SYSTEMIC CHANGE

Pre-Test for Systemic Change:

1. How would you define systemic change?

2. Why do we care about it?

3. How would you define a system?

4. If a working car is a system, what would you have to change to make the change systemic?

5. Is adding another counselor to spread out the student load systemic? If yes why/if no why?

6. List two school systems that you might be able to change.
   a.
   b.

7. What is one system that you believe this grant can help you change, and how?

8. Change is difficult! The last time your school went through some type of change, what happened?

9. What are two human reactions to change?
