Student Data Element Definitions

● **District Number**-- A unique code assigned to a district by CDE. Refer to [School District/BOCES Code table](#).

● **LASID**-- If your district uses a local ID for your students, use the local ID. This will help your district tie the local ID to the student state ID. It will also help districts to identify records in error that must be corrected. Districts not opting to retain local ID's must zero-fill the ten digits. Zero-fill for students whose entire educational program is home-based (home school students). Students receiving district services must have a SASID. SASID's must be obtained from the Record Integration Tracking System (RITS). All districts have a designated staff member authorized to access the system.

● **Student State ID (SASID)**-- A **unique** ten digit number must be assigned to each student by CDE.

● **Background Information**

RACE/ETHNICITY

CURRENT RACE/ETHNICITY CATEGORIES (One code per record)

which most clearly reflects the individual's recognition of his or her community or with which the individual most identifies.	
01	American Indian or Alaskan Native-- A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.
02	Asian or Pacific Islander-- A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This area includes, for example, China, India, Japan, Korea, the Philippine Islands, and Samoa.

05	White (not Hispanic)-- A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

PROPOSED RACE/ETHNICITY CATEGORIES (Report multiple responses)

<p>OMB is close to declaring reporting requirements. Within three years of OMB declaring these, all schools must report ethnicity and race using the new standards. Schools will need to revise their registration forms to enable students to choose more than one racial code and to indicate whether or not they are Hispanic.</p>	
<p>Race/Ethnicity-- In the Federal Register dated October 1997, The United States Office of Management and Budget announced the five categories for data collection on race: American Indian or Alaskan Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White. There are two categories for data on ethnicity: "Hispanic or Latino", and "Not Hispanic or Latino".</p> <p>The minimum categories for data on race and ethnicity for Federal/State general statistics; program administrative reporting, and civil rights compliance reporting are defined as follows:</p>	
FUTURE RACIAL CATEGORIES	
01	American Indian or Alaskan Native (Racial Category)-- A person having origins in any of the original peoples of North America and South America (including Central America), and who maintains tribal affiliation or community

	attachment.
02	Asian (Racial Category)-- A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand and Vietnam.
03	Black or African American (Racial Category)-- A person having origins in any of the black racial groups of Africa.
05	White (Racial Category)-- A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

FUTURE ETHNIC CATEGORY	
04	Hispanic or Latino (Ethnic Category)-- A person of Cuban, Mexican, Puerto Rican, South or Central American or other Spanish culture or origin, regardless of race. The term, "Spanish origin", can be used in addition to "Hispanic or Latino". Note: If an individual designates themselves as "Hispanic" they must also indicate a racial category or categories.

Language Background--Specify a language background other than 0002 English, only if the student is currently being served by, monitored by or exited from a Bilingual or an English as a Second Language program. For students whose parents refuse language services, carefully read the "Parental Refusal" section under the Language Tests and Service heading below and code students appropriately. Schools that do not offer language programs must carefully read the "Unavailability of Language Program" section under the Language Tests and Service heading and code students appropriately. Students who were never provided language services from your district (i.e., foreign exchange students who are fluent in English, multi-lingual students who during their district education have always been fluent in English) should have a language background of 0002 English. An excel version of the language codes can be viewed at: [ELPALanguageCodes.xls](#)

NOTE: English Language Learner is a student who

- (1) a. was not born in the United States or whose native language is a language other than English; or
 - b. is a Native American or Alaskan Native or is a native resident of the outlying areas and comes from an environment where a language other than English has had a significant impact on such individual's level of English language proficiency; or

- c. is migratory and whose native language is other than English, and who comes from an environment where a language other than English is dominant; **and**
- (2) has sufficient difficulty speaking, reading, writing, or understanding the English language, and whose difficulties may deny such individual the opportunity to learn successfully in classrooms where the language of instruction is English or to participate fully in our society.

Language Tests and Service. Students who have been tested for English language proficiency and are currently not proficient in English, either Non-English Proficient (NEP) or Limited-English Proficient (LEP), **MUST** be provided with some type of language services whether through a Bilingual or an English as a Second Language (ESL) program. See related notes below.

Language Testing Prekindergarten Students. Districts are not required to test PK students for English skills, however, if a test is given and a student is found to be NEP or LEP, services must be provided.

Parent Refusals. For students whose parents refuse language program assistance, service of some type must be provided through tutoring, teacher intervention or another method. Choose the language service (either Bilingual or English as a Second Language - ESL) that best fits the services provided. These students should NOT be marked as English 0002 under Language Background.

Unavailability of Language Program. Although a school or district may not have a formal ESL or Bilingual program, all students currently not proficient in English, either Non-English Proficient (NEP) or Limited-English Proficient (LEP), must be provided some type of service whether through tutoring, teacher intervention or another method. Choose the language service (either Bilingual or English as Second Language - ESL) that best fits the services provided. These student should NOT be marked as English 0002 under Language Background.

An **English Language Learner** as defined for Student October purposes is a student who has a Language Background other than English (0002) and is currently being served or monitored by either a Bilingual or an English as a Second Language (ESL) program. The Colorado Department of Education will mark the English Language Learner status of each individual by using the Language Background, Bilingual or ESL fields. Edits using Language Background, Language Proficiency, ESL and Bilingual fields are in place to assist districts to provide accurate English Language related information for each student.

