**Relevance and Application:**
1. Collaboration in determining musical preferences highlights the similarities and differences among people with individual musical tastes.
2. Ensemble participation develops collaboration and self-direction skills through the demands of discrimination of sound and pitch, following conductor’s cues and listening and adjusting to others.

**Nature of Music:**
1. Experiences with a variety of musical styles develop an expanded range of personal preferences.
2. Music preferences are sometimes affected by nonmusical but significant factors such as the social meaning of a work at a particular time or for a particular purpose.
