Dance

Preschool, Standard 1. Movement, Technique, and Performance

Prepared Graduates:

2. Apply kinesthetic awareness to develop lifelong and safe movement practices.

Preschool Learning and Development Expectation:

1. Demonstrate simple phrases of movement safely.

LDE Code: DA.P.1.1

Indicators of Progress

By the end of the preschool experience (approximately 60 months/5 years old), students may:

a. Practice simple locomotor and non-locomotor movements.

b. Explore movement to encourage (kinesthetic) body awareness.

c. Explore simple phrases of movement to experience rhythm, clapping and moving to music in relationship to others.

Examples of High-Quality Teaching and Learning Experiences

Supportive Teaching Practices/Adults May:

1. Provide ample time daily for students to use their bodies to move in a variety of ways, both indoors and outdoors.

2. Arrange for large open spaces where children can move freely and small spaces (e.g., carpet squares, hula hoops, low balance beam) for children to practice more controlled movements.

3. Enjoy participating alongside children in planned and spontaneous movement and dance activities.

4. Model and integrate different movements (e.g., twist, bend, hop, slide, roll, stretch) into the daily routines.

5. Use correct vocabulary when referring to movements (e.g., gallop, twist, stretch, balance).

6. Include movements that children with physical disabilities can perform with different parts of their bodies.

7. Challenge children to think of specific ways to travel to various areas.

8. Bring attention to a child’s created movements and invite others to observe, imitate and suggest their individual ideas.

Examples of Learning/Children May:

1. March and dance to music or rhythmical sounds.

2. Suggest a way to move (e.g., like a butterfly) during the transition from outdoors to indoors.

3. Participate in jumping/leaping over “rivers” spread around the room.
Dance

Preschool, Standard 2. Create, Compose, and Choreograph

Prepared Graduates:

4. Explore and demonstrate various concepts through improvisational movement to communicate purposeful intent

Preschool Learning and Development Expectation:

1. Explore simple ideas and stories through movement.

LDE Code: DA.P.2.1

Indicators of Progress

By the end of the preschool experience (approximately 60 months/5 years old), students may:

a. Create movements in response to sensory ideas (textures, colors, smells) and images from nature.

b. Move to express different feelings in personal and general space.

c. Explore movement while moving with objects (scarves, feathers, balls).

d. Transfer same movements to different body parts and use repetition.

Examples of High-Quality Teaching and Learning Experiences

Supportive Teaching Practices/Adults May:

1. Provide an environment that encourages children to use movement to recognize and understand feelings.

2. Invite children to move in ways that demonstrate how a character in a story might feel or move in response to a problem.

3. Ask children to recall a familiar activity such as a field trip, daily routine or special event using movement to represent the experience.

4. Provide a variety of props to inspire children to explore or make up their own creative movements.

5. Connect movement or dance to a curriculum study and integrate throughout the daily routine.

6. In reading stories, look for words and images that suggest movement, pause, and encourage children to use movement to represent the word/image.

7. Model patterns of movements, starting simply and increasing complexity as appropriate.

Examples of Learning/Children May:

1. Describe why you chose those specific movements to express a certain emotion.

2. Demonstrate a creative movement in pretend play (e.g., a cat pouncing on a ball, a fish swimming in the classroom aquarium, a rocket ship lifting off).

3. Participate moving creatively to instrumental music.

4. Lead a simple movement pattern for others to copy.
Dance

Preschool, Standard 3. Historical and Cultural Context

Prepared Graduates:
6. Research, articulate and embody dance from various eras and cultures.

Preschool Learning and Development Expectation:
1. Begin to imitate movements and terminology representing different eras and cultures.

Dance

Prepared Graduates:
7. Investigate and synthesize how dance developed through the lens of the culture or era in which it originated.

Preschool Learning and Development Expectation:
2. Begin to recognize ways in which dance represents different eras and cultures.

LDE Code: DA.P.3.1

Indicators of Progress

By the end of the preschool experience (approximately 60 months/5 years old), students may:
a. Explore how dance expresses ideas and emotions.
b. Explore occasions for dance across different cultures.
c. Explore shapes, levels, and patterns in a dance, and describe the actions.

Examples of High-Quality Teaching and Learning Experiences

Supportive Teaching Practices/Adults May:
1. Ask families to share traditional music and dances from their cultures.
2. Invite family members and community groups to the classroom to speak about and teach student a dance.
3. Provide a range of music such as classical, jazz, rock, rap, salsa, and props from various cultures to imitate dance experiences.
4. Use photographs, short video and books about dance/movement performed by various groups of people.
5. Ask student to share personal stories about times in which they have seen or participated in cultural dances.

Examples of Learning/Children May:
1. Bring in a photo to show and/or talk about an occasion in which they experienced dance.
2. Watch a performance with interest and begin to copy a movement observed in a dance.
Dance

Preschool, Standard 4. Reflect, Connect, and Respond

Prepared Graduates:
8. Critique, analyze, reflect upon, and understand new works, reconstructions and masterworks using the Language of Movement.

Preschool Learning and Development Expectation:
1. Observe and identify different dance genres.

LDE Code: DA.P.4.1

Indicators of Progress

By the end of the preschool experience (approximately 60 months/5 years old), students may:
a. Experience the joy of seeing and responding to dance.
b. Demonstrate movement to express emotion.
c. Express what is seen and felt in a movement with different tempos, rhythms, and genres.

