00:13:41   drbeller: We don't have audio?

00:13:53   Emma Richardson: I have audio

00:13:59   pete.medina: I have audio

00:14:04   Kristen Fournier: Audio is good.

00:14:15   Devon : I have audio

00:14:18   Delhia: I didn't either but then I switched from join by phone to join by computer.

00:14:45   drbeller: got it. user error :)

00:29:40   johnwogburn: yep

00:31:56   Emma Richardson: Are you on a Mac?

00:46:15   ewingj: Were there any obstacles or challenges in getting teachers/staff to administer the survey?

00:53:32   carriecarpenter: What surveys do districts use besides Tetra Analytix?

00:54:18   ewingj: Our district uses a county-mandated survey, the Adams County Student Survey.

00:54:50   drbeller: We use Healthy Kids Colorado Survey quest for middle school & a district-created survey for elementary

00:55:11   carriecarpenter: Is it possible to get a copy of the Adams County student student survey?

00:55:39   johnwogburn: DPS uses a the google form as well as another district wide survey called the Student Satisfaction Survey which includes questions related to student experience/ relationship with their school

00:56:52   Abigail Rendon: Antonito uses Safe Communities Safe Schools

00:58:38   johnwogburn: Yeah! The Student Satisfaction is also connected to a school's performance rating which incentives leaders to focus on positive school culture efforts

00:58:53   Emma Richardson: Did others just lose sound?

00:58:59   johnwogburn: yeah

00:59:04   melissagoble: Yes

00:59:09   johnwogburn: I can hear now

00:59:10   Emma Richardson: Yes, can hear you now

00:59:27   Delhia: We use that too (SCSS) at CLPMS in Poudre School District.

01:07:56   Abigail Rendon: Will you add the survey monkey on this chat?

01:08:09   Emma Richardson: Thanks Adam!

01:08:27   Adam Collins: Yes, one second

01:08:56   johnwogburn: Thank you! Excited to dive into the latest research article that emphasizes relationships and strong teaching practices! This aligns perfect with current efforts in Denver Public Schools!

01:08:57   Adam Collins: https://www.surveymonkey.com/r/BPEGWebinar01-29-20

01:09:02   ewingj: Thanks, Adam! See you all in March.

01:09:18   pete.medina: The only questions that my team came up with are relating to clarity of the question. Example, if a student doesn't feel safe at school we want to know if it is about the school environment or what is happening in the community or the news.

01:11:21   Devon : Thank you Adam for a great webinar and a BIG thanks to for your presentation.:)

01:12:05   Adam Collins: Thank you!

01:13:06   drbeller: Thank you!

01:13:10   johnwogburn: Awesome—huge thanks!:)
