
STATE ADVISORY COUNCIL ON
PARENTAL INVOLVEMENT IN EDUCATION (SACPIE)

Date: November 20, 2012

Time: 1:00 – 3:00 p.m.

Location: CEA

SACPIE VISION STATEMENT

Through increased parental involvement, we envision reduced dropout rates, reduced gaps in academic achievement and growth among student groups, and an increase in the number of students who continue into higher education following high school graduation or completion. SACPIE will advise appropriate parties regarding additional strategies for parental involvement to improve public education (SB 09-090, p.2, b).

SACPIE MISSION STATEMENT

The Statewide Advisory Council on Parental Involvement in Education (SACPIE) will review best practices and recommend to policy makers and educators strategies to increase parental involvement in public education, thereby helping to improve the quality of public education and raise the level of students' academic achievement throughout Colorado. (SB 09-090, p. 2, 2)

Overarching Goal

To involve Colorado's parents in reducing dropout rates, reducing gaps in academic achievement and growth among student groups, and an increase in the number of students who continue into higher education following high school graduation or completion

OBJECTIVE: Create a report on Best Practices and Strategies for parent involvement in the education of their children and make recommendations to policy makers, boards of education, administrators, educators as well as parents

OBJECTIVE: Create a Grant Program for schools and districts to apply for funds to implement recommended practices and programs in Parent Involvement

AGENDA
