# Colorado School Bullying Prevention and Education Grant Program 2023-2026

Applications Due: Friday, January 20, 2023, by 11:59 pm

## Introduction

---

Bullying affects thousands of students each year. Although prevalence rates vary from study to study, around 30% of students report being a part of bullying as either a victim or perpetrator (see Rivara & Le Menestrel, 2016). Involvement in bullying, regardless of one's role, can have lasting negative consequences including decreased academic achievement, increased likelihood of dropping out of school, depression, and anxiety (see Swearer, Collins, Radliff, & Wang, 2011). Reducing the frequency of bullying in schools is a complex endeavor that often requires team-driven shared leadership utilizing family, school, and community involvement. Implementing evidence-based bullying prevention best practices gives all stakeholders the best chance to provide lasting improvements to stop bullying.

## Purpose

---

The Colorado School Bullying Prevention and Education Grant Program (BPEG) is authorized by C.R.S. 22-93-101 to provide funding to reduce the frequency of bullying incidents. This includes:

- 1) Implementing evidence-based bullying prevention practices with fidelity;
- 2) Family and community involvement in school bullying prevention strategies;
- 3) Adopting specific policies concerning bullying education and prevention;
- 4) Using data to effectively problem solve local bullying concerns;
- 5) Developing/Adopting a team at each school to lead the bullying prevention efforts; and
- 6) Developing and including student voice in bullying prevention efforts.

In an effort to provide resources to more schools, a purpose of the current grant opportunity is to also help create readiness to fully implement the BPEG program. **Applicants that are not selected for full funding may be offered a lower level of funding for the sole purpose of conducting the annual student survey (Student Survey Grantees).** This provides several benefits including:

- the ability to conduct a schoolwide survey on the prevalence of bullying,
- more robust data that may improve scores on future BPEG applications,
- additional priority points on future BPEG applications for those that meet all requirements, and
- ongoing technical assistance for bullying prevention from CDE.

## Eligibility and Priority Considerations

---

### Eligible applicants include:

- School districts and the Charter School Institute (on behalf of a school or a collaborative group of schools)
- Charter Schools\*
- Boards of Cooperative Services (on behalf of a school or a collaborative group of schools)
- Facility schools approved pursuant to C.R.S. 22-2-402 (1)

In an effort to meet the bullying prevention needs of all schools across the state, **grantee schools that have previously been part of the BPEG program are not eligible for funding.** Additionally, given the limited amount of funding for this cohort of the BPEG program, **a maximum of 2 schools per application will be considered.**

**Note:** Individual charter school applicants must obtain signatures from their authorizing district or the Charter School Institute (CSI). If awarded a grant, the charter school's authorizer or CSI will be the fiscal agent.

The funding allocation process includes an application submission, CDE review and award determination, budget submission, potential revision(s), and final approval by CDE. The determination process for award amounts prioritizes the following factors:

- the rate of students eligible for free and reduced lunch (compared to the 2021-2022 statewide average of 37.2%),
- the rate of minority students<sup>1</sup> (compared to the 2021-2022 statewide average of 48.1%),
- the rate of students with disabilities (compared to the 2021-2022 statewide average of 11.9%), and
- rural or small rural status.

