

# Post-Secondary Transition Planning for Students with Disabilities

## Description/Summary

**Poudre School District (PSD)** supports strong parent and family engagement in Post-Secondary Transition Planning. By offering workshops, keeping families informed, and fostering community connections students and families will gain access to the supports and services necessary to reach their desired outcomes and become as independent as possible.

## Keeping Families Informed

Families and students are provided access to many resources to keep them informed

- A quarterly newsletter touching on topics such as self-advocacy, recreation opportunities, adult agencies and PSD district transition programs
- Videos on independent living, local laws and Social Security
- Events informing families about specific topics regarding transition.
- Transition 101 workshop offering a legal overview of transition and site-specific ways of working with transition
- Q & A time with students and families who have gone through transition

## Post-Secondary Transition Support

Families and students are offered trainings in the following areas:

- Planning for life after high school
- Receiving a continuum of care
- Gaining access to the supports and services necessary
- Becoming as independent as possible
- Smooth transition from high school to post-secondary education and training for employment, independent living, and community participation

## Connections with Community

Many events are coordinated with Fort Collins businesses that support students through transition

- Resource Fair provides opportunities for meet and greet time
- PSD website offers resources within the state and Fort Collins community
- Workshops highlight services offered from local businesses: Community Center Board, Department of Vocational Rehabilitation, Local Arc Chapter, Adaptive Recreation Opportunities program, transportation options, college support, Workforce Center
