Things to Remember

- **The passage of ESSA offers us an opportunity to review our priorities for education in Colorado.**
- **Our focus is on developing a state plan for ESSA.**
- **As we discuss our options and our priorities, we need to always keep in mind the intersections of state and federal law as they pertain to ESSA.**
- **Because we are using state law to meet federal requirements in many areas, there are items that will be discussed that fall outside our ability to enact. Those will be shared with the State Board and Colorado General Assembly ESSA implementation group.**
