Niki Van Essen: Is this presentation shared with us?

Niki Van Essen: That's fine, just wanted to refer back to the research.

Niki Van Essen: We had a natural ending - hope it's okay we're coming back

Niki Van Essen: Spending of grant funds is one "worry" because of the lack of in-person material needs & training. Do you have an idea if we will be able to roll-over funds? Also, do you know if Year 3 funds will be back to 100% or remain at 50% allocation again?

Niki Van Essen: With many districts offering families an "all online" or "remote/in-person/hybrid" option. Does the survey need to be administered to both groups of students?

Mary Campbell: Regarding the survey - We administered it last year and had very poor response. Teachers allocated class time and incentives but limited success. Any ideas for how to get participation?

Niki Van Essen: Thank you

Silvia Latimer: I think that making a part of a lesson or session with a teacher, works well.

David Rein: Thanks

Abby: Will you put the survey in the chat?