## Application Format

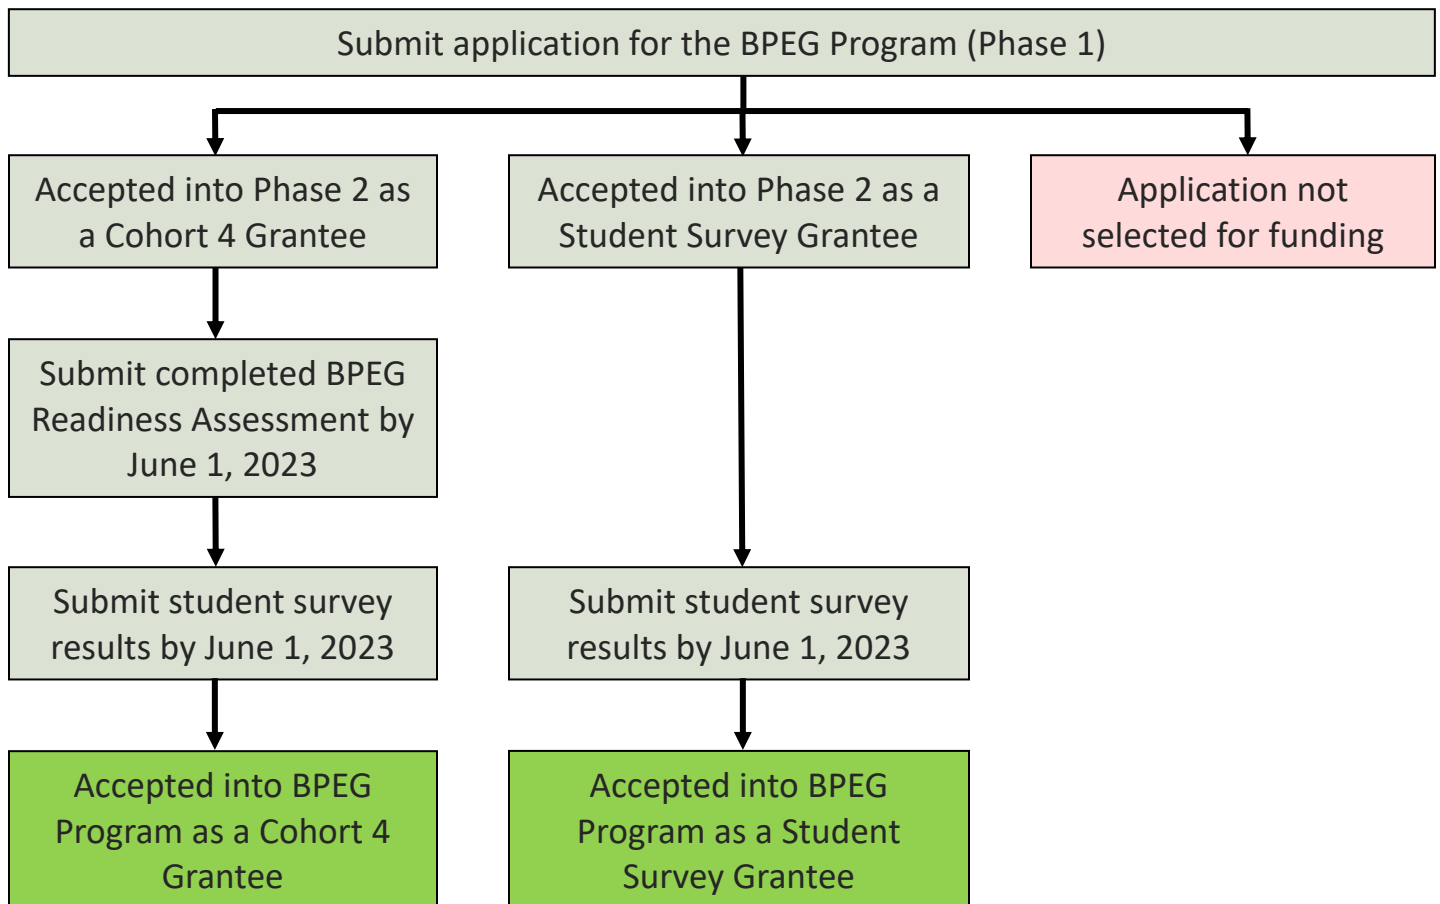

---

There are two phases to the application process.

**Phase 1:** The first phase is completing the traditional application to be selected into Cohort 4 of the BPEG program or as a Student Survey Grantee. Applications recommended for approval after the first phase will move to phase two.

**Phase 2:** The second phase requires those applicants selected in Phase 1 as a Cohort 4 grantee to complete a brief readiness assessment (see Appendix H) and conduct their first student survey on the prevalence of bullying. Those applicants accepted into Phase 2 as a Student Survey Grantee are not required to complete the BPEG Readiness Assessment, but must submit student survey results by June 1, 2023.

Applicants that fully complete Phase 2 will be fully accepted into the BPEG program and notified by February 10, 2023.

<sup>1</sup> "Minority students" includes American Indian or Alaskan Native, Asian, Black or African American, Hispanic or Latino, Native Hawaiian or Other Pacific Islander, and Two or More Races, as per CDE guidance.

## Available Funds

---

\$1,000 will be awarded in the spring of 2023 to all Phase 2 applicants to complete the student survey.

**Cohort 4 Grantees:** Each year, approximately \$275,000 is available for about eight Cohort 4 grantees.

**Student Survey Grantees:** Each year, approximately \$10,000 is available for about 10 Student Survey Grantees.

Full funds for the 2023-2024 school year will be awarded by CDE no later than July 31, 2023. Grant awardees will be responsible for spending awarded funds in accordance with the approved budget and timeline within the grant application.

**Requested Amounts:** Proposed budget requests should indicate the number of schools to receive funds, as identified on the cover/signature page. The grant request should include a budget for each school. Each school's budget should describe the amount of funds to be used for the entire three-year period of the grant delineated by year.

The grant request should not exceed \$35,000 per recipient school per year. For example, if an eligible district proposes to include two high schools in its grant application, the maximum amount that could be requested is \$35,000 per school, per year, for a total of \$70,000 per year.

Grant applications should not exceed a total budget of \$70,000 per year.

Applicants must include funding for an Implementation Coach in their budget. As described in more detail in Appendix E, the BPEG Implementation Coach will attend regular trainings from CDE on bullying prevention and support monthly school-level meetings of the BPEG Implementation Team.

## Allowable Use of Funds

---

Awarded funds shall only be used for the following purposes:

- 1) Hiring or designating an Implementation Coach that will be qualified to provide support, ongoing progress monitoring, data analysis, and reporting to CDE of the progress of the bullying prevention best practices. See **Appendix E** for a list of Implementation Coach competencies.
- 2) The cost of implementing evidence-based bullying prevention best practices (e.g., purchasing a curriculum, training).
- 3) Educating and/or including students' parents and legal guardians regarding:
  - a. The policies concerning bullying prevention and education;
  - b. ongoing efforts to reduce the frequency and intensity of bullying incidents; and
  - c. strategies for involving families and the community in school bullying prevention.
- 4) Developing student leadership and voice in the creation and implementation of bullying prevention strategies.
- 5) Monitoring and execution of the distribution, collection, standardization, and analysis of survey data collected.
- 6) Monitoring and execution of procedures that ensure the confidentiality of each student's answers to the survey.
- 7) Monitoring and execution of the distribution, collection, and analysis of implementation data that indicate the degree to which the school, leadership team, and school staff implement the evidence-based bullying prevention best practices.
- 8) Administrative costs (maximum of 5% of total funds).

Funds from this opportunity must be used to **supplement and not supplant** any federal, state and/or local moneys currently in place. Funds must be expended by June 30 each year. Funds may be carried over from year-to-year if the grantee completes a formal rollover request.

Awarded funds for Student Survey Grantees shall only be used for the following purposes:

- 1) Monitoring and execution of the distribution, collection, standardization, and analysis of survey data collected.
- 2) Monitoring and execution of procedures that ensure the confidentiality of each student's answers to the survey.
- 3) Administrative costs (maximum of 5% of total funds).

## Duration of Grant

Grants will be awarded for a three-year term beginning in the 2023-2024 school year. The grant will expire at the end of the 2025-2026 school year. **Note:** Each year of grant funding is contingent upon annual appropriations by the State Legislature.

Funded applicants will be eligible for continued funding in the second and third years of the grant cycle after successfully demonstrating the following in a timely manner:

- Completion of all required annual evaluation materials (e.g., annual survey);
- Adequate progress improving BPEG Self-Assessment scores;
- Submission and full completion of all required Annual Report materials; and
- Submission of budgets and financial reports.

