- 3.03 (B) During the Pilot Period, the Department, based on recommendations from the State Council, also shall develop a decision-making structure for assigning Teachers to one of the four Teacher Performance Evaluation Ratings once a year. School Districts and BOCES may use this decision-making structure as an example or may adopt their own structure, provided they ensure that each Performance Evaluation Rating is based fifty percent on the Teacher Quality Standard VI (Student Academic Growth) and that each of

the Teacher Quality Standards I-V (Professional Practice) has a measurable influence on the final Performance Evaluation Rating.

3.03 (C) The Department will develop model rubrics and tools that School Districts and BOCES may use in measuring each individual Teacher's performance against the Teacher Quality Standards. The Department also shall provide technical guidance, based on research and best practices that emerge from the pilot of the State Model System and the implementation of other local systems during the Pilot Period that School Districts and BOCES may use in developing their own rubrics and tools if they choose to develop their own distinctive personnel evaluation system.

3.03 (D) During the Pilot Period, as the Department develops the State Model System's personnel evaluation framework and decision-making structure for assigning Performance Evaluation Ratings, the State Board will adopt statewide definitions for the Teacher Performance Evaluation Ratings of highly effective, effective, partially effective and ineffective. School Districts and BOCES shall assign one of the Teacher Performance Evaluation Ratings to each Teacher in a written evaluation report. As required by section 22-9-106 (3), C.R.S., all evaluation reports must contain a written improvement plan, that shall be specific as to what improvements, if any, are needed in the performance of the Teacher and shall clearly set forth recommendations for improvements, including recommendations for additional education and training during the Teacher's license renewal process. As required by section 22-9-105.5 (3) (a), C.R.S., each Teacher shall be provided with an opportunity to improve his or her effectiveness through a Teacher development plan that links his or her evaluation and performance standards to professional development opportunities.

The following status implications shall apply for each Teacher Performance Evaluation Rating. These status implications shall not apply to at-will employees.

3.03 (D) (1) **Ineffective.**

3.03 (D) (1) (a) Beginning with evaluations conducted during the 2014-15 school year, as required by section 22-9-106 (3.5) (b) (I), C.R.S., a Teacher whose performance is deemed ineffective shall receive written notice that his or her Performance Evaluation Rating shows a rating of ineffective, a copy of the documentation relied upon in measuring his or her performance, and identification of deficiencies.

3.03 (D) (1) (b) *Implications for earning or losing nonprobationary status:* Beginning with evaluations conducted during the 2013-14 school year, for probationary Teachers, a rating of ineffective shall not count towards the accrual of years towards nonprobationary status. Beginning with evaluations conducted during the 2014-15 school year, a nonprobationary Teacher who is rated as ineffective for two consecutive years shall lose nonprobationary status.

3.03 (D) (2) **Partially Effective.**

3.03 (D) (2) (a) *Implications for earning or losing nonprobationary status:*  
(i) Beginning with evaluations conducted during the 2013-14 school year, for a probationary Teacher, a rating of partially effective shall not count towards the

accrual of three years of effectiveness needed to reach nonprobationary status.

(ii) Beginning with evaluations conducted during the 2014-15 school year, for a nonprobationary Teacher, a rating of partially effective shall be considered the first of two consecutive years of ineffective performance that results in loss of nonprobationary status. Nonprobationary status in this instance shall only be lost if the Teacher is subsequently rated partially effective or ineffective during the following year.

3.03 (D) (3) **Effective.**

3.03 (D) (3) (a) *Implications for earning or losing nonprobationary status:* Beginning with evaluations conducted during the 2013-14 school year, a probationary Teacher shall receive a rating of effective for three consecutive years to earn nonprobationary status. Beginning with evaluations conducted during the 2014-15 school year, a nonprobationary Teacher must maintain an effective rating to retain nonprobationary status. Two consecutive ratings below effective shall result in the loss of nonprobationary status.

3.03 (D) (4) **Highly Effective.**

3.03 (D) (4) (a) *Implications for earning or losing nonprobationary status:* For the purposes of gaining or losing nonprobationary status, a rating of highly effective shall have the same implications as a rating of effective.

- 5.01 (A) (5) (a) measuring the level of performance of all licensed personnel within the School District or employed by the BOCES, until the School District or BOCES begins to apply the Principal and Teacher Quality Standards and (b) measuring the effectiveness of all licensed personnel with the School District or employed by the BOCES according to the Principal and Teacher Quality Standards, no later than July 2013.
- 5.01 (B) The licensed personnel **positions to be evaluated**, which shall include all licensed personnel, all part-time Teachers as defined in section 22-63-103 (6), C.R.S., and all Administrators and Principals;
- 5.01 (C) The **title or position of the evaluator** for each licensed personnel position to be evaluated;
- 5.01 (D) Until the School District or BOCES applies the Teacher Quality Standards and Principal Quality Standards, which must occur no later than July 2013, the standards set by the local school board or BOCES for satisfactory performance for licensed personnel and the criteria to be used to evaluate that licensed person's performance against such standards;
- 5.01 (E) No later than July 2013, the **standards** set by the local school board or BOCES for effective performance for licensed personnel and the **criteria** to be used to evaluate the performance of each licensed person against such standards. Though the selected criteria may vary among categories of personnel, in order to reflect the diversity of students taught by Educators, the School District's or BOCES' evaluation system shall apply consistent criteria to each category of personnel, including to various categories of Principals and Teachers;
  - 5.01 (E) (1) **Principal Effectiveness and Principal Quality Standards.** No later than July 2013, the definition of Principal effectiveness, included in section 2.01 of these rules, and either the Principal Quality Standards and associated Elements, included in section 2.02 of these rules, or locally adopted standards that meet or exceed the Principal Quality Standards and Elements.
  - 5.01 (E) (2) **Method for Evaluating Performance on Professional Practice.** No later than July 2013, a description of the method for evaluating Principals' Professional Practice, which method shall include data collection for multiple measures on multiple occasions.
    - 5.01 (E) (2) (a) **Required Measures of Principal Professional Practice.** School Districts and BOCES shall measure Principal performance against Quality Standards I –VI using tools that capture information about the following: (i)input from Teachers employed at the Principal's school, provided that clear expectation is established prior to collection of the data that at least one of the purposes of collecting the input is to inform an evaluation of the Principal's performance and provided that systems are put in place to ensure that the information collected remains anonymous and confidential; and (ii) the percentage and number of Teachers in the school who

are rated as effective, highly effective; partially effective; and ineffective, and the number and percentage of Teachers who are improving their performance, in comparison to the goals articulated in the Principal's Professional Performance Plan.