Examples of High-Quality Teaching and Learning Experiences

Supportive Teaching Practices/Adults May:
1. Plan opportunities in the classroom for children to observe and respond to a variety of dance genres performed by peers, family members, local community groups or professionals.
2. Model asking a question or sharing a thought about a creative movement or dance.
3. Model using words or actions to describe what was liked about a particular performance.
4. Integrate a range of music in daily routine for children to listen and freely move to.

Examples of Learning/Children May:
1. Clap following a dance performance by a classmate or guest.
2. Imitate a movement seen in a dance performance.
3. Tell what was enjoyed in a particular dance.

Dance

Preschool, Standard 4. Reflect, Connect, and Respond

Prepared Graduates:
8. Critique, analyze, reflect upon, and understand new works, reconstructions and masterworks using the Language of Movement.

Preschool Learning and Development Expectation:

LDE Code: DA.P.4.2
Indicators of Progress

By the end of the preschool experience (approximately 60 months/5 years old), students may:

a. View a performance with attention.
b. Describe the dance in your own words.
c. Show your favorite dance move to the performers or each other.

Examples of High-Quality Teaching and Learning Experiences

Supportive Teaching Practices/Adults May:
1. Invite a special guest or group to the classroom to demonstrate a creative movement or dance performance.
2. Attend performances in settings outside the classroom such as a trip to a local rehearsal or performance.
3. Model and talk about appropriate audience behaviors of watching, listening, and showing appreciation.
4. Model describing or responding to a space of a particular dance work.

Examples of Learning/Children May:
1. Show excitement to watch a creative movement or dance performance.
2. Comment on or imitate a movement that was observed in a dance.
3. Explore the process of creating an artwork in response to a dance performance (e.g., drawing, painting, invented movement).

Dance

Kindergarten, Standard 1. Movement, Technique, and Performance

Prepared Graduates:

3. The connection of interdisciplinary concepts to dance can enhance understanding of movement or choreographic intent. (Communicator - Data Literacy; Problem Solver - Critical Thinking and Analysis)

Inquiry Questions:
1. Describe what you understand about the dance.
2. Explain the theme, movement, and structure in a dance, and what makes it different from another dance?
3. How can dance terminology help one to describe the feelings in a particular dance?

Dance
Fifth Grade, Standard 4. Reflect, Connect, and Respond

Prepared Graduates:
9. Analyze and demonstrate the various roles and contributions of dance within a community

Grade Level Expectation:
1. Discover personal connections through dance to other academic content and a broader community.

GLE Code: DA.5.4.2

Evidence Outcomes

Students Can:
a. Explore how dance relates to a variety of other academic content areas.
b. Describe the use of dance in a variety of communities.
c. Analyze how arts are related to one another.

Academic Context and Connections

Colorado Essential Skills:

1. Understanding the connections of dance to other disciplines allows for an appreciation of the art form. (Community Member - Social Awareness)
2. Dance can help to define the identity of individual communities, cultures, and societies. (Community Member - Global and Cultural Awareness)
3. Students can use technology to learn, study, and share dance. (Communicator - Digital and Media Literacy)

Inquiry Questions:

1. How would you relate dance to another school subject?
2. How is dance used in your community?
3. How is dance similar to another school subject?
4. How does a painting make you want to move?

Dance

Sixth Grade, Standard 1. Movement, Technique, and Performance

Prepared Graduates:

1. Demonstrate dance technique, vocabulary, and skill appropriate to stylistic expectations.

Grade Level Expectation:

1. Demonstrate developing dance technique, vocabulary, and skill in various styles with emerging dynamic expression.

GLE Code: DA.6.1.1

Evidence Outcomes

Students Can:

a. Demonstrate kinesthetic alignment appropriate to the genre.
b. Distinguish the qualities required for dynamic expression in movement.
c. Perform movement sequences with clarity of movement and attention to detail.

Academic Context and Connections

Colorado Essential Skills:

1. Self-aware dancers with a solid foundation in technique or movement skills have excellent control of their bodies and movement execution. (Empowered Individual-Self Awareness)
2. Dancers identify genre specific qualities, patterns, and techniques to accurately lay a foundation for future application. (Problem Solver-Critical Thinking and Analysis)
Inquiry Questions:

1. How does proper alignment change the ability to dance and execute steps?

2. How do different dynamic movement qualities alter expression of intent in a dance?

Dance

Sixth Grade, Standard 1. Movement, Technique, and Performance

Prepared Graduates:

2. Apply kinesthetic awareness to develop lifelong and safe movement practices fitness and mind/body wellness.

Grade Level Expectation:

2. Develop alignment and control while moving.

GLE Code: DA.6.1.2

Evidence Outcomes

Students Can:

a. Apply self-awareness to safe body movement.
b. Examine how healthful strategies (e.g., nutrition, injury prevention, emotional health, overall functioning) and safe body-use practices are essential for the dancer.
c. Examine how kinesthetic principles and various body systems (e.g., cardiovascular, respiratory, musculoskeletal) relate to the dancing body.
d. Develop organization and self-awareness of the body while moving (e.g., balance, coordination, flexibility, alignment, core strength).
e. Explore movement that develops a wide range of motion, muscular flexibility, strength, and endurance.