## Evaluation and Reporting

Each applicant that receives a grant is required to report, at a minimum, the following information to the Department on or before June 30, 2023, and each subsequent year of the grant:

- 1) An evaluation report (see **Appendix F**) that includes:
  - The evidence-based best practices in bullying prevention that the grantee(s) implemented or plan to implement using the grant moneys;
  - The number and grade levels of students who participated in or plan to participate in each of the bullying prevention practices or services provided;
  - The progress made in including families and communities in school bullying prevention strategies;
  - The progress made in adopting specific policies concerning bullying education and prevention;
  - The progress made in implementing the evidence-based best practices in bullying prevention with fidelity; and
  - The progress made in reducing the frequency of bullying as indicated by school surveys and other relevant measures.

- 2) An annual financial report.
- 3) If continuation funds are appropriated by the State Legislature, submission of a formal rollover request will be required for schools to keep unused funds for the next year of the grant.

The LEA will be required to submit an Interim Financial Report two times each year to ensure funds are being drawn down in a timely manner.

**\*Note:** Sites receiving a grant through the BPEG may be selected for a site visit by CDE program staff at some point during the life of the grant.

Information reported to CDE in relation to grant activities is not confidential and is subject to public request. Awarded grantees should ensure reported information does not contain Personally Identifiable Information (PII) or confidential information.

## Data Privacy

---

CDE takes seriously its obligation to protect the privacy of student and educator Personally Identifiable Information (PII) collected, used, shared, and stored. PII will not be collected through the BPEG. All program evaluation data will be collected in the aggregate and will be used, shared, and stored in compliance with [CDE's information privacy and security policies and procedures](#).

Application materials for this grant must not contain any personally identifiable student or educator information including names, identification numbers, or anything that could identify an individual. All data should be referenced/included in the aggregate and the aggregate counts should be redacted to remove small numbers under 16 for students.

Additionally, opt-in procedures must be documented and followed as part of the grant program. In accordance with rule 3.03.6.4, grantees are required to implement an active opt-in procedure for parents and students for any surveys used as a part of the grantee's program. This means that parents/guardians must sign a document stating that they agree to allow their child to complete the assessment. It includes ensuring students are knowledgeable that surveys are voluntary and not required.

## Application Technical Assistance and Intent to Apply

---

[Register for an application training webinar](#) on Monday, December 12, 2022, at 1 pm.

**Rural applicants:** An LEA that is a rural school district or a small rural school district, or a district charter school or institute charter school located within the boundaries of a rural school district or small rural school district may request and submit a simplified grant application. The simplified application process will include:

1. an optional submission of the executive summary describing the application; and
2. technical assistance from CDE to support application efforts.

### Intent to Apply:

The Intent to Apply (see **Appendix G**) for BPEG, is due by **Monday, December 12, 2022, by 11:59 pm**. [Complete the Intent to Apply here](#). Though strongly encouraged, the Intent to Apply is informational and is not a required component of the grant application submission process.

## Additional Technical Assistance

---

Pursuant to 22-93-101 § C.R.S., a [website that provides resources and evidence-based best practices in bullying prevention](#) is publicly available on CDE's website.

Additionally, this website makes available [application resources](#) such as the procedures for the distribution, collection, standardization, and analysis of data collected from surveys of students' impressions of the severity of bullying in their schools. These procedures include those to ensure the confidentiality of each student's answers to the survey and to clarify that the completion of a survey shall be voluntary and shall not be required of any student.

Moreover, the website provides [guidance on the required survey questions](#): (a) how frequently do students perceive themselves to be a target of bullying and, (b) how frequently do students witness bullying. There are three different survey options that may be used to evaluate bullying behaviors in schools:

1. **Adapted National Crime Victimization Survey (NCVS)**: This survey option is a version of the bullying items included in the School Crime Supplement (SCS) of the NCVS adapted and provided by the Colorado Department of Education to meet the needs of the BPEG. The SCS is national survey conducted every two years to collect information about victimization, crime, and safety at school. The adapted version of the NCVS for the BPEG includes only the bullying prevention items from the SCS. Benefits of using this option are that certain items can be removed, if desired, by the school, the survey can be administered online through platforms such as Google Forms, and results can be compared to a nationally representative sample.
2. **Safe Communities Safe Schools Survey (SCSS)**: This school climate survey was developed at the University of Colorado (CU) and includes a comprehensive set of bullying items including perpetration, witness, and target scales. In addition, hot spots and reporting items are included. Other scales measured in the survey include school climate, risk and protective factors, problem and prosocial behaviors, and mental/behavioral health items. There are parent and staff versions of the assessment as well. A full report is provided to schools on their results in addition to consultation from CU. Schools interested in the SCSS survey should email Susanne Maher ([Susanne.A.Maher@colorado.edu](mailto:Susanne.A.Maher@colorado.edu)) and Sabrina Mattson ([Sabrina.Mattson@colorado.edu](mailto:Sabrina.Mattson@colorado.edu)).
3. **Existing or Other Survey**: This option can be another survey that the school is already using or would like to use as long as the two required items related to the BPEG are represented. Note: The specific questions that measure bullying behaviors must be provided to the Department with the application for approval.

All surveys can be conducted in electronic or paper-and-pencil formats.

**Appendix A** of this RFA provides Practice Profiles for the BPEG program. Practice Profiles provide definitions of the core components that make up the BPEG (e.g., Positive School Climate) as well as the basic activities within each core component. Each Practice Profile includes an "Acceptable Use in Practice," "Developing Use," and "Unacceptable Use" description so that readers understand the continuum of how each activity is implemented.

**Appendix B** of this RFA provides the BPEG Self-Assessment version 2.0. This updated BPEG Self-Assessment allows schools to determine the degree to which they are implementing bullying prevention best practices. The BPEG Self-Assessment is aligned to the core components of the BPEG as described in the BPEG Practice profiles. Each section of the BPEG Self-Assessment provides concrete activities that, when implemented with fidelity, result in improved implementation of the BPEG program.

**Appendix C** of this RFA provides the Implementation Guide for the BPEG program over the full three years of the grant. This Implementation Guide gives readers a detailed description of the activities, scope, and sequence of the grant program. Information provided in the Implementation Guide demonstrates what the grant program may look like in your school, including required activities and grant reports.

**Appendix D** of this RFA provides guidance to applicants on how funding may be used to support the reduction of bullying. Common examples of how past grantees have used funds to engage families, the community, and students are included. Additionally, specific non-allowable uses are listed to ensure your budget includes only items that are allowable.