5.01 (E) (2) (b) **Additional Measures of Principal Professional Practice.** In addition to the required measures of Professional Practice, School Districts and BOCES may also use other sources of evidence regarding a Principal's Professional Practice. School Districts and BOCES are strongly encouraged to use measures, where appropriate, that capture evidence about the following: (i) student perceptions; (ii) parent/guardian perceptions; and (iii) perceptions of other Administrators about a Principal's professional performance. Other measures may include the following: (i) direct observations; and (ii) examination of a portfolio of relevant documentation regarding the Principal's performance against the Principal Quality Standards, which may include but need not be limited to professional development strategies and opportunities, evidence of team development, staff meeting notes, school newsletters; content of website pages, award structures developed by the school, master school schedule, or evidence of community partnerships, parent engagement and participation rates, "360 degree" survey tools designed to solicit feedback from multiple stakeholder perspectives, examination of a Unified Improvement Plan, Teacher retention data, external review of budgets, and school communications plan. The Department also shall provide technical guidance, based on research and best practices that emerge from the pilot of the State Model System and the implementation of other local systems during the Pilot Period that School Districts and BOCES may use in developing their own measures of Professional Practice.

5.01 (E) (3) **Method for Evaluating Principal Performance Related to Student Academic Growth.** No later than July 2013, a description of the method for evaluating Principals' performance related to Student Academic Growth. The Measures of Student Academic Growth used for evaluating Principals' performance against Quality Standard VII must meet the following criteria:

5.01 (E) (3) (a) School Districts and BOCES shall ensure that data included in the school performance framework, required pursuant to section 22-11-204, C.R.S., is used to evaluate Principal performance. School Districts and BOCES may choose to weight specific components of the school performance framework differently than they are weighted in the school performance framework, depending on the Principal's responsibilities and the performance needs of the school, so long as student longitudinal growth carries the greatest weight.

- 5.01 (E) (3) (b) School Districts and BOCES shall incorporate at least one other Measure of Student Academic Growth and must ensure that the Measures of Student Academic Growth selected for Principal evaluations are consistent with the Measures of Student Academic Growth used for the evaluation of Teachers in each Principal's school, as described in section 5.01 (E) (7) of these rules.
- 5.01 (E) (3) (c) School Districts and BOCES are strongly encouraged to involve principals in a discussion of which of the available Measures of Student Academic Growth are appropriate to the Principals' schools and school improvement efforts.
- 5.01 (E) (3) (d) Measures of Student Academic Growth shall reflect the growth of students in all subject areas and grades, not only those in subjects and grades that are tested using Statewide Summative Assessments, and shall reflect the broader responsibility a Principal has for ensuring the overall outcomes of students in the building.
- 5.01 (E) (3) (e) School Districts and BOCES shall seek to ensure that Measures of Student Academic Growth correspond to implementation benchmarks and targets included in the Unified Improvement Plan for the school at which a Principal is employed.
- 5.01 (E) (3) (f) School Districts and BOCES shall seek to ensure that Measures of Student Academic Growth are valid, meaning that they measure growth towards attainment of the academic standards adopted by the local school board pursuant to § 22-7-1013, C.R.S. and that analysis and inferences from the measures can be supported by evidence and logic.
- 5.01 (E) (3) (g) School Districts and BOCES shall seek to ensure that Measures of Student Academic Growth are reliable, meaning that the measures should be reasonably stable over time and in substance and that data from the measures will be sufficient to warrant reasonably consistent inferences.
- 5.01 (E) (3) (h) **Early Childhood - Grade 3.** For the evaluations of Principals responsible for students in early childhood education through grade 3, measures shall be consistent with outcomes used as the basis for evaluations for Teachers teaching these grade levels, which may include, but are not limited to, assessments of early literacy and/or mathematics shared among members of the school community that may be used to measure student longitudinal growth.
- 5.01 (E) (3) (i) **Grades 4 - 8.** For the evaluation of Principals responsible for students in grades 4-8, a portion of the Principal's evaluation for Quality Standard VII shall be based on the results of the Colorado longitudinal growth

model, calculated pursuant to section 22-11-203, C.R.S., for subjects tested by Statewide Summative Assessments. The weight of this measure may be increased to reflect the increased proportion of subjects covered by Statewide Summative Assessments over time. A portion of the Principal's evaluation for Quality Standard VII also shall be based on other appropriate Measures of Student Academic Growth for students in grades 4-8, which may include, but are not limited to, Measures of Student Academic Growth shared among the evaluated personnel in the school.

5.01 (E) (3) (j) **Grades 9 - 12.** For the evaluation of Principals responsible for students in grades 9-12, a portion of the Principal's evaluation for Quality Standard VII shall be based on the results of the Colorado longitudinal growth model, calculated pursuant to section 22-11-203, C.R.S., for subjects tested by state summative assessments. To account for the portion of Teachers without direct or indirect results from the Colorado longitudinal growth model, a portion of a Principal's growth determination may be based upon appropriate Measures of Student Academic Growth for personnel teaching in subjects and grades not tested by Statewide Summative Assessments, which may include, but are not limited to, Measures of Student Academic Growth shared among evaluated personnel in the school.

5.01 (E) (3) (k) For the evaluation of Principals responsible for students in multiple grade spans, School Districts and BOCES shall select a combination of Measures of Student Academic Growth reflecting the grade levels of all students in the school.

5.01 (E) (3) (l) When compiling Measures of Student Academic Growth to evaluate performance against Principal Quality Standard VII, School Districts and BOCES shall give the most weight to those measures that demonstrate the highest technical quality and rigor.