Academic Context and Connections

Colorado Essential Skills:

1. Dancing through a defined area with self-awareness demonstrates understanding of personal and/or shared space. (Empowered Individual - Self-Awareness, Self-Management)
2. Body alignment increases lifelong health and injury prevention (Empowered Individual - Perseverance and Self Awareness)
3. Self-awareness and anatomical knowledge can allow a student to self-correct using outside sources (e.g., video recordings, photographs) (Communicator - Digital Literacy; Problem Solver - Critical Thinking and Analysis)
4. Daily movement practice develops and support lifelong physical development, well-being, and self-efficacy (Empowered Individual - Self-Management)

Inquiry Questions:

1. How does flexibility, placement, body awareness and control develop technical skills in the dancers?

2. Why is it important to warm up the body?

3. How would the muscular and skeletal systems work together to accomplish movement?
Dance

Sixth Grade, Standard 1. Movement, Technique, and Performance

Prepared Graduates:
3. Participate in the dance performance process in a variety of roles.

Grade Level Expectation:
3. Develop movement strategies to perform a specific intent.

GLE Code: DA.6.1.3

Evidence Outcomes

Students Can:
a. Collaborate to refine dances and clearly communicate intent.
b. Communicate to establish clear rehearsal and performance expectations.

Academic Context and Connections

Colorado Essential Skills:
1. In the rehearsal process, dancers must demonstrate perseverance, communicate effectively, and build confidence to represent intent within performances. (Empowered Individual - Perseverance and Resilience)
2. Approaches to movement can communicate the intent of a dance. (Problem Solver-Critical Thinking and Analysis)

Inquiry Questions:
1. What is collaboration in the performance process?
2. How can perseverance in dance rehearsal change our approach to performing?

Dance

Sixth Grade, Standard 2. Create, Compose, and Choreograph

Prepared Graduates:
4. Explore and demonstrate various concepts through improvisational movement to communicate purposeful intent.

Grade Level Expectation:
1. Improvise movement based on both existing knowledge and new discoveries

GLE Code: DA.6.2.1
Evidence Outcomes

Students Can:

a. Experiment with movement in a variety of combinations.
b. Develop basic improvisational skills and techniques.
c. Identify patterns, connections, and individual creative choices through improvisation.
d. Adapt ideas to fit the needs of oneself or group.

Academic Context and Connections

Colorado Essential Skills:

1. Dancers are aware of their kinesthetic and aesthetic likes and dislikes and can communicate them.
   (Communicator: Interpersonal Communication; Empowered Individual - Self Awareness, Self-Advocacy, and Initiative)
2. Through improvisation dancers can engage in novel approaches to movement, direction, ideas and/or perspectives.

   (Communicator - Interpersonal Communication; Problem Solver - Creativity and Innovation, Collaboration and Teamwork, Adaptability and Flexibility; Community Member - Social Awareness)

Inquiry Questions:

1. How does improvisation help in providing a variety of movement combinations?
2. How can this action be modified to work for your group?
3. In what ways can you respond to nature using movement?

Dance

Sixth Grade, Standard 2. Create, Compose, and Choreograph

Prepared Graduates:

5. Use a creative process to construct a dance composition.

Grade Level Expectation:

2. Create dance studies alone or in groups using a variety of themes and structures that have an intent.

GLE Code: DA.6.2.2
Evidence Outcomes

Students Can:

a. Create, revise, and perform dance studies that demonstrate various dance techniques and individuality.

b. Create, revise, and perform dances with a clear beginning, middle, and end utilizing transitions that serve the artistic intent.

c. Identify and compare the creative choices made in choreography.

Academic Context and Connections

Colorado Essential Skills:

1. Creative process in dance aligns with many of the processes used in other art forms. (Problem Solver: Critical Thinking and Analysis; Empowered Individual - Career Readiness)

2. Dancers can use technology to highlight and refine a dance. (Communicator - Digital Literacy)

3. The use of dance technique, vocabulary, and creative processes gives a choreographer many options when creating dances. (Problem Solver - Creativity and Innovation; Empowered Individual - Self-Awareness)

4. In collaborative groups students can have focused conversations, set goals, and fulfill assigned roles. (Communicator - Interpersonal Communication; Problem Solver - Adaptability and Flexibility)

5. When refining dances students can receive and discuss feedback to broaden perspectives and clarify intent. (Communicator - Interpersonal Communication; Problem Solver - Critical Thinking and Analysis; Community Member - Social Awareness)

Inquiry Questions:

1. How does a movement sequence serve the artistic intent?

2. Why do groups end up with different dances when given the same prompt?

Dance

Sixth Grade, Standard 3. Historical and Cultural Context

Prepared Graduates:

6. Research, articulate and embody dance from various eras and cultures.

Grade Level Expectation:

1. Demonstrate and explore arranging movements and terminology consistent with different eras and cultures.

GLE Code: DA.6.3.1

Evidence Outcomes

Students Can:

a. Observe and describe movements from various cultures and eras using existing knowledge.

b. Perform movements specific to various cultures and eras.

c. Use era and culturally specific themes to explore movement sequencing.
**Academic Context and Connections**

**Colorado Essential Skills:**

1. Observation skills, dance research and embodied knowledge contribute to identifying dance works from a specific culture or era. (Community Member - Global and Cultural Awareness)
2. Exploration of cultural or era specific dance can increase social awareness. (Community Member - Social Awareness)