**Appendix E** of this RFA lists the common competencies for Implementation Coaches who are hired or designated as part of the BPEG program.

**Appendix F** of this RFA lists the six required questions that must be submitted each year to CDE by each school in the grant.

**Appendix G** of this RFA provides the questions asked as part of the Intent to Apply survey.

**Appendix H** of this RFA is the Readiness Assessment that must be completed and submitted by applicants only after they have been notified by CDE that they have been accepted into Phase 2 of the application process.

An application information webinar will be held on Monday, December 12, 2022, at 1 pm. Register for this technical assistance [here](#). If you have questions or issues regarding registration, please email [Collins\\_A@cde.state.co.us](mailto:Collins_A@cde.state.co.us).

## Review Process and Notification

Applications will be reviewed by CDE staff to ensure they contain all required components. This funding opportunity is a competitive process. There is no guarantee that submitting an application will result in funding or funding at the requested level. Applicants will be notified of final award status no later than **Friday, February 10, 2023**.

Applicants must score at least 91 points (70%) out of the 130 possible points on the application to be approved for funding. Applications that score below 91 points *may* be asked to submit revisions that would bring the application up to a fundable level.

---

## Submission Process and Deadline

Completed applications (including all required elements outlined below) must be submitted through the [online application form](#) by **Friday, January 20, 2023, by 11:59 pm**.

Within the online application, applicants will complete Part I with their applicant information and upload attachments as described in the Required Elements section below.

Incomplete or late applications will not be considered. If you do not receive an email confirmation of receipt of your submission from the application system within 24 hours after the deadline, e-mail [CompetitiveGrants@cde.state.co.us](mailto:CompetitiveGrants@cde.state.co.us).

Application resources and materials are available on [CDE's Bullying Prevention and Education Grant webpage](#).

---

## Application Format

- The total narrative (Sections A-E) of the application cannot exceed 12 pages. See below for the required elements of the application. Note: Applications that exceed 12 pages will not be reviewed. If you need any clarification at all about what the page limit will or will not include, please reach out to the application contacts prior to submitting.
- All narrative response pages must be standard letter size, 8-1/2" x 11", using no smaller than 11-point font, single-spaced, with 1-inch margins, and numbered pages. Applications not adhering to formatting requirements may be disqualified.
- The Program Assurances Form must include signatures from the lead organization/fiscal agent. If grant application is approved, funding will not be awarded until all signatures are in place.

**Note:** Apart from the items noted below, attachments or addendums cannot be utilized to address the required elements or be factored into the scoring and are therefore discouraged.

## Part II: Program Assurances Form

The appropriate Authorized Representatives must sign below to indicate their approval of the contents of the application for the **Colorado School Bullying Prevention and Education Grant**, and conditions associated with the receipt of program funds.

On \_\_\_\_\_ (date), 2023, the Board of \_\_\_\_\_ (applicant) hereby applies for and, if awarded, accepts the state funds requested in this application. In consideration of the receipt of these grant funds, the Board agrees that the General Assurances form for all state funds and the terms therein are specifically incorporated by reference in this application. The Board also certifies that all program and pertinent administrative requirements will be met. In addition, grantees that accept the BPEG funding agree to the following assurances:

1. The grantee will annually provide the Colorado Department of Education the following required evaluation information (see pages 6-7 and 51):
  - The evidence-based best practices in bullying prevention that the applicant(s) implemented using the grant moneys;
  - The number and grade levels of students who participated in each of the bullying prevention practices or services provided;
  - The progress made in including families and communities in school bullying prevention strategies;
  - The progress made in adopting specific policies concerning bullying education and prevention;
  - The progress made in implementing the evidence-based best practices in bullying prevention with fidelity; and
  - The progress made in reducing the frequency of bullying as indicated by school surveys and other relevant measures.
2. The grantee will use opt-in procedures when administering student surveys.
3. The grantee will administer a survey to students each year to determine, at a minimum, the frequency of (1) bullying victimization and (2) witnessing bullying over the previous year.
4. The grantee will work with and provide requested data to CDE for the Colorado School Bullying Prevention and Education Grant within the time frames specified.
5. The grantee will budget for their bullying prevention committee to attend grant trainings available for the program they choose, as outlined on the bullying prevention and education [website](#), for the duration of the grant
6. The grantee will not discriminate against anyone regarding race, gender, sexual orientation, national origin, color, disability, or age.
7. Funds will be used to supplement and not supplant services currently in place.
8. Funds will be used to supplement and not supplant any moneys currently being used for student re-engagement services and grant dollars will be administered by the appropriate fiscal agent.
9. Funds will be used, in part, to hire or assign an Implementation Coach.
10. Funded projects will maintain appropriate fiscal and program records and that fiscal audits of this program will be conducted by the grantees as a part of their regular audits.
11. If any findings of misuse of these funds are discovered, project funds will be returned to CDE.
12. Grantee will maintain sole responsibility for the project even though contractors may be used to perform certain services.

The Colorado Department of Education may terminate a grant award upon thirty days' notice if it is deemed by CDE that the applicant is not fulfilling the requirements of the funded program as specified in the approved project application, or if the program is generating less than satisfactory results. Project modifications and changes in the approved budget must be requested in writing and be approved in writing by the Colorado Department of Education before modifications are made to the expenditures. Please contact Anna Friedman ([Friedman\\_A@cde.state.co.us](mailto:Friedman_A@cde.state.co.us), 720-778-1877) and Adam Collins ([Collins\\_A@cde.state.co.us](mailto:Collins_A@cde.state.co.us), 303-866-6622) for any modifications.

## Part III: Application Narrative Criteria and Evaluation Rubric

### Parts I-II: Application Introduction [Not Scored]

Applicant Information, Program Assurances, and Executive Summary

### Part III: Evaluation Rubric [130 Points]

The following criteria will be used by reviewers to evaluate the application as a whole. In order for the application to be recommended for funding, it must receive at least 91 points out of the 130 possible points and all required elements must be addressed. Applications that score below 91 points may be asked to submit revisions that would bring the application up to a fundable level. An application that receives a score of zero on any required element will not be funded without revisions. Importantly, suggestions for responses to many items have been provided on the [CDE Bullying Prevention and Education Website](#).