5.01 (E) (4) **Weighting of Performance on Principal Quality Standards.** No later than July 2013, a description of the manner in which performance on each of the Principal Quality Standards will be weighed in assigning Principals to a Performance Evaluation Rating. Measures of Principal Professional Practice shall determine fifty percent of a Principal's overall Performance Evaluation Rating, and Measures of Student Academic Growth shall determine the other fifty percent of the overall Performance Evaluation Rating. Each of the Principal Quality Standards I-VI (Professional Practice) shall have a measurable influence on the overall Performance Evaluation Rating

5.01 (E) (5) **Teacher Effectiveness and Teacher Quality Standards.** No later than July 2013, the definition of Teacher effectiveness, included in section 3.01 of these rules, and either the Teacher Quality Standards and associated Elements, included in section 3.02 of these rules, or locally

adopted standards that meet or exceed the Teacher Quality Standards and Elements.

- 5.01 (E) (6) **Method for Evaluating Teacher Professional Practice.** No later than July 2013, a description of the method for evaluating Teachers' Professional Practice, which method shall include data collection for multiple measures on multiple occasions. School Districts and BOCES shall collect Teacher performance data related to Professional Practice using observations and at least one of the following measures: (a) student perception measures (e.g. surveys), where appropriate and feasible, (b) peer feedback, (c) feedback from parents or guardians; or (d) review of Teacher lesson plans or student work samples.

The method for evaluating Teachers' Professional Practice may include additional measures. The Department also shall provide technical guidance, based on research and best practices that emerge from the pilot of the State Model System and the implementation of other local systems during the Pilot Period that School Districts and BOCES may use in developing their own measures of Professional Practice.

In determining how to use the data collected about Teacher performance, whether for written evaluation reports or for informal feedback and identification of appropriate professional development, School Districts and BOCES shall consider the technical quality and rigor of the methods used to collect the data, and the technical quality of the data itself.

- 5.01 (E) (7) **Method for Evaluating Teacher Performance Related to Student Academic Growth.** No later than July 2013, a description of the method for evaluating Teachers' performance related to Student Academic Growth.

School Districts and BOCES shall categorize Teachers into appropriate categories based on the availability and technical quality of student assessments available for the courses and subjects taught by those Teachers. School Districts and BOCES shall then choose or develop appropriate Measures of Student Academic Growth to be used in the evaluation of each personnel category. The Department will develop technical guidance, based on research and best practices that emerge from the pilot of the State Model System and the implementation of other local systems during the Pilot Period, which School Districts and BOCES may choose to use in developing their own Measures of Student Academic Growth. This technical guidance shall address methods for ensuring that such Measures of Student Academic Growth meet minimum standards of credibility, validity, and reliability.

Measures of Student Academic Growth shall be generated from an approach or model that makes design choices explicit and transparent (e.g., in a value-added model, transparency about student- or school-level factors which are statistically-controlled for) and has technical documentation sufficient for an outside observer to judge the technical quality of the approach (i.e., a value-added system must provide adequate information about the model). Measures of Student Academic Growth shall be generated from an approach or model that presents results in a manner that can be understood and used by Educators to improve student performance.

Student Academic Growth shall be measured using multiple measures. When compiling these measures to evaluate performance against Teacher Quality Standard VI, School Districts and BOCES shall consider the relative technical quality and rigor of the various measures.

Measures of Student Academic Growth shall include the following:

- 5.01 (E) (7) (a) A measure of individually-attributed Student Academic Growth, meaning that outcomes on that measure are attributed to an individual licensed person;
- 5.01 (E) (7) (b) A measure of collectively-attributed Student Academic Growth, whether on a school-wide basis or across grades or subjects, meaning that outcomes on that measure are attributed to at least two licensed personnel (e.g., measures included in the school performance framework, required pursuant to section 22-11-204, C.R.S.);
- 5.01 (E) (7) (c) When available, Statewide Summative Assessment results; and
- 5.01 (E) (7) (d) For subjects with annual Statewide Summative Assessment results available in two consecutive grades, results from the Colorado Growth Model.

5.01 (E) (8)

**Selection of Additional Measures for Evaluating Teacher Performance Related to Student Academic Growth.** The method for evaluating Teachers' performance related to Student Academic Growth may include Measures of Student Academic Growth in addition to those described in section 5.01 (E) (7) of these rules. These additional measures shall meet the following criteria:

- 5.01 (E) (8) (a) School Districts and BOCES shall seek to ensure that Measures of Student Academic Growth are valid, meaning that the measures are aligned with the academic standards adopted by the local school board pursuant to § 22-7-1013, C.R.S. and that analysis and inferences from the measures can be supported by evidence and logic;
- 5.01 (E) (8) (b) School Districts and BOCES shall seek to ensure that Measures of Student Academic Growth are reliable, meaning that the measures should be stable over time and in substance and that data from the measures will be sufficient to warrant reasonably consistent inferences;
- 5.01 (E) (8) (c) In the effort to ensure that Measures of Student Academic Growth are comparable among Teachers of similar content areas and grades, School Districts and BOCES are strongly encouraged to include Teachers in a discussion of which measures are most appropriate to the Teachers' classrooms; and

5.01 (E) (8) (c) For Teachers teaching two or more subjects, individual Measures of Student Academic Growth shall include Student Academic Growth scores from all subjects for which the Teacher is responsible.

5.01 (E) (9) **Weighting of Performance on Teacher Quality Standards.** No later than July 2013, a description of the manner in which performance on each of the Teacher Quality Standards will be weighted in assigning Teachers to a Performance Evaluation Rating.

Measures of Teacher Professional Practice shall determine fifty percent of a Teacher's total overall Performance Evaluation Rating, and Measures of Student Academic Growth shall determine the other fifty percent of the overall Performance Evaluation Rating. Each of the Teacher Quality Standards I-V (Professional Practice) shall have a measurable influence on the final Performance Evaluation Rating.

5.01 (F) The ***frequency and duration of the evaluations***, which shall be on a regular basis and of such frequency and duration as to ensure the collection of a sufficient amount of data from which fair and reliable conclusions may be drawn, and which shall meet the following requirements;

5.01 (F) (1) **Principals.** Principals shall receive at least one evaluation that results in a written evaluation report each academic year. The written evaluation report, informed by a body of evidence collected systematically in the months prior, shall rate a Principal as highly effective, effective, partially effective, or ineffective.