1. Creative process in dance aligns with many of the processes used in other art forms. (Problem Solver - Critical Thinking and Analysis; Empowered Individual - Career Readiness)
2. Dancers can use technology to highlight and refine a dance. (Communicator - Digital Literacy)
3. The use of dance technique, vocabulary, and creative processes gives a choreographer many options when creating dances. (Problem Solver - Creativity and Innovation; Empowered Individual: Self-Awareness)
4. In collaborative groups students can have focused conversations, set goals, and fulfill assigned roles. (Communicator - Interpersonal Communication; Problem Solver - Adaptability and Flexibility)
5. When refining dances students can receive and discuss feedback to broaden perspectives and clarify intent. (Communicator - Interpersonal Communication) (Problem Solver - Critical Thinking and Analysis; Community Member - Social Awareness)

Inquiry Questions:

1. How does one compare and contrast a dance without a plot with a narrative?
2. How can any one of the (music, observed dance, literary forms, notation, natural phenomena, personal experience, current news, or social events) influence dance composition?

Dance

**Eighth Grade, Standard 3. Historical and Cultural Context**

**Prepared Graduates:**

6. Research, articulate and embody dance from various eras and cultures.

**Grade Level Expectation:**

1. Arrange, demonstrate, and critique era and culturally specific movement sequences.

GLE Code: DA.8.3.1

**Evidence Outcomes**

**Students Can:**

a. Discuss, embody, and describe dance technique and movement vocabulary specific to a culture.

b. Communicate how dances from a variety of cultures, societies, historical periods, or communities reveal the ideas and perspectives of people.

c. Use era and culturally specific themes and movements in creating sequences.

d. Recognize one's own cultural, personal, and historical biases when analyzing dance from a culture different from one's own.
Academic Context and Connections

Colorado Essential Skills:

1. Historical and culturally specific dances can reflect current societal issues. (Community Member - Civic Engagement, Social Awareness).

2. Students research dance by gathering information from print and digital sources, determining biases and credibility of sources, citing sources accurately and using evidence to draw conclusions. (Communicator - Media Literacy)

3. Embodying dance from other cultures allows individuals to apply skills that affect change, increase global awareness, and build empathy. (Community Member - Civic Engagement).

Inquiry Questions:

1. How do historical and culturally specific dances deepen our understanding of the world?
2. How are observed themes from historical and culturally specific dances relevant to our lived experiences?

Dance

Eighth Grade, Standard 3. Historical and Cultural Context

Prepared Graduates:

7. Investigate and synthesize how dance developed through the lens of the culture or era in which it originated.

Grade Level Expectation:

2. Identify, with supporting evidence, historical and cultural aspects of two or more dance forms.

GLE Code: DA.8.3.2

Evidence Outcomes

Students Can:

a. Analyze and discuss how dances from a variety of cultures, societies, historical periods, or communities reveal the ideas and perspectives of the people.

b. Formulate possible reasons why similarities and differences in movement are developed in relation to the ideas and perspectives of the people.

Academic Context and Connections

Colorado Essential Skills:

1. Exploring different dance forms and techniques gives insights to cultural traditions and purposes of dance. (Community Member - Social Awareness, Global and Cultural Awareness)

2. Students research connections between dance and society by gathering information from print and digital sources, determining biases and credibility of sources, citing sources accurately and using evidence to draw conclusions. (Communicator - Media Literacy, Digital Literacy, Data Literacy) (Problem Solver - Critical Thinking and Analysis) (Community Member - Social Awareness, Civic Engagement, Global and Cultural Awareness)
Inquiry Questions:
1. How do current popular dances compare with social dances of the 19th century?
2. How can the research you have collected be used within your own community?

Dance

Eighth Grade, Standard 4. Reflect, Connect, and Respond

Prepared Graduates:
8. Critique, analyze, and reflect upon dance.

Grade Level Expectation:
1. Reflect upon the meaning of dance created by others and explain the intent of dance created by oneself.

GLE Code: DA.8.4.1

Evidence Outcomes

Students Can:
a. Respond to dances using appropriate dance language.
b. Explain how artistic expression is achieved through relationships between movement, dance technique and context.
c. Cite evidence in the dance to support their interpretations using dance terminology.
d. Identify the choreographic structure, cultural origin, and technique of the dance viewed.

Academic Context and Connections

Colorado Essential Skills:
1. The ability to articulate the value of diversity as it relates to music and dance movements, and technique can demonstrate community and cultural awareness. (Communicator: Interpersonal; Community Problem Solver: Critical Thinking and Analysis; Community Member: Cultural Awareness, Social Awareness)
2. The practice of reflecting on the work of others and being able to reflect on one’s own work helps us to develop our own value set. (Empowered Individual: Self-Awareness, Self-Management)
3. The connection of interdisciplinary concepts to dance can enhance understanding of movement or choreographic intent. (Communicator: Data Literacy; Problem Solver: Critical Thinking and Analysis)

Inquiry Questions:
1. Why could dance be considered a “universal” language?
2. How do other art forms document or preserve their work?
3. How should one use personal opinion when critiquing a dance work?
Eighth Grade, Standard 4. Reflect, Connect, and Respond

Prepared Graduates:

9. Analyze and demonstrate the various roles and contributions of dance within a community.

Grade Level Expectation:

2. Identify how other art forms, school subjects, professions and community roles are used in dance.

GLE Code: DA.8.4.2

Evidence Outcomes

Students Can:

a. Demonstrate the use of school subjects such as music, visual art, language arts, math, science, and others and in dance

b. Investigate career opportunities in dance.

