

Infant and Pre-K Meal Pattern On-Site Validation Checklist

SY 2019-2020

Completion of this checklist is only required when the School reviewed offers meals through a preschool and/or infant meal program. If all three, breakfast, lunch and snack were observed, complete a separate checklist for each meal service. If a site is chosen for lunch observation only it would only be observed for lunch, if it was chosen for breakfast and lunch both would be observed.