Completion of Sections A-E in a narrative format cannot exceed 12 pages. All pages must be standard letter size, 8-1/2" x 11", using no smaller than 12-point font, single-spaced, with 1-inch margins and numbered pages. The signature page must include original signatures of the lead organization/fiscal agent.

### Scoring Definitions

Information Not Provided: Information provided is insufficient and/or does not address the criteria.

Requires Additional Information: Information provided addresses some of the criteria; however, additional context, information, or clarification is needed.

Meets All Criteria: Information provided meets the required response criteria.

High-Quality Response: Response is exemplary, meets all criteria, and thoroughly supports applicant's case for funding.

Section A: Needs Assessment	Information Not Provided	Requires Additional Information	Meets All Criteria	High-Quality Response	TOTAL
1) Describe your need for bullying prevention and education, based on an analysis of data. Address: <ul style="list-style-type: none"> <li>• Frequency and severity of bullying behavior (e.g., office discipline referrals and other discipline data such as harassment, aggressive behaviors, disrespect); and</li> <li>• Family, teacher, and community input.</li> </ul>	0	3	7	10

## Appendix A: Bullying Prevention and Education Grant Practice Profiles

The following documents are Practice Profiles for the Bullying Prevention and Education Grant (BPEG). Practice Profiles define the core components of the BPEG program and the key activities that are associated with each component.

<b>BPEG Practice Profile: Positive School Climate</b>		
Audience for this Practice Profile:	BPEG Implementation Team (BIT)	
Definition of Core Component:	The experience of students, families, and staff within a school that is marked by feelings of safety, trusting relationships, and a sense of belonging for all.	
How the Core Component is Essential to Reducing Bullying:	A positive school climate is foundational to effective bullying prevention. Research demonstrates a strong correlation between low levels of bullying and a positive school climate.	
<b>Expected Use in Practice</b>	<b>Developmental Use</b>	<b>Unacceptable Use</b>
The school supports all aspects of safety including physical, social, emotional, identity, and academic safety.	The school supports some aspects of safety but not all.	The school infrequently supports physical, social, emotional, identity, and academic safety.
All adults in the school immediately intervene in bullying situations.	Most adults in the school immediately intervene in bullying situations.	Some adults in the school immediately intervene in bullying situations and/or adults attempt to mediate bullying situations with the target and perpetrator together.
Staff actively supervise students in common areas (e.g., cafeteria) using a structured process.	Staff supervise students in common areas, but do not have a structured process for doing so	Staff are infrequently present in common areas when students are present and/or staff do not actively supervise students in common areas (e.g., staff chat with other staff)
Staff foster positive relationships between all members of the school community.	Staff are friendly to students and each another but do not make purposeful efforts to build relationships between all members of the school community.	Staff focus mainly on meeting academic performance goals with limited attempts to foster positive relationships between all members of the school community.

## BPEG Practice Profile: Evidence-Based Practices

Audience for this Practice Profile:	BPEG Implementation Team (BIT)	
Definition of Core Component:	Approaches and strategies to prevent bullying that are supported by research, matched to need, and culturally responsive.	
How the Core Component is Essential to Reducing Bullying:	Using evidence-based practices to prevent bullying provides districts and schools with the approaches that research suggests are more likely to reduce its prevalence.	
<b>Expected Use in Practice</b>	<b>Developmental Use</b>	<b>Unacceptable Use</b>
Staff implement evidence-based bullying prevention practices using a tiered model of support.	Staff implement evidence-based bullying prevention practices but they are not clearly aligned to a layered continuum of supports including criteria for intensifying and fading supports.	Staff do not implement bullying prevention practices or they are not evidence-based.
Staff implement an evidence-based bullying prevention curriculum schoolwide.	Staff implement the evidence-based bullying prevention curriculum in limited settings (e.g., classroom) and not schoolwide.	No evidence-based bullying curriculum is present in the school or the curriculum is not evidence-based.
The school implements evidence-based bullying prevention practices using the Active Implementation Frameworks (AIF) from Implementation Science (e.g., training, coaching, data systems).	The school implements evidence-based bullying prevention practices with limited use of the AIFs of Implementation Science.	The school implements evidence-based bullying prevention practices without using structured implementation approaches.

## BPEG Practice Profile: Data-Based Decision Making

Audience for this Practice Profile:	BPEG Implementation Team (BIT)	
Definition of Core Component:	A continuous improvement process used by the BIT to collect, analyze, and evaluate information to inform decision making at the system and student level.	
How the Core Component is Essential to Reducing Bullying:	Data-based decision making ensures evidence guides effective and efficient decision making at the system and student levels.	
<b>Expected Use in Practice</b>	<b>Developmental Use</b>	<b>Unacceptable Use</b>
The BIT uses data to make decisions at the system and student levels.	The BIT uses data to make decisions at only the system or only the student level.	The BIT rarely uses data to make decisions at the system or student levels.
The BIT uses data to measure, evaluate, and improve the fidelity of BPEG program implementation.	The BIT collects fidelity data but rarely use the data to inform decision making for the BPEG program.	The BIT does not collect fidelity data on the BPEG program implementation.
School staff have access to relevant bullying and behavior data through a system that is useful and useable.	School staff have access to relevant bullying and behavior data but the system is either not useful or useable.	School staff do not have access to relevant bullying and behavior data that are useful or useable.
The school collects data on the frequency of students being the target of and witness to bullying. Additional information to support decision making (e.g., location of bullying, type of bullying) are also collected.	The school collects data on the frequency of students being the target of and witness to bullying.	The school does not collect data on the frequency of bullying.