5.01 (F) (2) **Teachers.** Probationary Teachers shall receive at least two documented observations and at least one evaluation that results in a written evaluation report each academic year. Nonprobationary Teachers shall receive a written evaluation report each academic year.

The written evaluation report, informed by a body of evidence collected in the months prior, shall include fair and reliable measures of the Teacher's performance against the Teacher Quality Standards and be used to rate a Teacher as highly effective, effective, partially effective, or ineffective. Teachers shall receive the written evaluation report at least two weeks before the last class day of the school year.

5.01 (F) (3) **Ongoing Data Collection and Analysis.** School Districts and BOCES shall collect and analyze data on multiple occasions, in order to provide actionable feedback and support to Educators on a regular basis in an effort to make evaluation an ongoing process rather than an event and to facilitate continuous improvement.

5.01 (F) (4) **Differentiated Evaluation and Support Needs.** District evaluation policies may reflect a determination that different categories of Teachers require varying degrees of evaluation and support.

- 5.01 (G) A description of the process that the School District or BOCES used for **validating the evaluation methods** selected by the School District or BOCES. Such process shall address:
- 5.01 (G) (1) consistency among the multiple measures used for evaluations;
  - 5.01 (G) (2) inter-rater reliability when the measures are applied by different evaluators; and
  - 5.01 (G) (2) consistency of data used to evaluate performance (i.e., observation, surveys, Measures of Student Academic Growth) and the Performance Evaluation Ratings that are assigned.
- 5.01 (H) A description of the School District's or BOCES' system for ensuring that every Principal is provided with a **Principal Professional Performance Plan**.
- 5.01 (H) (1) This Principal Professional Performance Plan shall be developed in collaboration with individual Principals and shall outline annual goals for the Principal with respect to his or her school's performance and the resources and supports which will be made available to support the Principal in achieving the outlined goals. A Principal's Professional Performance Plan shall be consistent with the measures that are used to evaluate that Principal and how the Principal Quality Standards are weighted for that Principal's evaluation. School Districts and BOCES are encouraged to include goals related to a Principal's and his or designee's ability to conduct meaningful evaluations of licensed personnel.
  - 5.01 (H) (2) Principals shall be held accountable for progress against the goals laid out in the Principal Professional Performance Plan and School Districts or BOCES shall continually monitor Principal performance goals, provide feedback and adjust support for the Principal as needed.
  - 5.01 (H) (3) The Principal Professional Performance Plan shall include the following:
    - 5.01 (H) (3) (a) Goals addressing the number and percentages of effective Teachers in the school, and the number and percentage of Teachers who are improving, in a manner consistent with the goals for the school outlined in the school's Unified Improvement Plan; and
    - 5.01 (H) (3) (b) Goals addressing school climate and working conditions, developed with reference to a working conditions or school leadership survey (for example, the state-funded biennial Teaching, Empowering, Leading, and Learning (TELL) initiative survey, required pursuant to section 22-2-503, C.R.S.), and other appropriate data, including conditions highlighted in comprehensive appraisal for district improvement (CADI) and school support

team (SST) diagnostic reviews facilitated by the Department.

- 5.01 (H) (4) School Districts and BOCES are also strongly encouraged to include in Principal Professional Performance Plans goals related to staff participation in the TELL initiative survey, required pursuant to section 22-2-503, C.R.S., or other working conditions, culture and climate, or school leadership surveys, and use of survey results to guide improvement efforts.

**5.02 Process for Developing Written Local Evaluation System.** Colorado statute outlines requirements for various entities to be involved in the development of local personnel evaluation systems. School Districts and BOCES shall collaborate with these entities in developing systems that meet the minimum requirements for evaluation systems described in section 5.01 of these rules.

5.02 (A) Each School District shall have a ***School District advisory personnel performance evaluation council***, which shall, at a minimum, consist of the following members to be appointed by the local school board:

- 5.02 (A) (1) One Teacher;
- 5.02 (A) (2) One Administrator;
- 5.02 (A) (3) One Principal from the School District;
- 5.02 (A) (4) One resident from the School District who is a parent of a child attending a school within the School District; and
- 5.02 (A) (5) One resident of the School District who is not a parent with a child attending school within the School District.

5.02 (B) The council for a school district may be composed of any other School District committee having proper membership, as defined in section 5.02 (A) of these rules.

5.02 (C) Each BOCES that employs licensed personnel must have a ***BOCES advisory personnel performance evaluation council***, which shall, at a minimum, consist of the following members to be appointed by the BOCES:

- 5.02 (C) (1) One Teacher;
- 5.02 (C) (2) One Administrator;
- 5.02 (C) (3) One Principal representative of the School District or Districts participating in the BOCES;
- 5.02 (C) (4) One person employed by the BOCES who is defined as licensed personnel pursuant to section 22-9-103 (1.5), C.R.S.;
- 5.02 (C) (5) One resident who is a parent of a child attending a school within the participating School District(s); and
- 5.02 (C) (6) One resident who is not a parent of a child attending a school within the participating School District(s).