c. Predict how dance impacts communities

Academic Context and Connections

Colorado Essential Skills:

1. Reactions to other disciplines can provide innovative ways to use dance. (Community Member: Civic Engagement)

2. Analysis of different subjects can be used to compare and contrast ideas. (Problem Solver: Critical Thinking and Analysis)

3. Dance can influence diverse college and career paths. (Empowered Individual: Career Awareness)

4. Students can use technology to learn, study, and share dance. (Communicator: Digital and Media Literacy)

Inquiry Questions:

1. How can ideas from other academic content areas be used to inspire dance or create dance?

2. How can dance inspire other academic content areas?

3. How can social media enhance or detract from dance?

4. How can I use dance to positively contribute to my community?

Dance

High School - Fundamental Pathway, Standard 1. Movement, Technique, and Performance

Prepared Graduates:

1. Demonstrate dance technique, vocabulary, and skill appropriate to stylistic expectations.
Grade Level Expectation:
1. Demonstrate developing dance technique, vocabulary, and skills in various styles with emerging artistic expression.

GLE Code: DA.H1.1.1

Evidence Outcomes

Students Can:

a. Use a range of movement and vocabulary to demonstrate artistic expression.

b. Demonstrate phrasing with and without musical accompaniment using various rhythms and sounds.

c. Perform with others to establish relationships with dancers and the environment.

Academic Context and Connections

Colorado Essential Skills:
1. Dancing through a defined area with self-awareness demonstrates understanding of personal and/or shared space. (Empowered Individual - Self-Awareness, Self-Management)
2. Practicing dance technique cultivates self-discipline and leads to a high level of fluency in performance. (Empowered Individual - Self-Awareness, Self-Management)
3. Self-correcting during the learning process demonstrates a dancer’s ability to apply technique and skill. (Problem Solver - Adaptability and Flexibility; Empowered Individual - Self-Awareness, Self-Management)
4. Using a systematic method for memorizing dance steps and movement can be translated into daily and work life. (Communicator - Data Literacy; Problem Solver - Critical Thinking and Analysis; Empowered Individual - Career Awareness)
5. Identifying and using culturally specific language, skill and music connects students to a broad range of dance styles. (Community Member - Global and Cultural Awareness)

Inquiry Questions:
1. Why might a dancer compare their body to an instrument?
2. How can dancers demonstrate style specific movement to communicate artistic expression?
3. How does improving skills in dance class relate to improving skills outside of dance class?

Dance

High School - Fundamental Pathway, Standard 1. Movement, Technique, and Performance

Prepared Graduates:

2. Apply kinesthetic awareness to develop lifelong and safe movement practices, fitness, and mind/body wellness.
Grade Level Expectation:

1. Identify and apply anatomical principles and healthful practices to a range of technical dance skills.

GLE Code: DA.H1.1.2

Evidence Outcomes

Students Can:

a. Evaluate and apply healthful strategies (e.g., nutrition, injury prevention, emotional health, overall functioning) and safe body-use practices that are essential for the dancer.

b. Demonstrate anatomical terms (e.g., muscles, bones, tendons, ligaments, joint articulations) as they relate to dance. Apply kinesthetic principles and various body systems.

c. Demonstrate body coordination while moving (e.g., balance, coordination, flexibility, alignment, core strength).

d. Explore movement that develops a wide range of motion, muscular flexibility, strength, and endurance. Explore different body conditioning techniques.

Academic Context and Connections

Colorado Essential Skills:

1. Dancers study the body to understand the intricacies of movement and to prevent injuries. (Empowered Individual - Self-Advocacy and Initiative)

2. Dancers use the mind-body connection and develop the body as an instrument for artistry and artistic expression. (Empowered Individual - Self Management)

3. Fitness and wellness software and online resources can provide tools for monitoring diet, exercise and one’s general health and wellness. (Communicator: Media Literacy)

4. Self-correcting during the learning process demonstrates a dancer’s ability to apply technique and skill. (Problem Solver - Adaptability and Flexibility; Empowered Individual - Self-Awareness, Self-Management)

Inquiry Questions:

1. How does maintaining a strong center support safe movement?

2. How does participating in dance class change your relationship to your body?

3. What can a dancer do to prepare the mind and body for artistic and physical expression?

4. How does a dancer make informed choices about their health and wellness that may be different from a non-dancer?

Dance

High School - Fundamental Pathway, Standard 1. Movement, Technique, and Performance

Prepared Graduates:

3. Participate in the dance performance process in a variety of roles.

Grade Level Expectation:

1. Develop production strategies that correlate with performance intention.
Evidence Outcomes

Students Can:

a. Create and apply personal goals to enhance performance strategies and practices.

b. Collaborate with peers on rehearsal processes.

c. Evaluate possible designs for the production elements of a performance and select and execute the ideas that would intensify and heighten the artistic intent of the dances.

d. Model performance etiquette and performance practices during class, rehearsal, and performance.