## BPEG Practice Profile: Family, School, and Community Partnerships

Audience for this Practice Profile:	BPEG Implementation Team (BIT)	
Definition of Core Component:	Families, schools, and communities actively partner to develop, implement, and evaluate effective and equitable practices to reduce bullying for students.	
How the Core Component is Essential to Reducing Bullying:	Family, school, and community partnerships (FSCP) are shown to reduce the likelihood of bullying and improve the buy-in of all stakeholders.	
<b>Expected Use in Practice</b>	<b>Developmental Use</b>	<b>Unacceptable Use</b>
The school creates an inclusive culture that honors the lived experience of families.	The school creates an inclusive culture in a limited range of contexts that honor the lived experience of families.	The school inconsistently considers the experiences of all families when making decisions about the culture of the school.
The school dedicates necessary resources to integrate partnering practices with families and the community.	The school dedicates some resources to integrate partnering practices with families and the community.	The school inconsistently dedicates resources to integrate partnering practices with families and the community.
The school actively builds trusting relationships with families and the community.	The school builds trusting relationships with families and the community in a limited range of contexts.	The school inconsistently builds trusting relationships with families and the community or does not include families in decision making.
The school designs, implements, and continuously improves capacity-building opportunities for staff, students, and families to promote shared leadership with bullying prevention.	The school designs and implements capacity-building opportunities for staff, students, and families to promote shared leadership with bullying prevention some of the time.	The school rarely designs and implements capacity-building opportunities for staff, students, and families to promote shared leadership with bullying prevention.

## BPEG Practice Profile: Policy

Audience for this Practice Profile:	BPEG Implementation Team (BIT)	
Definition of Core Component:	A district Board of Education Policy on bullying prevention and the bullying prevention handbook policy of a school.	
How the Core Component is Essential to Reducing Bullying:	Research demonstrates that district bullying prevention policy can reduce specific types of bullying. School handbook policy provides clear guidance to students, families, and staff on all aspects of the school's bullying prevention efforts.	
<b>Expected Use in Practice</b>	<b>Developmental Use</b>	<b>Unacceptable Use</b>
The school's policies are fully aligned with state law and district policy.	The school's policies are somewhat aligned with state law and district policy.	The school's policies are not aligned with state law or district policy.
The school's policies use evidence-based best practices for reducing bullying.	The school's policies use some best practices for reducing bullying.	The school's policies include the use of zero tolerance or do not specifically identify protected classes of students.
The school's policies on bullying are regularly reviewed and revised using stakeholder (e.g., families, staff) input.	The school's policies are reviewed and revised inconsistently or with limited stakeholder input.	The school's policies are reviewed and revised rarely or without stakeholder input.
The school's policies on bullying prevention are directly taught to all staff to ensure they know the procedures and protocols for all bullying-related concerns.	The school's policies on bullying prevention are inconsistently taught to staff.	The school's policies on bullying prevention are rarely taught to staff.
The school's policies on bullying prevention are easy for families and staff to access and understand.	The school's policies on bullying prevention are easy for families and staff to access in some contexts (e.g., school handbook but not online) or is not easy to understand.	The school's policies on bullying prevention are difficult for families and staff to access or understand.

## Appendix B: Bullying Prevention and Education Grant Self-Assessment 2.0

---

### Bullying Prevention and Education Grant Self-Assessment 2.0

**Purpose:** The School Bullying Prevention and Education Grant (BPEG) program Self-Assessment 2.0 is designed to support BPEG program grantees in their implementation of the project. Improvements were made to the original version of the BPEG Self-Assessment to better align items to the BPEG program. Specific items related to grant requirements were removed and up-to-date evidence-based best practices in bullying prevention were added. Items on the Self-Assessment 2.0 are aligned with the BPEG program Practice Profiles and provide concrete activities that lead to schools implementing best practices as intended.

**Who:** The BPEG Implementation Team (BIT) is the group that traditionally completes BPEG Self-Assessment 2.0 at one of their meetings. The Implementation Coach for the school may serve as a facilitator to ensure that all perspectives are included when completing the Self-Assessment. The Self-Assessment 2.0 should be completed at least once each academic year.

**How to Use:** There are 5 sections and 66 items on the Self-Assessment 2.0. Within each section of the Self-Assessment 2.0 is a subscale that corresponds to BPEG Practice Profile items. There are three possible scores for each Self-Assessment 2.0 item:

0 = Not Yet Initiated

1 = In Progress

2 = In Continuous Improvement

“Not Yet Initiated” should be scored when a school has not yet begun addressing the content of the item. For example, Item 11 on the Self-Assessment 2.0 refers to appropriate staff being trained in active supervision. If this training has not yet happened, it should be scored as a 0. “In Progress” refers to instances when the content of an item has begun but is not yet fully complete and ready to be improved. To continue the example of Item 11, a score of 1 should be given if only a few of the appropriate staff have been trained in active supervision. Finally, items should be scored as “In Continuous Improvement” if the content of the item is being fully implemented and only needs occasional improvements made to ensure its continued success. For Item 11, this would look like all appropriate staff being trained in active supervision.

It is recommended that the BIT use a consensus process when selecting their score for each item. This means that for each item team members will individually read the item and decide on their score. When the entire team has determined their scores individually, all team members then share their score publicly at the same time. For example, this may be done in-person by asking each team member to hold up a card with a 0, 1, or 2 on it. This is intended to ensure that individual scores are not influenced by the scores of others. If there are differing scores for an item, the team discusses the item to come to an agreement on how it should be scored.

Once the BIT has completed the Self-Assessment 2.0, results can be used to inform prioritization of their work and initiate action planning. The final page of the Self-Assessment 2.0 includes tables of all the subscale scores as well as the total score.

