Assumes bell schedule and seat time calculations which require at least 6 high school classes to meet minimum 360 contact hours per semester for full-time funding and at least 2 high school classes to meet minimum 90 contact hours for part-time funding, as described on pages 11-12 of the [2019 CDE Student October Count Audit Resource Guide](#).
(Please confirm the number of high school classes required to meet your campus PT and FT funding requirements from your high school administration.)

*Starting in 2017-18, CDE allows high schools to evaluate on-campus CE college courses based on college credits **or** seat time (p.22 of [2019 Student October Count Audit Resource Guide](#).*

Examples:
- *ENG121(3 college credits) will meet PT funding requirements, and when combined with any PT high school schedule (2-5 HS classes), will meet FT funding requirements.*
- *ENG121 can also be counted as a HS class, based on seat time, and combined with additional HS classes to meet FT funding requirements.*