Academic Context and Connections

Colorado Essential Skills:

1. Successful performers use expressive, nonverbal cues to communicate. (Communicator - Interpersonal Communication; Community Member - Social Awareness, Civic Engagement, Global and Cultural Awareness; Empowered Individual - Self-Awareness, Self-Management, Self-Advocacy, and Initiative)

2. Exploring dance artists through online and live resources helps build understanding of effective performance. (Communicator - Media Literacy, Digital Literacy, Data Literacy; Problem Solver - Critical Thinking and Analysis, Creativity, and Innovation; Community Member - Social Awareness, Civic Engagement, Global and Cultural Awareness; Empowered Individual - Self-Management, Career Awareness)

3. The production of a dance performance requires the use of theatre technologies to provide a variety of presentation possibilities. (Communicator - Media Literacy, Digital Literacy, Data Literacy; Problem Solver - Critical Thinking and Analysis, Creativity and Innovation, Collaboration and Teamwork, Adaptability and Flexibility; Community Member - Social Awareness; Empowered Individual - Self-Awareness, Self-Management, Self-Advocacy and Initiative, Career Awareness)

4. In collaborative groups students can have focused conversations, set goals, and fulfill assigned roles. (Communicator - Media Literacy, Digital Literacy, Data Literacy; Problem Solver - Critical Thinking and Analysis, Creativity and Innovation, Collaboration and Teamwork, Adaptability and Flexibility; Community Member - Social Awareness; Empowered Individual - Self-Awareness, Self-Management, Self-Advocacy and Initiative, Career Awareness)

Inquiry Questions:

1. How does a dancer heighten artistry in performance?

2. How does a performer rehearse a dance?

3. How does dance performance influence interactions between a performer, production elements and the audience?

4. Why is an understanding of intent important in production processes?
Dance

High School - Fundamental Pathway, Standard 2. Create, Compose, and Choreograph

Prepared Graduates:
4. Explore and demonstrate various concepts through improvisational movement to communicate purposeful intent.

Grade Level Expectation:
1. Experiment with movement to explore personal preferences and possibilities through improvisation.

GLE Code: DA.H1.2.1

Evidence Outcomes

Students Can:

a. Investigate individual connections with movement.
b. Apply intermediate/advanced improvisational skills and techniques.
c. Evaluate personal preferences and possibilities for movement.
d. Adapt ideas to fit the needs of their group and community.

Academic Context and Connections

Colorado Essential Skills:
1. Dancers are aware of their kinesthetic and aesthetic likes and dislikes and can communicate them. (Communicator - Interpersonal Communication; Empowered Individual - Self Awareness, Self-Advocacy, and Initiative)
2. Through improvisation dancers can engage in novel approaches to movement, direction, ideas and/or perspectives. (Problem Solver - Critical Thinking and Analysis, Creativity and Innovation, Adaptability and Flexibility)
3. Through the improvisational process, dancers assess personal strengths and limitations with self-awareness. (Problem Solver - Critical Thinking and Analysis, Creativity and Innovation, Adaptability and Flexibility; Empowered Individual - Self-Awareness, Self-Advocacy, and Initiative)
4. Students can pose and respond to questions about and with improvisational movement. (Communicator - Interpersonal Communication; Problem Solver -, Creativity and Innovation, Collaboration and Teamwork, Adaptability and Flexibility; Community Member - Social Awareness)

Inquiry Questions:
1. Why is it important for me to explore movement through improvisation?
2. Why should dancers take risks to discover unexpected solutions?
3. What do you notice about this artwork that can inform how you will move?
4. What can you change about your movement experience to make your intent clearer?
Dance

High School - Fundamental Pathway, Standard 2. Create, Compose, and Choreograph

Prepared Graduates:
5. Use a creative process to construct a dance composition.

Grade Level Expectation:
1. Demonstrate creative processes both independently and with a group.

GLE Code: DA.H1.2.2

Evidence Outcomes

Students Can:

a. Refine choreography collaboratively or independently based on artistic criteria, self-reflection, and the feedback of others.
b. Analyze the process and the relationship between the stimuli and the movement.
c. Analyze and evaluate impact of choices made in the revision process.

Academic Context and Connections

Colorado Essential Skills:

1. Creative process in dance aligns with many of the processes used in other art forms. (Problem Solver - Critical Thinking and Analysis; Empowered Individual - Career Readiness)

5. When refining dances students can receive and discuss feedback to broaden perspectives and clarify intent. (Communicator - Interpersonal Communication; Problem Solver - Critical Thinking and Analysis; Community Member - Social Awareness)

Inquiry Questions:

1. How does a choreographer decide what movements to keep and what to revise in a dance?
2. How can we change intent by manipulating choreography?

Dance

High School - Fundamental Pathway, Standard 3. Historical and Cultural Context

Prepared Graduates:
6. Research, articulate and embody dance from various eras and cultures.
Grade Level Expectation:

1. Arrange, perform, and critique era and culturally specific movement sequences.

GLE Code: DA.H1.3.2

Evidence Outcomes

Students Can:

a. Discuss, embody, and describe dance technique and movement vocabulary specific to a culture.

b. Recognize one's own cultural, personal, and historical biases when analyzing dance from a culture different from one's own.

c. Identify commonalities and differences in dance technique and vocabulary across cultures.

d. Use era and culturally specific themes and movements in creating sequences.

Academic Context and Connections

Colorado Essential Skills:

1. The knowledge of different themes provides understanding of dance forms from cultures and eras. (Community Member - Social Awareness)

2. Students research dance by gathering information from print and digital sources, determining biases and credibility of sources, citing sources accurately and using evidence to draw conclusions. (Communicator - Media Literacy)

3. Embodying dance from other cultures allows individuals to apply skills that affect change, increase global awareness, and build empathy. (Community Member - Civic Engagement).

