Dance samples represent collaboration between Colorado k-12 educators and community partners in Dance. For more information about community partners in your region, refer to the Arts Education Guidebook (http://www.cde.state.co.us/coarts/ArtGuidebook.asp).

This unit was authored by a team of Colorado educators. The template provided one example of unit design that enabled teacher-authors to organize possible learning experiences, resources, differentiation, and assessments. The unit is intended to support teachers, schools, and districts as they make their own local decisions around the best instructional plans and practices for all students.

**Critical Thinking and Reasoning:** Thinking Deeply, Thinking Differently

**Information Literacy:** Untangling the Web

**Collaboration:** Working Together, Learning Together

**Self-Direction:** Own Your Learning

**Invention:** Creating Solutions

---

The Colorado Academic Standards for Dance are not intended to be taught in a linear (checklist of coverage) fashion, but rather should be implemented as a cyclical creative process. Each unit within this sample blueprint intentionally includes standards from all four dance standards to illustrate this process-based philosophy.

**Introduce** - Refers to the pre-experiences needed before introducing dance repertoire. As learning progresses, students will be introduced to various additional dance steps/techniques.  
**Rehearse** - Refers to the steps that occur after introducing repertoire. Review, practice, revisiting areas that need additional focus will be a recurring process.  
**Perform** - Refers to the execution and/or application of work within in the introduction and rehearsal process. This can include the final capstone performance task or other performances demonstrating skill attainment. | [Guidebook on Performance Preparation](http://www.decodanz.co.uk/resources/Freebies/Prep-for-Performance---Sho-Botham---decodanz.pdf)

| **Skills** | **Assessment** | |
| **Introduce** - Identify body system elements that act as a catalyst for movement choices.  
**Rehearse** - Review, analyze, edit, adjust elements of the dance piece as needed  
**Perform** - Apply, execute, demonstrate skill attainment | Students will participate in the performance preparation process throughout this unit. Teachers will use observations to assess in the following ways:  
**Introduce** - Pre-assess understanding of choreography through brainstorming and discussions of basic choreographic forms and structure  
**Rehearse** - Rehearsal is formatted to meet student’s range of abilities. Formative assessment and adjustment of dance steps, timing, gestures, etc. are found throughout the rehearsal process.  
**Performance** - Formative assessment such as observation and correction for discreet skill attainment. Summative assessment such as rubrics, adjudication sheets, reflective inventories can be used in formal/final performance. |
