

Data District Self-Assessment and Planning Tool

Who is your district LAM (Local Access Manager)? _____ I'm not sure _____

Does your district's liaison regularly communicate with the LAM? __Yes __NO __I'm not sure

What Information Management System (IMS) does your district use? _____

When a student is determined as McKinney-Vento eligible, how does the student, along with their Primary Nighttime Residence, become marked in your IMS?

How many students did your homeless liaison report last year as MV eligible? _____

How many students do you believe were reported by the LAM? _____

What process do you follow in your district to reconcile the liaison's numbers with the data submitted by the LAM?

Part 2: Go see Tricia for your actual numbers to complete below.

Actual Numbers for 2015-2016

Liaison number reported: _____

LAM number reported: _____

Percent variance: _____

PART 3 ON REVERSE

Part 3: Reflection

What is the number difference? (Liaison number-LAM number)_____

Did the LAM report more or less students than the Liaison? _____

Were you surprised by this variance (or lack of variance)? Why or why not?

What do you believe caused this variance? If you do not have a variance, what are you doing to assure the numbers submitted in the data pipeline match those of the liaison?

What are some ways your district could assure these two numbers match in this year? Or, what are some ways to assure data collection is correct within your district? Who could you identify to assist you in this process?