- 5.02 (D) These advisory personnel performance evaluation councils shall consult with the local school board or BOCES as to the fairness, effectiveness, credibility, and professional quality of the licensed personnel performance evaluation system and its processes and procedures and shall conduct continuous evaluation of the system.
- 5.02 (E) Additionally, each Local School Board, pursuant to section 22-11-301, C.R.S., shall appoint or create a process for the election of a **district accountability committee** that shall consist of:
- 5.02 (E) (1) At least three parents of students enrolled in the School District public schools;
  - 5.02 (E) (2) At least one Teacher who is employed by the School District;
  - 5.02 (E) (3) At least one school Administrator who is employed by the School District; and
  - 5.02 (E) (4) At least one person who is involved in business in the community within the School District boundaries.
- 5.02 (F) Among the other powers and duties outlined in section 22-11-302, C.R.S., a district accountability committee shall be responsible for providing input and recommendations on an advisory basis to Principals concerning the development and use of assessment tools used for the purpose of measuring and evaluating Student Academic Growth as it relates to Teacher evaluations.
- 5.02 (G) Each public school, pursuant to section 22-11-401, C.R.S., shall establish a **school accountability committee**, that shall consist of at least the following members:
- 5.02 (G) (1) the Principal of the school or the Principal's designee;
  - 5.02 (G) (2) at least one Teacher who provides instruction at the school;
  - 5.02 (G) (3) at least three parents of students enrolled in the school;
  - 5.02 (G) (4) at least one adult member of an organization of parents, Teachers and students recognized by the school; and
  - 5.02 (G) (5) at least one person from the community.
- 5.02 (H) Among the other powers and duties outlined in section 22-11-402, C.R.S., a school accountability committee shall be responsible for providing input and recommendations on an advisory basis to district accountability committees and School District administration concerning the Principal Professional Performance Plan for the Principal of their school and Principal evaluations.

### 5.03 Training for Evaluators and Educators

- 5.03 (A) School Districts and BOCES shall provide training to all evaluators and Educators to provide an understanding of their local evaluation system and to provide the skills and knowledge needed for implementation of the system.
- 5.03 (B) As required by section 22-9-106 (4) (a), C.R.S., all performance evaluations must be conducted by an individual who has completed a training in evaluation skills that has been approved by the Department. Teachers may fill the role of an evaluator if they are a designee of an individual with a Principal or Administrator license and have completed a

training on evaluation skills that has been approved by the Department. The Department shall develop a process for approving education and training programs for evaluators that is consistent with the approval process previously developed pursuant to section 22-9-108, C.R.S.

- 5.03 (C) School Districts and BOCES are encouraged to provide training to Teachers, so that Teachers may conduct peer coaching observations in order to support other Teachers by providing actionable feedback on Professional Practice.
- 5.03 (D) School Districts and BOCES shall clearly communicate to all Teachers the tools that will be used to measure their performance of the Teacher Quality Standards prior to their use, and how these will be weighted and aggregated to determine final Performance Evaluation Ratings. School Districts and BOCES shall clearly articulate to each Educator the category or categories of personnel into which they are assigned, and how the growth of the students they teach will be measured for the purpose of informing their Performance Evaluation Rating. School Districts and BOCES that elect to adopt their own locally-developed quality standards for evaluating Teachers shall clearly communicate how those local standards align with the state's Teacher Quality Standards. School Districts and BOCES shall clearly communicate to Teachers the consequences of each category of Performance Evaluation Rating, including how each Teacher's assigned Performance Evaluation Rating contributes to the loss or gain of nonprobationary status for that Teacher.
- 5.03 (E) School Districts and BOCES shall clearly communicate to all Principals the tools that will be used to measure their performance on the Principal Quality Standards prior to their use, how the selected measurement tools will be used to determine his or her performance on each Principal Quality Standard, the party or parties responsible for making decisions, and how these multiple measures will be weighted and aggregated to determine final Performance Evaluation Ratings. School Districts and BOCES shall clearly articulate to Principals how Student Academic Growth for Principals will be measured, and delineate the manner in which these measures are aligned with the Growth Measures for Teachers. School Districts and BOCES that elect to adopt their own locally-developed quality standards for evaluating Principals shall clearly communicate how those local standards align with the state's Principal Quality Standards. School Districts and BOCES shall clearly communicate to Principals the consequences of each category of Performance Evaluation Rating.
- 5.03 (F) School Districts and BOCES shall provide training to Educators to help them understand how the growth of the students for which they are responsible will be measured for their performance evaluation, and to assist Educators in responding to Student Academic Growth data.

**5.04 Process for Nonprobationary Teacher to Appeal Second Consecutive Performance Evaluation Rating of Ineffective or Partially Effective**

- 5.04 (A) **Requirements for All School Districts.** The following requirements shall apply to the appeal process developed by School Districts for a nonprobationary Teacher to appeal a **second** consecutive Performance Evaluation Rating of ineffective or partially effective. For purposes of the appeal process, a rating of ineffective and a rating partially effective carry the same consequence; a Teacher shall lose nonprobationary status after receiving two consecutive ratings of either ineffective or partially effective. The appeal process shall allow for a final determination of the appealing Teacher's Performance Evaluation Rating and a final determination of whether that Teacher retains nonprobationary status; it shall not serve the purpose of determining employment and/or termination.

- 5.04 (A) (1) Beginning with the 2015-16 academic school year, each School District shall ensure that a nonprobationary Teacher who objects to a second consecutive Performance Evaluation Rating of ineffective or partially effective has an opportunity to appeal that rating.
- 5.04 (A) (2) The appeal process shall adhere to the following principles:
- 5.04 (A) (2) (a) the appeal process shall be appropriate to the size and location of the School District;
  - 5.04 (A) (2) (b) the appeal process shall be fair and clearly communicated to Teachers, evaluators, Principals, and, where appropriate, students and parents of students;
  - 5.04 (A) (2) (c) the appeal process shall be a component of a larger system designed to increase the number of educators able to be successful rather than provide excuses for failure;
  - 5.04 (A) (2) (d) the appeal process shall be clearly connected to the School District's educator evaluation process; and
  - 5.04 (A) (2) (e) the appeal process shall be constructed to produce appeals decisions in a timely and decisive manner;
- 5.04 (A) (3) As required by section 22-9-106 (3.5) (b) (II), C.R.S., the appeal process shall be developed, where applicable, through collective bargaining.
- 5.04 (A) (4) The appeal process shall be voluntary for a Teacher, and initiated only if he or she chooses to file an appeal. As required by section 22-9-106 (3.5) (b) (II), C.R.S., at a minimum, the appeal process provided shall allow the nonprobationary Teacher to appeal the rating of ineffectiveness to the superintendent of the School District and shall place the burden upon the nonprobationary Teacher to demonstrate that a rating of effective was appropriate.
- 5.04 (A) (5) The appeal process shall begin on the date that a Teacher receives his or her second consecutive Performance Evaluation Rating of ineffective or partially effective and shall conclude no more than forty-five (45) calendar days after he or she receives the Performance Evaluation Rating. A Teacher shall file an appeal within fifteen (15) calendar days after receiving his or her rating. These time requirements may be waived, by mutual agreement of both the Teacher and the School District.
- 5.04 (A) (6) A Teacher is permitted only one appeal for the second consecutive Performance Evaluation Rating of ineffective or partially effective. A Teacher filing an appeal shall include all grounds for the appeal within a single written document. Any grounds not raised at the time the written appeal is filed shall be deemed waived.

