

## 2024-2025 Induction Program Renewal Cohorts

Induction program leaders with a reauthorization date of January 2025 are invited to participate in renewal cohorts with the Educator Development team at CDE. Renewal cohorts are small groups of induction leaders who meet to support each other in the reauthorization application process. Cohort content will be applicable to all renewal types: teacher, SSP, and principal/administrator.

### What to Expect

Renewal cohorts will meet every other week for 90 minutes during October and November with four meetings total. Each cohort will contain no more than 8 induction leaders from programs of similar size. Small group coaching will be provided by the CDE Educator Development team focused on the standards in the induction program rubrics (teacher, SSP, and principal/admin). The first half of each meeting will be shared learning focused on a section of the induction rubrics. The second half will be an optional work time where participants can focus on their induction reauthorization application with real-time support from the Educator Development team and other cohort members.

### Timeline

Date and Time	Topic	Description
