

Gifted Education Monitoring (GEM) Schedule 2020-2025

The Colorado Department of Education (CDE) supports Administrative Units (AUs) in improving outcomes for identified gifted students. Gifted Education Monitoring (GEM) aligns with the Rules for the Administration of Gifted Education under the Exceptional Children’s Educational Act (ECEA), Rule Section 12.07. The Gifted Education Monitoring process is designed to support AUs in evaluating implementation of ECEA rules and gifted program quality. AUs will participate in the GEM process every 5 years in alignment with the development of their Comprehensive Program Plan.
