

Layered Continuum of Supports – Evidence Based Practices, Instructions and Interventions Regional Practice Profile

Definition

Ensuring that every student receives equitable whole child supports that are evidence based, culturally responsive, matched to need, and developmentally appropriate through layered supports.

Consideration to desired outcomes

The framework of a multi-tiered approach provides for efficient, effective, and equitable allocation of resources within the education system. When appropriately used, the tiers support each learner in experiencing success by meeting their unique needs.

Layered Continuum of Supports Expected Use in Practice

Item	Region Expected Use in Practice
5.1	The COMTSS Regional Implementation Team supports districts in strategic planning as they incorporate community agency services and other evidence-based interventions into their Layered Continuum of Supports.
5.2	The COMTSS Regional Implementation Team ensures time and resources are allocated to support ongoing, high-quality professional learning on Layered Continuum of Supports that integrates internal and external supports.
5.3	The COMTSS Regional Implementation Team develops and uses a written process to select and deselect evidence-based practices that aligns with regional and district priorities (e.g., Hexagon Tool).
5.4	The COMTSS Regional Implementation Team provides districts with guidance on how to prioritize prevention and distribute resources equitably across a tiered framework.
5.5	The COMTSS Regional Implementation Team creates a data-based process that determines the level of tiered support to districts using the regional coaching system.
5.6	The COMTSS Regional Implementation Team provides guidance to districts on how to provide a continuum of strategies used to intensify interventions within tiers based on school, staff, and learner needs.
