

2022-2023 Teacher Student Data Link Interchange

Purpose: The TSDL file captures data that link students in grades 6 through 12 to courses and instructors (if available) for the reported school year. CDE relies on the TSDL snapshot data to populate and create the Student Course Participation and Achievement Report (as required by C.R.S 22-11-503.5), the Educator Preparation Program Report (as required by C.R.S. 22-2-112 (1)(q), as well as complete required reporting for migrant students. Other CDE reports, such as the Civil Rights Data Report, rely on accurate data.

Dependencies: Each student has been assigned a Student Identifier (SASID) and updated through the Record Integration Tracking System (RITS). Each SASID is also reported in the Student Interchange for the reporting LEA. Each educator has been assigned an Educator Identifier (EDID) and reported as part of the Staff Profile file. The Local Course Code has a corresponding State Standard Course Code as determined at the LEA level.

Record Expectation: In the TSDL file, the LEA should submit one record for each student and core course enrolled for 6 weeks or more along with the educator of record and contributing professional if applicable. "Core course" means a course in English, mathematics, science, social studies. For 8th-12th Grade Migrant Students, all courses must be reported. For the OCR report, computer science and all AP courses should also be included. Students enrolled less than 6 weeks would not be required to be reported unless they receive a grade for the core course.

Teacher Student Data Link Elements and Definitions

School District/BOCES Code - A unique code assigned to a district by CDE. Refer to School District/BOCES Code table at http://www.cde.state.co.us/DataPipeline/org_dist-BOCES.asp

School Code – A unique code assigned by CDE to a school building. Refer to School Building Code Table at http://www.cde.state.co.us/DataPipeline/org_school.asp.

Local Course Identifier/Code – The identifier designated by the local district for the course.

Local Course Title – The Local Course Title designated by the local district for the course. Note: If there is no difference from the title and the Local Course Identifier, then repeat the value from the Local Course Identifier.

Course Level– The level associated with the course offered.

B	Basic/Remedial – A course focusing primarily on skills development, including literacy in language, mathematics, and the physical and social sciences. These courses typically meet the state’s or district’s expectations of scope and difficulty for mastery of the content.
C	College - A course that is designed to be credit-bearing at a postsecondary institution.
E	Enriched or Advanced - A course that augments the content and/or rigor of a general course, but does not carry an honors designation.
G	General – A course providing instruction in a given subject area that focuses primarily on general concepts appropriate for the grade level. General courses typically meet the state’s or district’s expectations of scope and difficulty for mastery of the content.
H	Honors – An advanced-level course designed for students who have earned honors status according to educational requirements. These courses typically include additional content not found in general courses, and are formally designated as honors courses. (Note: These courses are NOT designated as Advanced Placement or International Baccalaureate. Those courses have a unique State Course Code because they have specific curriculums designated by their organization. Typically AP/IB courses are designated as General for mapping purposes since they have a unique/special course code that already designates their level of rigor.)

Course Credits – The length of the course in terms of Carnegie Units. A one year course that meets daily for approximately 50 minutes to 1 hour equals 1.00 Carnegie Unit Credit. Base all calculations on 1 hour for 1 year. Therefore, a semester long course that meets for approximately 1 hour equals 0.50 Carnegie Unit Credit. (Note: system requires credits be entered as 4 characters. Example: 1.00 or 0.50).

Section Number – The identifier designated by the local district for the section for the course.

Term- The time frame when instruction occurred.
