Fall Fun!

Dear Parent,
We are learning to pay attention to details when we read. I hope you enjoy this activity with your child. This assignment is due _____. Thank you!

LET'S DO THIS

1. Talk with your child:

I know that in school you are learning to pay attention to details.
Sometimes we use our imaginations and give things crazy colors.
Sometimes we show how things look in real life.

For example, here is a dog.

2. Ask your child:
Color the dog using your imagination.

3. Now, ask your child:
Color the dog true to life.

We can label the important parts of the dog.

LET'S FIND OUT

1. Ask your child: It is fall. Think of 5 things that we see in the fall.
For example, one thing we see is a pumpkin.
2. Ask your child: On the back of this page, draw 3 of the fall objects
that we talked about.
Do not tell me which objects you are drawing.
Color the objects true to nature—true to life.

Three Fall Objects

<div style="border: 1px solid black; width: 30px; height: 30px; margin: 0 auto; display: flex; align-items: center; justify-content: center;">A</div>	<div style="border: 1px solid black; width: 30px; height: 30px; margin: 0 auto; display: flex; align-items: center; justify-content: center;">B</div>
<div style="border: 1px solid black; width: 30px; height: 30px; margin: 0 auto; display: flex; align-items: center; justify-content: center;">C</div>	

3. Guessing Game

Ask your child: Describe the details in one of the pictures.

I will try to guess which fall object you are describing.

Now, YOU describe the details in one of the pictures and see if your child can guess which fall object you are describing.

With your child, label 3 parts of one picture. Point to each word as you read the labels with your child.