- 5.04 (A) (7) The grounds for an appeal shall be limited to the following:
- 5.04 (A) (7) (a) The evaluator did not follow evaluation procedures that adhere to the requirements of statute and rule and that failure had a material impact on the final Performance Evaluation Rating that was assigned (e.g., an observation was never completed or feedback was never shared with the Teacher); and/or
  - 5.04 (A) (7) (b) The data relied upon was inaccurately attributed to the Teacher (e.g., data included in the evaluation was from students for whom the Teacher was not responsible).
- 5.04 (A) (8) Any documents and/or proceedings related to the appeal process shall be confidential.
- 5.04 (A) (9) The superintendent, or his or her designated individual, shall be the final decision-making authority in determining a Teacher's final Performance Evaluation Rating and whether a nonprobationary Teacher shall lose his or her nonprobationary status. The superintendent shall provide a written rationale for his or her final determination.
- 5.04 (A) (10) The appeal process shall be the final determination in regard to the final Performance Evaluation Rating and loss or retention of nonprobationary status.
- 5.04 (A) (11) If the superintendent determines that a rating of ineffective or partially effective was not accurate but there is not sufficient information to assign a rating of effective, the Teacher shall receive a "no score" and shall not lose his or her nonprobationary status. However, if in the following academic school year that Teacher receives a final Performance Evaluation Rating of ineffective or partially effective, this rating shall have the consequence of a second consecutive ineffective rating and the Teacher shall be subject to loss of nonprobationary status.

5.04 (B) **State Model System.** The Department shall include in the State Model System a model appeal process for a nonprobationary Teacher to appeal a second consecutive Performance Evaluation Rating of ineffective or partially effective.

Each School District that adopts the State Model System may choose either of the following options: (1) to use the model appeal process that incorporates the use of a review panel; or (2) to develop its own distinctive appeal process that adheres to the requirements in section 5.04 (A) of these rules.

In addition to meeting the requirements outlined in section 5.04 (A) of these rules, the Department's model appeal process shall include the following components.

- 5.04 (B) (1) In the model process, the review panel shall serve in an advisory capacity to the superintendent. The superintendent shall be the

final decision-making authority in determining the Teacher's final Performance Evaluation Rating

- 5.04 (B) (2) In the model process, the review panel shall be comprised of members that were not directly involved in the evaluation process for the appealing Teacher. The superintendent may appoint himself or herself to the review panel.
- 5.04 (B) (3) In the model process, panel members shall be selected and trained in a manner designed to ensure the credibility and expertise of the panel members. The panel shall be comprised of equal numbers of Teachers and administrators, with no more than six panel members total. A process shall be developed to ensure continuity of the review panel members.
- 5.04 (B) (4) In the model process, the appealing Teacher shall be given the opportunity to address and provide evidence to the review panel in person or in writing. The review panel shall review any written information provided by the appealing Teacher prior to meeting to render a recommendation.

- 5.04 (B) (6) In the model process, in order to overturn a rating of ineffective or partially effective, the panel must unanimously find that the rating of ineffective or partially effective was inaccurate, with the potential for submission of a majority opinion to the superintendent if the panel is not able to reach unanimous consent.

5.04 (C) **Continuous Improvement.** As a part of its review of local personnel evaluation systems and implementation of the State Model System, the Department shall report on the role of the model system appeals process as a lever to ensure broader system accountability. Specifically, the Department shall report on how the appeals process supports the following:

- 5.04 (C) (1) early identification to Teachers of any performance deficiencies, well in advance of a second consecutive Performance Evaluation Rating of partially effective or ineffective;
- 5.04 (C) (2) the provision of targeted and timely opportunities, including resources and training, to Teachers to address any identified areas of deficiency promptly after they receive an initial Performance Evaluation Rating of partially effective or ineffective and throughout the following school year;
- 5.04 (C) (3) a process to ensure that effective Teachers are not inappropriately rated as ineffective or partially effective; and
- 5.04 (C) (4) the completion of performance evaluations only by individuals who have completed a training in evaluation skills that has been approved by the Department, as required by section 22-9-106 (4) (a), C.R.S.

**6.0 SUPPORTING PILOTING AND IMPLEMENTATION OF REQUIREMENTS FOR LOCAL PERFORMANCE EVALUATION SYSTEMS: DUTIES AND POWERS OF COLORADO DEPARTMENT OF EDUCATION**

**6.01 Development of Model Principal and Teacher Evaluation System**

- 6.01(A) The Department, in consultation with the State Council, shall develop a model Principal and Teacher evaluation system that includes the Principal and Teacher Quality Standards and the personnel evaluation framework and decision-making structure for assigning Performance Evaluation Ratings that are developed by the Department informed by recommendations from the State Council. The State Model System also shall meet all of the requirements described in section 5.01 of these rules that have the following characteristics:
- 6.01 (A) (1) is complete and fully developed and is ready for implementation by School Districts and BOCES that choose to use it;
  - 6.01 (A) (2) is coherent, in that all components of the system are connected and well-aligned to one another;
  - 6.01 (A) (3) is comprehensive, in that the system, over time, serves all licensed personnel;
  - 6.01 (A) (4) is adaptable for use by School Districts of various sizes and geographical locations; and
  - 6.01 (A) (5) is supported, in that the Department provides supports for School Districts and BOCES using the State Model System.