Students who were formerly served and monitored through the district's bilingual or ESL services **must** be marked as exited with a language proficiency of FEP and the

appropriate language background codes. Exited student are no longer considered English Language Learners, but it is important to monitor success indicators for these students.

Section 504 Handicapped-- The student is identified as handicapped under regulations implementing Section 504 of the Rehabilitation Act of 1973, but may or may not be eligible for special education placement under the Individuals with Disabilities Education Act.

2. The child is a migrant agricultural worker or a migrant fisher or has a parent, spouse, or guardian who is a migrant agricultural worker or a migrant fisher; and
3. The child has moved within the preceding 36 months in order to obtain (or seek) or to accompany (or join) a parent, spouse, or guardian to obtain (or seek), temporary or seasonal employment in qualifying agricultural or fishing work; and

1	Yes

*Some important items to note about immigrant

- “States” are defined in legislation as the 50 states, Washington D.C., and Puerto Rico. Therefore, a student from Guam (a U.S. territory) could meet the definition of immigrant, while a student from Puerto Rico would not.

- Foreign exchange students are not immigrants.
- If a student is adopted from a foreign country he/she may be an immigrant if he/she has not attended school in any one or more States for three consecutive full academic years and has not yet received U.S. citizenship.
- Children born to U.S. citizens overseas are not immigrants.
- Determining the legality of a student's immigration status is not a duty of the local school district. Undocumented children have the same right to attend public schools as do U.S. citizens and permanent residents. In fact, the student's parents and the district officials have an obligation to see that the students attend school as mandated by the Colorado School Attendance Law.

Special Education (IEP) -- Specially designed programs, at no cost to the parent/guardian, that meet the needs of a child with disabilities including classroom instruction, instruction in physical education, home instruction, and - instruction in hospitals and institutions. Homeless-- According to the 2001 McKinney-Vento reauthorization Act, a homeless individual is one who lacks a "fixed, regular, and adequate primary nighttime residence", including children and youth who are:

- sharing housing due to loss of housing or economic hardship (not due to cultural preference or a desire to save money)
- living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate housing.

- living in emergency or transitional housing.
- abandoned in hospitals.
- awaiting foster care.
- living in cars, parks, public spaces, abandoned buildings, substandard housing, or bus or train stations.
- children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations.
- migratory children who qualify as homeless because they are living in the circumstances described above.

Not all persons living in the situations described would be considered homeless. Two major factors to consider when making a determination are the adequacy and permanence of the housing.

- To be admitted to the United States, refugees must be determined by an officer of the Immigration and Naturalization Service (INS) to meet the definition of refugee as defined in the Refugee Act of 1980.
- Refugees are considered to be "Refugees" until they become a US citizen.
- Students that are not identified as refugee should be designated as "**No**". If the district is not able to verify a student's refugee status, then they should default to "**Unknown**".

0	No
1	Yes
2	Unknown

*** Some important items to note about refugee**

- Refugee is a voluntary field.
- Districts can identify a student's refugee status by:
 - A service provider or case worker will identify a student's refugee status enrolled in your district.
 - A Home Language Survey will trigger additional consultation as to a student's refugee status.

- A School Counselor, Social Worker, Community Liason, Parent Liason can be utilized to identify the student's refugee status.
- Family provides refugee status documentation.
- Determining the legality of a student's refugee status is not a duty of the local school district. Refugee children have the same right to attend public schools as do U.S. citizens and permanent residents. In fact, the student's parents and the district officials have an obligation to see that the student attends school as mandated by Colorado School Attendance Law.

To determine “Redesignated status” status:

Students in a language acquisition program may be ready to be redesignated into a two-year monitoring period (Monitored Year 1 and Monitored Year 2) as outlined by Office of Civil Rights criteria and Title III, Section 3121(a)4,

Definition of a “Redesignated status” student:

- a. Has achieved a "Fluent" category on a reliable and valid language proficiency assessment,
- b. Has achieved age and grade level academic achievement standards and proficiencies commensurate to the achievement of mainstream students at a partially proficient level. After one year of monitoring, it is the district's decision as to whether to place the student back into a language acquisition program or to monitor for a second year.

To determine if a student is eligible for "Exited" status:

After a two year monitoring period, district personnel must evaluate if a student is ready for formal exit status. It is the district's final decision as to whether or not the student is ready for exit based on the following criteria. Exited students are no longer monitored.

Exited status:

- a. Has achieved a "Fluent" category on a reliable and valid language proficiency assessment
- b. Has achieved age and grade level academic achievement standards and proficiencies commensurate to the achievement of mainstream students at a partially proficient level.

The Student data grid has bubbles for MMDDYY.

- If a student has never attended schools outside of the US, use the date the student first entered any US school at any grade (e.g. code 090103 for a student currently in 4th grade who entered Kindergarten at the start of SY 2003-04).
- If a student has attended schools outside of the US, use the date the student most recently entered or re-entered any US school at any grade (e.g. code 090107 for a student who entered a US school at the start of SY 2007-08).
- Schools on US military bases count as US schools.
- Homeschool does not count as a “public or non-public US school.”