Inquiry Questions:

1. How does dance deepen our understanding of ourselves and the world around us?

2. How does learning about dance in other cultures and eras inform our experiences?

3. How do we research dances from various eras and cultures?

Dance

High School - Fundamental Pathway, Standard 3. Historical and Cultural Context

Prepared Graduates:

7. Investigate and synthesize how dance developed through the lens of the culture or era in which it originated.

Grade Level Expectation:

1. Research and differentiate cultural and historical dance forms and traditions.

GLE Code: DA.H1.3.1

Evidence Outcomes

Students Can:

a. Compare and contrast dance from different cultures across time.
b. Analyze cultural traditions and historical eras as represented through dance.

**Academic Context and Connections**

**Colorado Essential Skills:**

1. Exploring different dance forms and techniques gives insights to cultural traditions and purposes of dance. (Community Member - Social Awareness, Global and Cultural Awareness)

8. Critique, analyze, and reflect upon dance.

**Grade Level Expectation:**

1. Critique, respond to, reflect upon, and begin to analyze dance with awareness of vocabulary and technique.

**GLE Code: DA.H1.4.1**

**Evidence Outcomes**

**Students Can:**

a. Respond to dances using appropriate language of movement and technical terminology.

b. Reflect on personal connections to the dance.

c. Analyze the structure, technique and choreographic intent of the dance viewed.

**Academic Context and Connections**

**Colorado Essential Skills:**

1. The ability to articulate the value of diversity as it relates to music and dance movements, and technique can demonstrate community and cultural awareness. (Communicator: Interpersonal; Community Problem Solver: Critical Thinking and Analysis; Community Member: Cultural Awareness, Social Awareness)
2. The practice of responding to the work of others and being able to critique one’s own work helps us to develop our own value set. (Empowered Individual: Self-Awareness, Self-Management)
3. The connection of interdisciplinary concepts to dance can enhance understanding of movement or choreographic intent. (Communicator: Data Literacy; Problem Solver: Critical Thinking and Analysis)

Inquiry Questions:
1. Why might dance evoke an emotional response in a viewer?
2. Why is a personal interpretation of the creative process valuable?
3. How is dance understood from the perspective of a performer, critic, historian, anthropologist, choreographer, or audience member?
4. How does writing a critique clarify one’s individual preferences and biases?

High School - Fundamental Pathway, Standard 4. Reflect, Connect, and Respond
Prepared Graduates:
9. Analyze and demonstrate the various roles and contributions of dance within a community

Grade Level Expectation:
1. Demonstrate the connections between other art forms, school subjects, professions, and community roles with dance.

GLE Code: DA.H1.4.2

Evidence Outcomes

Students Can:
a. Integrate the use of school subjects such as music, visual art, language arts, math, science, and others and in dance.
b. Investigate career opportunities integrating dance with the surrounding communities.
c. Articulate connections between dance and their social activities and communities.

Academic Context and Connections

Colorado Essential Skills:
1. Reactions to other disciplines can provide ways to use dance to inspire or change the world. (Community Member: Civic Engagement)
2. Describing similarities between dance and the sciences or humanities sparks awareness of the interdisciplinary connections to dance. (Problem Solver: Critical Thinking and Analysis; Empowered Individual: Career Awareness)
3. Analysis of different subjects can be used to compare and contrast ideas. (Problem Solver: Critical Thinking and Analysis)

Inquiry Questions:
1. How can technique in one dance style improve with the study of multiple dance styles?
2. How does musical choice impact movement quality?
3. How does a performer who dances with artistic interpretation and projection differ from one who exhibits only technical proficiency?

Dance
High School - Extended Pathway, Standard 1. Movement, Technique, and Performance

Prepared Graduates:
2. Apply kinesthetic awareness to develop lifelong and safe movement practices, fitness, and mind/body wellness.

Grade Level Expectation:
1. Apply and evaluate kinesthetic awareness to create healthful practices in dance.

GLE Code: DA.H2.1.2

Evidence Outcomes

Students Can:

a. Research healthful strategies essential for dancers and modify personal practice based on findings.
b. Investigate how kinesthetic principles and various body systems, such as muscles and bones, relate to the dancing body.
c. Maintain optimal alignment and adjust the placement and shifting energy of the body while traveling through space.
d. Develop personal conditioning practices, using different body conditioning techniques, that improve range of motion, muscular flexibility, strength, and endurance to enhance performance.
e. Apply body-mind principles to technical dance skills in complex movement.

Academic Context and Connections

Colorado Essential Skills:
1. Students will develop long term technical development and perseverance through training and in-depth studying of the human body. (Empowered Individual - Perseverance and Resilience)
2. Self-correcting during the learning process demonstrates a dancer’s ability to apply technique and skill. (Problem Solver - Adaptability and Flexibility; Empowered Individual: Self-Awareness, Self-Management)
Students will use research methods and resources to further understand the anatomy and kinesiology of the body (Problem Solver - Critical Thinking and Analysis; Communicator - Data and Media Literacy)

Inquiry Questions:
1. How can dancers integrate anatomical knowledge to continue lifelong movement practices without injury?
2. How can mind-body techniques develop the body as an instrument for artistry and artistic expression?

Dance
High School - Extended Pathway, Standard 1. Movement, Technique, and Performance

Prepared Graduates:
3. Participate in the dance performance process in a variety of roles

Grade Level Expectation:
1. Create and implement production strategies that correlate with performance intention.