Each School District and BOCES may adopt the State Model System or develop its own distinctive personnel evaluation system that satisfies the requirements in section 5.01 of these rules.
- 6.01 (C) The Department shall provide the following resources for School Districts and BOCES that choose to use the State Model System:
- 6.01 (C) (1) evaluation process;
  - 6.01 (C) (2) rubrics, tools and templates;
  - 6.01 (C) (3) guidance on the development and selection of appropriate measures of student learning;
  - 6.01 (C) (4) support in analyzing state-collected data that may be used in evaluations;
  - 6.01 (C) (5) implementation support;
  - 6.01 (C) (6) initial and ongoing training for evaluators on the use of the State Model System rubrics, tools and templates; and

6.01 (C) (7) guidelines for implementation of the State Model System and for training on implementation.

6.01 (D) The Department shall develop technical guidance regarding the development and use of various Student Academic Growth approaches by School Districts and BOCES, which shall be updated as research and best practices evolve. This technical guidance shall be based on research and best practices that emerge from the pilot of the State Model System and the implementation of other local systems during the Pilot Period, and School Districts and BOCES may choose to use the technical guidance in developing their own rubrics and tools if they choose to develop their own distinctive personnel evaluation system. Approaches to be addressed within these guidance documents include, but are not limited to:

6.01 (D) (1) the development and use of Teacher-, school- or District-developed assessments;

6.01 (D) (2) the use of commercially available interim, summative and pre- and post-course assessments;

6.01 (D) (3) the development and use of Student Academic Growth objectives;

6.01 (D) (5) piloting of new and innovative practices.

6.01 (E) The Department shall develop and/or provide examples of the following:

6.01 (E) (1) approaches to categorizing personnel for the purposes of measuring individual Student Academic Growth; and

6.01 (E) (2) approaches to categorizing personnel for the purposes of joint attribution of Student Academic Growth; and

## **6.02 Development of Online Resource Bank**

6.02 (A) The Department shall create an online, searchable resource bank where School Districts can find resources to implement the State Model System or to develop their own local performance evaluation system.

6.02 (B) The Department shall seek input from interested parties on a regular basis to ensure that the resource bank is meeting user needs, and shall review and as necessary update the resource bank at least annually.

6.02 (C) The resource bank shall have the following characteristics:

6.02 (C) (4) it shall include a meaningful quality control process to ensure that resources placed in the resource bank have been reviewed for quality; and

6.02 (C) (5) it shall be easy to navigate and have a robust search function.

### **6.03 Piloting of State Model Principal and Teacher Evaluation System**

6.03 (A) The Department, with ongoing support from the State Council, shall select School Districts to pilot various components of the State Model System.

6.03 (B) **Selection of Participating School Districts and BOCES.** The Department will select participating Districts and BOCES on the basis of interest and varying stages of readiness and geographic and size distribution. Selected School Districts and BOCES shall include those that will implement only the aspects of the State Model System that are required by section 5.01 of these rules and those that will implement the State Model System in its entirety, using the same measurement tools, weightings and aggregation methods.

6.03 (C) **Objectives of Pilot Period.** The Department will support the following activities while piloting the State Model System:

6.03 (C) (1) development of methods that can be used reliably to assess Student Academic Growth, by facilitating collaboration across the state to develop Measures of Student Academic Growth for all subjects for early childhood through twelfth grade;

6.03 (C) (2) use of a Student Academic Growth Objective-based approach to calculating an individual Teacher's Student Academic Growth performance;

6.03 (C) (3) use of a measurement tool for collecting Teacher and staff perceptions about schools against the Principal Quality Standards;

6.03 (C) (4) use of a measurement tool for collecting student and family perception data;

6.03 (C) (5) use of a common statewide personnel evaluation framework and decision-making structure to assign Principals and Teachers to Performance Evaluation Ratings, as described in sections 2.03 and 3.03 of these rules;

6.03 (C) (6) analysis of the quality of available measures in evaluating Professional Practice and Student Academic Growth for Principals and Teachers;

6.03 (C) (7) information gathering about the costs to various School Districts to implement the State Model System or other systems that comply with all applicable statutory and regulatory requirements;

6.03 (C) (8) identification of the resources needed to support School Districts and BOCES based on local characteristics, such as size and geography, Educator demographics, and student demographics;

6.03 (C) (9) analysis of the efficiency and effectiveness of BOCES or other structures to support small and/or rural School Districts in implementing evaluation

systems that comply with all applicable statutory and regulatory requirements;

6.03 (C) (10) development and refinement of a method for the Department to monitor implementation of local personnel evaluation systems and

6.03 (C) (11) learning about and from the State Model System in order to make improvements to that system.

6.03 (D) During the Pilot Period, School Districts and BOCES that pilot the State Model System to assign Educators to Performance Evaluation Ratings shall not use these ratings in determining the loss or gain of nonprobationary status for Teachers. Because the intent of the Pilot Period is to test the State Model System, a Teacher whose performance is or is likely to be deemed “ineffective” using the State Model System during the Pilot Period shall be evaluated using the existing personnel evaluation system in place in the participating School District or BOCES.

6.03 (E) **Evaluation of Pilot.** The Department shall evaluate the pilot in order to learn and improve the State Model System by, among other things:

6.03 (E) (1) identifying and capturing the critical elements of local implementation and training and the state supports needed to implement high-quality systems statewide;

6.03 (E) (2) identifying and capturing innovative practices that School Districts are developing and using that can improve the State Model System; and

6.03 (E) (3) assessing the interest among School Districts in the use of the State Model System and identifying barriers to strong local implementation of the State Model System.

#### **6.04 Monitoring and Reporting on Implementation of Requirements for Local Evaluation**

**Systems.** The Department shall monitor School Districts’ and BOCES’ implementation of the requirements for local personnel evaluation systems as described in these rules and as otherwise required by federal or state statute and regulation. The intent of monitoring these systems shall be to understand whether they are implemented in a manner that provides Educators with evaluations using multiple, fair, transparent, timely, rigorous and valid methods and ensures that Educators receive adequate feedback and professional development support to provide them a meaningful opportunity to improve their effectiveness.

Beginning in July 2013, the Department will collect an assurance from each School District and BOCES no later than July 1 of each year, indicating that the School District or BOCES is either implementing the State Model System or is implementing its own distinctive personnel evaluation system that satisfies the requirements in section 5.01 of these rules. These assurances shall be signed by (i) the executive director of the BOCES or superintendent of the School District, and (ii) the chair of the BOCES or local school board.