## Component: Positive School Climate

	In Continuous Improvement	In Progress	Not Yet Initiated
<b>PSC1. The school supports all aspects of safety including physical, social, emotional, identity, and academic safety.</b>			
1. Three-to-five schoolwide expectations have been defined (e.g., be safe, respectful, responsible).	2	1	0
2. Expected behaviors are defined in positive terms for each school setting.	2	1	0
3. Expected behaviors for each specific setting are taught in that setting at least twice each year.	2	1	0
4. Staff and students are trained on an anonymous reporting system (e.g., Safe2Tell) for all types of safety concerns and have a process for following up.	2	1	0
5. The school is intentional in refuting negative stereotypes and ensures that all students feel safe to express emotions and their unique identities.	2	1	0
6. The school ensures that students are encouraged to take academic risks to further their learning.	2	1	0
<b>PSC2. All adults in the school immediately intervene in bullying situations.</b>			
7. All adults in the school immediately intervene in physical bullying incidents.	2	1	0
8. All adults in the school immediately intervene in verbal bullying incidents.	2	1	0
9. All adults in the school immediately intervene in relational bullying incidents.	2	1	0
10. All adults in the school immediately intervene in cyberbullying incidents.	2	1	0
<b>PSC3. Staff actively supervise students in common areas (e.g., cafeteria).</b>			
11. Appropriate staff are trained in how to actively supervise students in common areas.	2	1	0
12. There are adequate staff during unstructured time and in common areas to actively supervise student behavior.	2	1	0

13. Staff positively engage with students while actively supervising common areas.	2	1	0
<b>PSC4. Staff foster positive relationships between all members of the school community.</b>			
14. The school ensures every student has a meaningful connection to at least one trusted adult in the school that is not dependent on academic performance.	2	1	0
15. Administrators intentionally and positively engage with students outside of school discipline measures.	2	1	0

	In Continuous Improvement	In Progress	Not Yet Initiated
<b>EBP1. Staff implement evidence-based bullying prevention practices using a tiered model of support.</b>			
16. Universal (i.e., Tier 1) bullying prevention supports are provided to all students.	2	1	0
17. Targeted (i.e., Tier 2) bullying prevention and intervention supports (e.g., social-emotional learning groups) are provided to students demonstrating the need for additional training or coaching.	2	1	0
18. Intensive (i.e., Tier 3) bullying prevention and intervention supports (e.g., behavior intervention plan) are provided to students demonstrating extensive needs.	2	1	0
19. Student voice is used to support bullying prevention efforts in the school.	2	1	0
20. A data-based process is used to determine how students enter and exit each tier.	2	1	0
<b>EBP2. Staff implement an evidence-based bullying prevention curriculum schoolwide.</b>			
21. A structured process (e.g., Hexagon Tool) is used to select evidence-based bullying prevention best practices (e.g., active supervision).	2	1	0
22. The evidence-based bullying prevention curriculum is implemented as a universal support for all students.	2	1	0
<b>EBP3. The school implements evidence-based bullying prevention practices using the Active Implementation Frameworks (AIF) from Implementation Science (e.g., training, coaching, data systems).</b>			
23. The evidence-based bullying prevention curriculum selected has a <a href="#">clear description, clear components that define the program</a> , and a <a href="#">practical fidelity assessment</a> .	2	1	0

<b>DBDM1. The BIT uses data to make decisions at the system and student levels.</b>			
28. A specific person is responsible for coordinating a data system that is used to support decision making for bullying prevention.	2	1	0
29. BIT members are trained on how to use fidelity and outcome data for decision making.	2	1	0
30. Data are collected in a standardized way (e.g., clear protocols exist for how to collect the data).	2	1	0
31. Data are disaggregated, analyzed, and summarized at least once each year.	2	1	0
32. Action plans are developed based on data and monitored regularly to improve implementation supports and outcomes.	2	1	0
33. Data summaries and action plans are communicated clearly in written reports to key stakeholders.	2	1	0
<b>DBDM2. The BIT uses data to measure the fidelity of BPEG program implementation.</b>			
34. A specific person is responsible for coordinating fidelity assessments of the evidence-based bullying prevention program.	2	1	0
35. A fidelity assessment for the evidence-based bullying prevention curriculum is consistently used.	2	1	0
36. Fidelity data are reviewed regularly and used to improve program implementation.	2	1	0
<b>DBDM3. School staff have access to relevant bullying and behavior data through a system that is useful and useable.</b>			
37. Relevant staff have access to and can analyze fidelity data.	2	1	0
38. Relevant staff have access to and can analyze outcome data.	2	1	0
39. Relevant staff have access to and can analyze programmatic feedback data (e.g., from teachers, families).	2	1	0

**DBDM4. The school collects data on the frequency of students being the target of and witness to bullying. Additional information to support decision making (e.g., location of bullying, type of bullying) are also collected.**

## Component: Family, School, and Community Partnerships

	In Continuous Improvement	In Progress	Not Yet Initiated
<b>FSCP1. The school creates an inclusive culture that honors the lived experience of families.</b>			
43. The school invites families to share their daily routines, cultural, and ethnic backgrounds.	2	1	0
44. School events and workshops take place in the community and/or on weekends in consultation with community leaders so that more families have easier access.	2	1	0
45. The principal supports a welcoming culture and visibly supports FSCP efforts through active participation in FSCP events.	2	1	0
<b>FSCP2. The school dedicates necessary resources to integrate partnering practices with families and the community.</b>			
46. Food, translation, childcare, and transportation are provided to enable more families to attend school events.	2	1	0
47. Funding from the BPEG program is used to support FSCP events and training.	2	1	0
48. The BIT dedicates time each year to plan and support FSCP events and training.	2	1	0
<b>FSCP3. The school actively builds trusting relationships with families and the community through strategies such as two-way communication and inclusion in decision making.</b>			
49. Families are included in the planning and design of school events and practices to engage marginalized families.	2	1	0
50. Teachers and school staff proactively reach out to families through practices such as home visits early in the school year.	2	1	0
51. Family events (e.g., back-to-school night) have time for families to share their experiences and concerns. Family feedback and input is solicited from those who cannot attend events.	2	1	0

**FSCP4. The school designs and implements capacity-building opportunities for staff and families to promote shared leadership with bullying prevention.**

52. School staff and leadership invite family and community members into the process of making policy decisions including the bullying prevention policy.	2	1	0

