# **Welcome and Introductions**

## Welcome and Introductions

- CDE Introductions
- Padlet: Who is in the room?
- Today's Objectives
  - Participants will share perspectives on defining and achieving success in flexible learning models.
  - Participants will be provided updates on the formal variance waiver request process from both quantitative and qualitative data collections.
  - Participants will discuss the varying structures of synchronous and asynchronous instruction.

# **Norms and Reminders**

The following norms encourage productive and collaborative conversation. All attendees are asked to follow and embody them and give facilitators room to ensure they define our time together.

**Remember:** We are learning and this is new. BLI is to take information and consider it, not share our/CDE's anticipated outcomes.

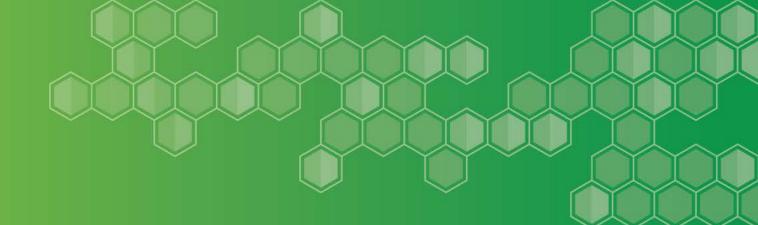

- **Good Faith**: Act in good faith in all aspects of group discussion with the intent to promote collaboration and productive conversation.
- **Openness**: Be honest and open in sharing your perspectives; be open to other points of view and to the outcome of discussions.
- **Listening**: Listen to each speaker rather than preparing your response; no interruptions; refrain from use of smart phones and other technologies.
- Focus: Maintain focus on the goals, purpose and meeting objectives; honor agendas.

### Norms and Reminders Cont.

- **Participation**: Participate actively, speak briefly, and agree succinctly. Be mindful and respectful of the presence of multiple backgrounds and avoid the overuse of acronyms or technical language.
- **Respect**: Disagree judiciously and without being disagreeable; do not engage in personal attacks; in all contexts, refrain from behavior that denigrates other participants or is disruptive to the work of the group.
- **Preparedness & Commitment**: Prepare for and attend each session; get up to speed if you missed a meeting.

**Facilitation:** Let the facilitators facilitate; allow them to enforce the norms and engage them with any concerns.

# **Convening #1** Themes

## **Convening #1** Themes

### **Practices**

• Emerging changes to models, location, structure, courses, technology, data.

#### <u>Learning</u>

• Flexibility with accessibility, awareness, and student needs. Impacts on pacing and staffing.

### **Technology**

• How do we deliver it? How do teachers have the skills to incorporate it? How do we bring families along with it?

#### **Location**

• Should not limit access. Spanning options outside of building throughout community and state.

## Convening #1 Themes Cont.

### Public Perception

• Educators know this. Institutions and the public need to know it.

#### **Experiences**

• What do students think? What do educators think?

### **Funding**

• Seat-time. Adjustments in rule and legislation.

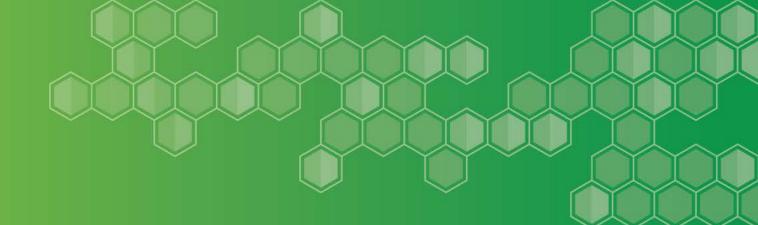

#### <u>Success</u>

• How do we define and measure a self-paced model? How do students demonstrate learning and mastery?

#### <u>Data</u>

• What data is accessible to justify successful models?

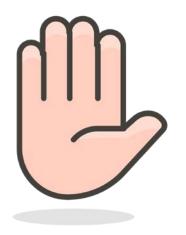

# Discussion

### Please use the hand raising feature to speak.

Jamboard (link in chat) can be utilized to share thoughts as well.

