- **§200.16(a)(4):** "A State may choose one of the exceptions described" above "for recently arrived English learners and must— (i)(A) Apply the same exception to all recently arrived English learners in the State; or (B) Develop and consistently implement a **uniform statewide procedure** for all recently arrived English learners that, in determining whether such an exception is appropriate for an English learner, **considers the student's English language proficiency level** and that may, at a State's discretion, consider one or more of the student characteristics"

Colorado Context

- Flexibility for states to either exempt or assess first year ELs (with the accompanying accountability reporting requirements) was allowed by USDE for 2015-16.
- CDE's Assessment Unit presented these options to the field and received mixed feedback. There was not consensus around adopting either approach statewide.
- For the 2015-16 and 2016-17 CMAS PARCC Administrations, individual districts were allowed to choose whether to test or exempt first year ELs.
- Colorado will need to adopt a single consistent EL newcomer testing policy to be implemented for 2017-18.

What We've Heard

- The Accountability spoke has been collaborating with the Assessment spoke in reviewing the statutory requirements and determining the optimal path forward.
- The Culturally and Linguistically Diverse Education Stakeholder collaborative members were briefed at their October and November meetings and provided substantive feedback.

- Members of the State Board of Education were presented with the initial recommendation at the October board meeting and gave recommendations for additional consideration.
- Additional regional meetings with district representatives of EL programming

Accountability Spoke Proposed Procedure for Testing EL Newcomers

- If a student has been enrolled in a US school for less than 12 months and is classified as **Non-English Proficient (NEP)**- based on the WIDA screener and local body of evidence- he or she is **exempt** from taking the CMAS PARCC ELA assessment. A student's parents can opt the child into testing if they choose, and the score results will be used for accountability and growth calculations.
- If a student has been enrolled in a US school for less than 12 months and is classified as **Limited-English Proficient (LEP) or Fluent-English Proficient (FEP)**- based on the WIDA screener and local body of evidence- he or she should be **assessed** on the CMAS PARCC ELA assessment.

Additional Information

- CDE will work with stakeholders to create a standardized process for building a local body of evidence. Guidance will be provided around appropriate measures/indicators of progress in learning English and determining if a student should be re-categorized as LEP.
- For test registration and record keeping purposes, districts will need to change a student's official EL status in Data Pipeline from NEP to LEP if they plan to test the student on the ELA assessment.
- CDE will run checks between the assessment file and Data Pipeline to ensure consistency across district coding and testing practices for EL newcomers.

Options Not Recommended

- Given the widely differing district preferences between testing and exemption and the regulatory requirement for a single uniform statewide procedure, a compromise solution seemed like the best balance of perspectives.
- At all public presentations of the initial Accountability spoke recommendation, there has been general approval of the proposed solution to exempt NEP and test LEP students in the US less than 1 year.
- Feedback around creating a standardized Body of Evidence and allowing parent opt-ins to be included for accountability reporting were incorporated into the original proposal.

Input Needed

- For ELs enrolled in US school for less than 1 year, do you support exempting non-English proficiency (NEP) students from one administration of the state ELA assessment while testing students demonstrating limited English proficiency (LEP)? (1= do not support, 5= strongly support)
- Are there any additional factors that the spoke committee should consider or investigate?
