GT@Universities	College/university departments for gifted education
CAGT	Colorado Association for Gifted and Talented
CDE	Colorado Department of Education

# Communication Flow Diagram

This diagram outlines the general communication flow of the Statewide Advisory Committee for Gifted Education (SAC). Information and concerns are voiced by constituents – parents, teachers, legislators, students – to their local Network organizations related to Gifted and Talented. These then communicate with the SAC. The process is reversed with SAC deliberations and actions being communicated through the Network partners to the state constituents.
