Re: Update on other licensed personnel recommendations timeline

Under SB 10-191, the State Council for Educator Effectiveness (SCEE) is responsible for recommending evaluation criteria and ratings for categories of educators other than principals, assistant principals, and classroom teachers (referred to as “other licensed personnel”). This memo provides an update on the timeline for the delivery of these recommendations to the Colorado Department of Education and the State Board of Education. In short, we intend to deliver our final recommendations to you by February 2013.

Please note that this timeline is not consistent with the timeline identified in statute which calls for implementation in 2013-14, but was supported by the bill sponsors in a March 2012 meeting with SCEE members. Based on feedback from schools and districts, the SCEE believes this timeline provides a more manageable sequencing of implementation of the many requirements of SB 191 for schools and districts while still remaining true to the spirit and intent of the law.