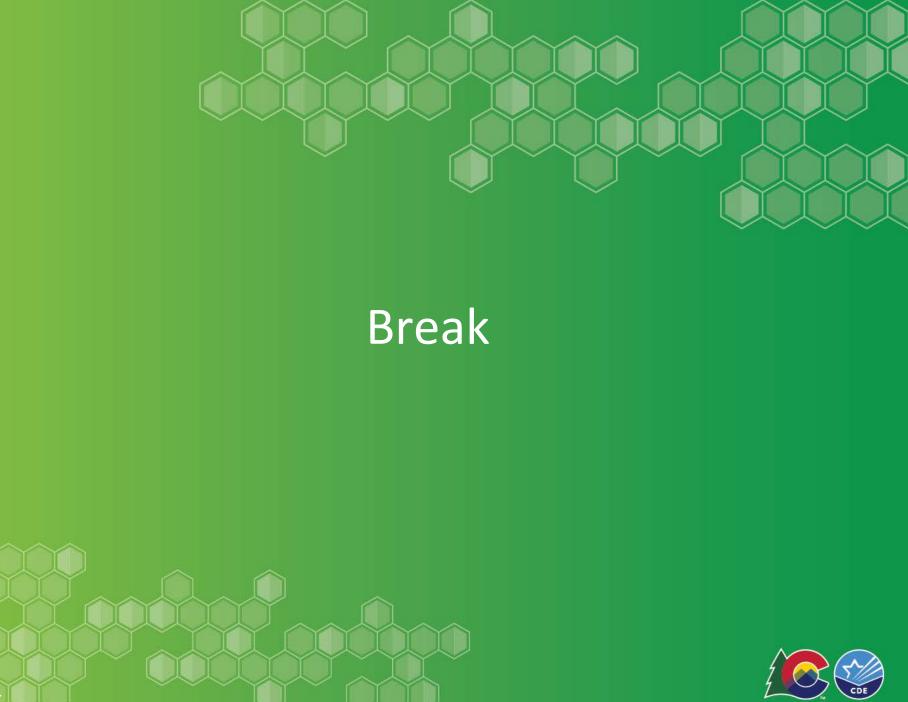

### Discussion

#### Convening #1 Takeaways

- How success is defined in your model(s) and how do you know that you have achieved it?
- For those who are not operating flexible learning models, how would you define success and how could success be demonstrated in flexible learning models?

# Variance Waiver Request Updates

### Overview

The formal variance waiver request process is for districts and schools implementing a learning model outside of blended learning and/or supplemental online course guidance.

- Two year process (21-22/22-23)
- Remote learning flexibilities
- Separate from 100% remote learning programs
- Guidance for blended and supplemental courses
- Waiver for funding purposes

# **Key Terms Review**

## Key Terms

Working Definitions:

- Asynchronous learning teacher-to-student instruction that does not occur in realtime.
- **Blended learning** a formal education program through which a student learns at least in part through digital content with some element of student control and at least in part at a supervised physical location that is not the student's home<sup>1</sup>
- Brick and Mortar School general term used to refer to an in-person school. Brick and mortar schools are not online schools and operate with certain expectations for calendar days, physical attendance, and bell schedules for the calculation of seat time.
- **Online learning** for today's purposes, this term will be used to refer to learning that is provided by a CDE approved or recognized online school or program.

1 Term is used as applied to the statewide supplemental online and blended learning program as outlined in 22-5-119, C.R.S.

## Key Terms Cont.

### Working Definitions:

- Online program a full-time education program that delivers a sequential program of synchronous or asynchronous instruction, directed by a teacher, primarily through online digital learning strategies that provide students choice over time, place, path, and teacher-guided modality of learning. "Online program" does not include a supplemental program. Accountability for each student in an online program is attributed to a designated school that houses the online program. An online program with one hundred or more students is an online school and not an online program.<sup>2</sup>
