## Life's a mission. This is your quest.

Congratulations! Cyrus (Cuba Gooding, Jr.) has picked YOU to help him defeat a slimy, self-important team of asthma villains with a wicked agenda. These villains are trying to convince kids everywhere that asthma is an unmanageable force. Hmmm ... sounds like a challenge.

## About the Game

As you set off on your *Quest*, Cyrus will be there by your side to give you important information, special tips and fun facts about asthma. With cool online animations, real-world scenarios, and uber-cool celebrity voiceovers to help teach you how to cope with your asthma the villains won't stand a chance! You'll collect the lost pieces of the *Quest* code and put them back together again! Remember, you have the knowledge and power to complete the task at hand.

## Don't Hold Your Breath: The Lung Tour

Take an interactive tour inside your body and learn how asthma and asthma medications affect the lungs.

*Voiced by Cuba Gooding, Jr.*

## Red Alert: Early Warning Signs and Asthma Symptoms

He may be a cockroach but he sure knows his stuff. Take on General Robo-Roach as he challenges you to distinguish between the early warning signs and true asthma symptoms. *Voiced by General H. Norman Schwarzkopf*

## Tool Time: Medication Devices

No number two pencils necessary for Chalktisa's interactive test. How well do you know how to use the different asthma medication devices? Take our quiz and see! *Voiced by Glenn Close*

## Take control! The quest continues...

Having asthma can be hard but you don't have to let it get you down. Only you have the power to take control of your life and fight asthma head on! Every day is a quest and the missing pieces are all around. Remember, the more you know the more power you have to prevent and control asthma attacks.