## Component: Policy

	In Continuous Improvement	In Progress	Not Yet Initiated
<b>P1. The school's policies are fully aligned with state law and district policy.</b>			
54. The school's bullying prevention policy includes all required components from Colorado state laws on bullying prevention (e.g., <a href="#">HB 21-1221</a> ; <a href="#">SB 18-151</a> ).	2	1	0
55. The school's bullying prevention policy follows guidance from the district's bullying prevention policy (e.g., investigations, documentation).	2	1	0
<b>P2. The school's policies use evidence-based best practices for reducing bullying.</b>			
56. A graduated range of supportive and punitive consequences are provided for involvement in bullying.	2	1	0
57. The administration of supportive and punitive consequences for involvement in bullying take into consideration the severity of the incident, previously reported and founded incidents, developmental level of the students, motivation of the behavior, and availability of supports.	2	1	0
58. Zero-tolerance policies are not included in the school's bullying prevention policy.	2	1	0
59. Federally protected classes are listed as being specifically protected by the bullying prevention policy.	2	1	0
<b>P3. The school's policies on bullying are regularly reviewed and revised using stakeholder (e.g., families, staff) input.</b>			
60. The BIT, school leadership, and stakeholders review current bullying prevention policies for up-to-date best practices.	2	1	0
61. The BIT, school leadership, and stakeholders revise bullying prevention policies when new state laws or district policy changes.	2	1	0
<b>P4. The school's policies on bullying prevention are directly taught to all staff to ensure they know the procedures and protocols for all bullying-related concerns.</b>			

62. New school staff members receive training on bullying prevention policies during onboarding.	2	1	0
63. All staff receive refresher training on bullying prevention policies at least once each year.	2	1	0
<b>P5. The school's policies on bullying prevention are easy for families and staff to access and understand.</b>			
64. Bullying prevention policies are accessible in multiple locations (e.g., online, school handbook).	2	1	0

## Appendix C: Bullying Prevention and Education Grant Implementation Guide

---

This Bullying Prevention and Education Grant (BPEG) Implementation Guide provides schools and districts with a structured set of activities to support effective implementation of the BPEG from beginning to end.

**Purpose:** The Bullying Prevention and Education Grant (BPEG) Implementation Guide provides schools and districts with a structured set of activities that support effective implementation of the BPEG program. This guide is framed around the Stages of Implementation as defined by the National Implementation Research Network (NIRN).

**Who Uses the BPEG Implementation Guide:** The BPEG Implementation Team (BIT) should be the group completing the Implementation Guide. The BPEG Implementation Coach may serve as a facilitator to ensure that all perspectives are included when completing the Implementation Guide.

**How to Use:** BPEG program grantees may use this document to guide their implementation of the grant program. The BPEG Implementation Guide provides a scope and sequence for effectively putting into place the core components of the BPEG program. Within the “Evidence of Completion” column is an example of how the BIT may be able to determine the activity was completed but is not required as part of the BPEG program. Please note that even though the Implementation Guide includes specific months and years, every school is unique and thus may move more slowly or quickly through activities.

The BPEG Road Map provides a three-year overview of the program activities and goals on one page. These activities and goals are organized through the stages of implementation. As defined by the National Implementation Research Network (NIRN), implementation of a program or practice occurs in four stages:

**Exploration Stage:** The exploration stage is when a site is considering implementation of the BPEG. The purpose of the exploration stage is to determine the extent of the identified needs, how well the BPEG meets those needs, and whether implementation of the BPEG is feasible.

**Installation Stage:** The installation stage is when a site has decided to move forward with implementing the BPEG and begins developing the infrastructure to support its implementation.

**Initial Implementation Stage:** The initial implementation stage is when the BPEG Implementation Team (BIT) begins to deliver/use the BPEG at the school level.

**Full Implementation Stage:** The full implementation stage is when at least 50% or more of intended schools are implementing the BPEG with fidelity and outcomes are being achieved.

## Appendix E: Implementation Coach Competencies

---

An Implementation Coach can play a key role in establishing and maintaining focus on the implementation of the Colorado School Bullying Prevention and Education Grant (BPEG). This is largely driven by purposeful school site visits and coaching that build the school leader's capacity to focus on change at the school. Through trusting relationships with school-level leadership, the Implementation Coach engages in authentic problem solving while holding school leaders to high levels of accountability. This position can be someone currently on staff or a new hire but must fulfill the duties and have the competencies listed below.

### The Implementation Coach should:

- Lead monthly BPEG Implementation Team meetings for each school in the grant
- Monitor short-term and long-term goals for strengthening the bullying prevention efforts
- Support school(s) with bullying prevention program implementation fidelity and sustainability
- Support schools with developing and/or improving school climate
- Support implementation of effective data meetings, data analyses, and use
- Work with school leadership team to actively support BPEG activities by conducting purposeful site visits
- Maintain regular communication with CDE:
  - Participate in monthly Implementation Coach meetings with CDE
  - Monitor budget to ensure funds are drawn down in a timely manner

### The ideal Implementation Coach has experience in:

- Evidence-based bullying prevention theories and programs
- Implementation of Colorado's Multi-Tiered System of Supports (CO-MTSS) framework
- Implementation science
- Developing and/or improving school climate
- Development and implementation of school-wide positive behavioral practices
- Working with historically underserved populations (minority students, students experiencing poverty, students with disabilities, and English Language Learners)
- Conducting purposeful school site visits to monitor and evaluate the effectiveness of implementation.
- Monitoring the implementation of strategies
- Identifying barriers to improvement, problem solving and effective change
- Budget development
- Effective communication and partnerships with stakeholders (district administration, school staff, CDE staff)
- Effective data reflection and evaluation
- Providing targeted support through observations and coaching

## **Appendix F: Annual Evaluation Report Questions**

---

Each applicant that receives a grant through the School Bullying Prevention and Education Grant Program must submit an Annual Report to CDE **on or before June 30** each year of the grant.

Submit via email to Adam Collins at [Collins\\_A@cde.state.co.us](mailto:Collins_A@cde.state.co.us).

**Please include the following information and any applicable data in your report:**

- 1) The evidence-based best practices in bullying prevention that the applicant(s) implemented using the grant moneys.
- 2) The number and grade levels of students who participated in each of the bullying prevention practices or services provided.
- 3) The progress made toward including family and community partnering in school bullying prevention strategies.
- 4) The progress made toward adopting specific policies concerning bullying education and prevention.
- 5) The progress made toward implementing the evidence-based best practices in bullying prevention with fidelity.
- 6) The progress made toward reducing the frequency of bullying as indicated by school surveys and other relevant measures.