Additional methods that the Department may use to monitor local personnel evaluation systems are (i) integrating information about evaluation systems into accountability and improvement efforts, including, if applicable, the school and District performance reports, required pursuant to section 22-11-503, C.R.S., and (ii) incorporating monitoring data into school and District Unified Improvement Plans.

6.04 (A) School Districts and BOCES shall submit data, as requested by the Department, to allow said monitoring to occur and the Department will report this data on the SchoolView data portal. In order to report required data to the Department, School Districts and BOCES

shall categorize all Teachers they employ as a Teacher of record and/or contributing professional, using the statewide definitions of those terms that are established by the Department.

6.04 (B) The Department shall only publicly report data related to Performance Evaluation Ratings in the aggregate at the school-, District- and state-level, and shall not publicly report this data for cohorts smaller than five Educators.

6.04 (C) The Department shall publish online the results of these monitoring efforts on or before September 2015, and annually thereafter. At a minimum, monitoring efforts shall focus on the following objectives and include the following analysis:

6.04 (C) (1) Increase the effectiveness of all Educators, the progress of which may be evaluated using the following data:

6.04 (C) (1) (a) the number of Educators assigned to each Performance Evaluation Rating and how those numbers change over time;

6.04 (C) (1) (b) information concerning Teacher and Principal retention, correlated with Performance Evaluation Ratings and reasons Teachers and Principals leave Districts and schools; and

6.04 (C) (1) (c) perception survey data of Colorado Educators, parents and students;

6.04 (C) (2) Analyze the correlation between student performance outcomes and the assignment of Educators to Performance Evaluation Ratings, which may be evaluated using the following data:

6.04 (C) (2) (a) student performance data for each public school and data concerning the number of Educators at each public school assigned to each Performance Evaluation Rating;

6.04 (C) (2) (b) student performance data, organized according to academic subjects and grades, and data concerning the number of Educators assigned to each Performance Evaluation Rating, organized according to academic subjects and grades;

6.04 (C) (2) (c) information concerning the distribution of Educators assigned to each Performance Evaluation Rating within each public school and School District;

6.04 (C) (2) (d) information concerning the correlation of Measures of Student Academic Growth used and student performance on Statewide Summative Assessments; and

6.04 (C) (2) (e) beginning July 2014, information concerning performance results for Educators on each of the Teacher Quality Standards and each of the Principal Quality Standards, and analysis of the correlation between results for individual Educators on the

Measures of Student Academic Growth and the Professional Practice measures;

6.04 (C) (3) Analyze the equitable distribution of effective and highly effective Educators, which may be evaluated using the following data:

6.04 (C) (3) (a) the number of Educators assigned to each Performance Evaluation Rating, disaggregated by common course code, Educator demographics, student demographics, and school demographics; and

6.04 (C) (4) Analyze the extent to which Principals and Teachers understand how they are being evaluated, what they need to do to improve, and how to access resources they need to support their professional development, which may be evaluated using surveys, focus groups, and/or feedback received during trainings.

6.04 (D) When data collected by the Department indicates that a School District or BOCES is unable to implement a local evaluation system that meets the objectives of the Licensed Personnel Evaluations Act, section 22-9-101, C.R.S., *et seq.*, the Department will conduct a more thorough review of the School Districts' or BOCES' processes and procedures for its licensed personnel evaluation system to assure that the system is professional, sound, results in fair, adequate, and credible evaluation, satisfies the Quality Standards in a manner that is appropriate to the size, demographics, and location of the School District or BOCES, and is consistent with the purposes of Article 22.

Pursuant to section 22-11-206 (4) (b), C.R.S., if the Department has reason to believe that a School District is not in substantial compliance with one or more of the statutory or regulatory requirements that applies to School Districts, the Department shall notify the local school board that it has ninety days after the date of notice to come into compliance. If, at the end of the ninety-day period, the Department finds that the School District is not substantially in compliance with the applicable statutory or regulatory requirements, the School District may be subject to the interventions specified in article 11 of title 22, Colorado Revised Statutes.

**6.05 Evaluation and Continuous Improvement of the Statewide System to Evaluate the Effectiveness of Licensed Personnel**

The Department shall use information obtained through monitoring and reporting efforts to identify opportunities for improvement. No later than July 1 of each year, beginning in 2012, the State Board shall review these rules (1 CCR 301-87) and, informed by recommendations from the State Council and using information from implementation of the State Model System and other local systems, shall determine whether to affirm or revise the rules in order to reflect what has been learned.

**7.0 PARENT AND STUDENT PARTNERSHIP WITH TEACHERS AND PUBLIC SCHOOL ADMINISTRATORS**

7.01 **Parents and Guardians.** Districts and schools shall create systems and structures that focus on providing parents and guardians with meaningful opportunities to support the academic achievement and growth of their children. These systems and structures shall proactively encourage and support:

- 7.01 (A) high-quality and ongoing communication between parents/guardians and Educators and schools using a variety of methods, such as various media, resources and languages;
  - 7.01 (B) involvements of parents/guardians in school and District leadership as currently supported by law and further identified through the implementation of local evaluation systems; and
  - 7.01 (C) the engagement of parent/guardian and community partnerships to ensure the successful implementation of the Principal and Teacher Quality Standards.
- 7.02 As appropriate, the Department shall provide resources and technical assistance, through the online resource bank, to support Districts in developing systems and structures that provide meaningful opportunities for parents/guardians to support the academic achievement and growth of their children.
- 7.03 The Department shall encourage Districts to monitor and measure the effectiveness of community and family involvement strategies and to use data gathered to inform system refinements.
- 7.04 **Students.** Districts are strongly encouraged to gather student perceptions of their learning experience in order to provide Teachers with feedback on their performance. Where appropriate, Districts are encouraged to use student perception data as part of the multiple measures used to evaluate Teacher Professional Practice, described in section 5.01 (E) (6) of these rules.
- 7.05 Districts are strongly encouraged to gather student perceptions to provide Principals with feedback on their performance.