GLE Code: DA.H2.1.3

Evidence Outcomes

Students Can:
a. Analyze and re-evaluate personal goals to enhance performance strategies and practices.
b. Create designs for the production of a performance while selecting and executing the ideas that would intensify and heighten the intent of the dances.
c. Demonstrate leadership qualities (for example commitment, dependability, responsibility, and cooperation) when preparing for performances.
d. Model performance etiquette and performance practices during class, rehearsal, and performance.

Academic Context and Connections

Colorado Essential Skills:
2. Dance professionals must work collaboratively to develop a detailed schedule for creating and implementing a project to ensure its timely and quality completion. (Problem Solver - Collaboration and Teamwork)
3. During productions dance professionals use communication skills and knowledge of technical theatre to bring a production to fruition. (Communicator - Interpersonal Communication, Community Member - Social Awareness)
Inquiry Questions:
1. How do production teams collaborate to make a cohesive performance?
2. How do people in a variety of production roles prepare for a dance performance?

Dance
High School - Extended Pathway, Standard 2. Create, Compose, and Choreograph

Prepared Graduates:
4. Explore and demonstrate various concepts through improvisational movement to communicate purposeful intent

Grade Level Expectation:
1. Apply and analyze movement to explore personal preferences and possibilities through improvisation.

GLE Code: DA.H2.2.1

Evidence Outcomes

Students Can:
a. Use improvisation tools to develop new pathways to creating and communicating.
b. Apply advanced improvisational skills and techniques.
c. Evaluate and refine personal preferences and possibilities for movement.
d. Adapt ideas to fit the needs of their group and community.

Academic Context and Connections

Colorado Essential Skills:
1. Dancers are aware of their kinesthetic and aesthetic likes and dislikes and can communicate them. (Communicator: Interpersonal Communication) (Empowered Individual: Self Awareness, Self-Advocacy, and Initiative)
2. Through improvisation dancers can engage in novel approaches to movement, direction, ideas and/or perspectives. (Problem Solver: Critical Thinking and Analysis, Creativity and Innovation, Adaptability and Flexibility)
3. Through the improvisational process, dancers assess personal strengths and limitations with self-awareness. (Problem Solver: Critical Thinking and Analysis, Creativity and Innovation, Adaptability and Flexibility) (Empowered Individual: Self-Awareness, Self-Advocacy, and Initiative)
4. Students can pose and respond to questions about and with improvisational movement. (Communicator: Interpersonal Communication) (Problem Solver, Creativity and Innovation, Collaboration and Teamwork, Adaptability and Flexibility) (Community Member: Social Awareness)

Inquiry Questions:
1. How do my personal movement preferences and strengths inform my improvisation choices? What could you do to challenge and expand those choices?
2. How would you explain the meaning of an abstract movement to a non-dancer?
3. Why is it important to expand my movement vocabulary through improvisation?

Dance

High School - Extended Pathway, Standard 2. Create, Compose, and Choreograph

Prepared Graduates:

5. Use a creative process to construct a dance composition.

Grade Level Expectation:

1. Demonstrate fluency in creative processes both independently and with a group.

GLE Code: DA.H2.2.2

Evidence Outcomes

Students Can:

a. Refine and transform choreography collaboratively or independently based on artistic criteria, self-reflection, and the feedback of others.

b. Develop creative process strategies that consider complex relationships of movement components and/or diverse choreographic sources for a dance composition.

c. Analyze, evaluate, and synthesize the impact of choices made during the revision process to deepen the intention of the choreography.

Academic Context and Connections

Colorado Essential Skills:

1. Creative process in dance aligns with many of the processes used in other art forms. (Problem Solver: Critical Thinking and Analysis) (Empowered Individual: Career Readiness)

2. Dancers can use technology to highlight and refine a dance. (Communicator: Digital Literacy)

3. The use of dance technique, vocabulary, and creative processes gives a choreographer many options when creating dances. (Problem Solver: Creativity and Innovation) (Empowered Individual: Self-Awareness)

4. In collaborative groups students can have focused conversations, set goals, and fulfill assigned roles. (Communicator: Interpersonal Communication) (Problem Solver: Adaptability and Flexibility)

5. When refining dances students can receive and discuss feedback to broaden perspectives and clarify intent. (Communicator: Interpersonal Communication) (Problem Solver: Critical Thinking and Analysis) (Community Member: Social Awareness)

Inquiry Questions:

1. How does one use intent to create and develop a dance work?

2. How does the revision process affect a piece of choreography?
Dance

High School - Extended Pathway, Standard 3. Historical and Cultural Context

Prepared Graduates:
6. Research, articulate and embody dance from various eras and cultures.

Grade Level Expectation:
1. Compose, perform, and critique dance works that are era or culturally specific.

GLE Code: DA.H2.3.2

Evidence Outcomes

Students Can:

a. Discuss, embody, and describe dance technique and movement vocabulary specific to a culture.
b. Recognize one's own cultural, personal, and historical biases when analyzing dance from a culture different from one's own.
c. Identify commonalities and differences in dance technique and vocabulary across cultures.
d. Create a dance using historically and culturally specific movements.

Academic Context and Connections

Colorado Essential Skills:
1. Knowledge of dance from different cultures and eras contributes to an understanding of history. (Community Member - Global and Cultural Awareness)
2. Embodying dance from other cultures allows individuals to apply skills that affect change, increase global awareness, and build empathy. (Community Member - Civic Engagement).
