOY Snapshot are used for Federal and Indicator reporting, to monitor state performance, to examine issues related to disproportionality and in policy development decisions.

Symbol	Meaning
