

Summer Food Service Program

Review Assignments

COLORADO
Department of Education

SFSP Review Assignments

Sponsors operating the Summer Food Service program are reviewed every three years, or more often if needed. The review provides an opportunity for CDE, School Nutrition to ensure program compliance, provide technical assistance and highlight innovative operations. Below is the list of Sponsors set to receive a review for the current program year. Additionally, Sponsors can see which CDE, School Nutrition team member has been assigned to conduct the SFSP review. The assigned team member will be the main point of contact throughout the review process.

For review questions, please [reach out to your assigned team member](#).

To help prepare for the review, utilize:

- [SFSP review checklist](#)
- [SFSP review questions](#)
- [How to prepare for a review online training](#)
